SECTION 2. Term & Termination.

(a) Effective Date. This Power Sales Contract shall become effective upon the last date of execution and delivery of all Power Sales Contracts by all Project Participants originally listed in the Schedule of Project Participants and by FMPA (the "Effective Date") and shall, unless this Power Sales Contract is terminated early pursuant hereto, continue until the expiration or earlier termination of the Solar Project PPA. Unless a Project Participant terminates this Agreement pursuant to Section 19(a) by paying all stranded cost obligations, neither termination nor expiration of this Power Sales Contract shall affect any accrued liability or obligation hereunder. Notwithstanding the foregoing, in the event it is ultimately determined that any other Project Participant failed to duly and validly execute and deliver its Power Sales Contract, or if any other Power Sales Contract, or any portion thereof, shall be deemed invalid or unenforceable for any other reason whatsoever, such determination shall in no way affect the commencement, term or enforceability of this Power Sales Contract or the Project Participant's obligations hereunder.

(b) Early Termination. Project Participant may terminate this Power Sales Contract pursuant to SECTION 19 of this Power Sales Contract.

SECTION 3. Sale and Purchase.

Commencing on the Initial Energy Delivery Date of the Solar Facility, FMPA shall purchase from Seller in accordance with the terms and conditions of the Solar Project PPA, and FMPA agrees to and does sell, and the Project Participant agrees to and does hereby purchase, the Project Participant's Solar Entitlement Share. The Project Participant shall, in accordance with and subject to the provisions of SECTION 5 hereof, pay FMPA (i) for its Solar Entitlement Share, an amount determined by multiplying Monthly Energy Costs by the Project Participant's Solar Entitlement Share, and (ii) for its share of monthly Project Related Costs, an amount determined by multiplying the Project Related Costs for such Month by Project Participant's Solar Entitlement Share. FMPA shall provide documentation evidencing the conveyance of the Renewable Attributes associated with the Solar Product to Project Participant in a form acceptable to FMPA and Project Participant.

SECTION 4. Project Budget.

(a) In accordance with the FMPA Board of Directors' annual schedule for budget development, the Solar Project Committee shall develop and approve a budget for the Solar Project and submit the same to the FMPA Board of Directors for approval. As part of the budget process, the Solar Project Committee will review Project Related Costs, including the Allocable A&G and the Working Capital Allowance, to ensure the appropriate amount of resources are allocated the Solar Project.

(b) On or before August 1, 2019, and on or before August 1 prior to the beginning of each Contract Year thereafter, the Board of FMPA shall review the proposed Solar Project budget submitted by the Solar Project Committee, and shall adopt and submit to the Project Participant an Annual Budget for the following Contract Year which shall provide an estimate of the Project Participant's monthly payments hereunder and serve as a basis for Project Participants' payments hereunder for Monthly Energy Costs and Project Related Costs for such Contract Year.

(c) During each Contract Year, the Solar Project Committee or Board may review its Annual Budget for the remainder of the Contract Year at any time as it shall deem desirable. In the event such or any other review indicates that such Annual Budget will not substantially correspond with actual Monthly Energy Costs, or actual Project Related Costs, or if at any time during such Contract Year there are or are expected to be extraordinary receipts, credits or costs substantially affecting the Monthly Energy Costs, or Project Related Costs, the Solar Project Committee shall recommend and the Board of FMPA shall adopt and submit to each Project Participant an amended Annual Budget applicable to the remainder of such Contract Year which shall provide an estimate of the Project Participant's monthly payments hereunder for

the remainder of such Contract Year and serve as the basis for the Project Participant's monthly payments for Monthly Energy Costs and Project Related Costs hereunder for the remainder of such Contract Year.

SECTION 5. Billing, Payment, Disputed Amounts.

(a) On or before the 10th day of each Month beginning with the second Month of the first Contract Year following the Effective Date, FMPA shall render to the Project Participant a monthly statement showing, in each case with respect to the prior Month, the amounts payable by Project Participant in respect of the following (i) the Monthly Energy Costs; (ii) the Project Related Costs; and (iii) any amount, if any, to be credited to or paid by the Project Participant pursuant to the terms of this Power Sales Contract.

(b) Monthly payments required to be paid to FMPA pursuant to this SECTION 5SECTION 4 shall be due and payable to FMPA on the 25th day of the Month in which the monthly statement was rendered. The Project Participant shall make payment to FMPA by the transfer of funds from the Project Participant's bank account, using an ACH Push or domestic Wire Transfer, through instructions to be provided by FMPA to the Project Participant.

(c) If payment in full is not made on or before the close of business on the due date, a delayed payment charge on the unpaid amount due for each day overdue will be imposed at a rate equal to the annual percentage prime rate of interest plus 5%, or the maximum rate lawfully payable by the Project Participant, whichever is less. If said due date is Saturday, Sunday or a holiday, the next following business day shall be the last day on which payment may be made without the addition of the delayed payment charge.

(d) In the event of any dispute that is known by Project Participant, or should have reasonably been known, as to any portion of any monthly statement, the Project Participant shall nevertheless pay the full amount of such disputed charges when due and shall give written notice of such dispute to FMPA not later than the date such payment is due. Such notice shall identify the disputed bill, state the amount in dispute and set forth a full statement of the grounds on which such dispute is based. No adjustment shall be considered or made for disputed charges unless notice is given as aforesaid. FMPA shall give consideration to such dispute and shall advise the Project Participant with regard to its position relative thereto within thirty (30) days following receipt of such written notice. Upon final determination (whether by agreement, adjudication or otherwise) of the correct amount, any difference between such correct amount and such full amount shall be properly reflected in the statement next submitted to the Project Participant after such determination. If it is determined that the disputed amount is in the favor of the Participant, to the extent that FMPA earned any interest on the amount withheld, then interest actually earned shall be applied to the overpaid amount.

(e) The obligation of the Project Participant to make the payments under this SECTION 5 shall constitute an obligation of the Project Participant payable as an operating expense of the Project Participant's electric utility system solely from the revenues and other available funds of the electric utility system. The obligation of the Project Participant to make payments under this Power Sales Contract shall not be subject to any reduction, whether by offset, counterclaim, or otherwise, and shall not be otherwise conditioned upon performance of FMPA or Seller under the Solar Project PPA or the performance by FMPA under this or any other agreement or instrument or the validity or enforceability of any other Power Sales Contract or any other agreement between FMPA and any other Project Participant; provided, however, that the Monthly Energy Costs payable by Project Participant shall reflect the quantity of Solar Product made available by the Seller at the Point of Delivery, and payable by FMPA under the Solar Project PPA, during that month. The obligation of the Project Participant to make payments under this SECTION 5SECTION 4 shall not constitute a debt of the Project Participant within the meaning of any constitutional or statutory provision or limitation or a general obligation of or pledge of the full faith and credit of the Project Participant, and neither the Project Participant nor the State of Florida or any agency or political subdivision thereof shall ever be obligated or compelled to levy ad valorem taxes to make the revenues

provided for in this SECTION 5, and the obligation of the Project Participant to make payments pursuant to this SECTION 5 shall not give rise to or constitute a lien upon any property of the Project Participant or any property located within its boundaries or service area.

SECTION 6. Scheduling of Deliveries; Transmission.

(a) FMPPA shall cause Seller, or Seller's agent, to schedule and deliver FMPPA's Energy Share to the Point(s) of Delivery in accordance with standard scheduling and dispatching procedures. Unless otherwise agreed to in writing by FMPPA and Project Participant, Project Participant shall be responsible for scheduling the delivery of its Solar Entitlement Share of Electric Energy, as well as the associated transmission service, from the Point(s) of Delivery to Project Participant's electric system. Upon request, FMPPA, or its agent, shall provide such Project Participant with the Seller's daily forecasted output of the Solar Facility as provided by Seller pursuant to the Solar Project PPA. FMPPA, or its agent, shall maintain communication with the Project Participant regarding Solar Facility forecasts and real-time output in order to enable Project Participant to modify its transmission schedules with its transmission service provider to align with the Solar Facility's actual output.

(b) Project Participant shall be responsible for securing transmission service necessary to deliver the Solar Energy from the Point of Delivery to Project Participant's electric system. To the extent this transmission service requires upgrades to Project Participant's transmission service provider's transmission system, Project Participant shall be responsible for ensuring all upgrades are complete and Project Participant is able to receive its Solar Entitlement Share prior to the Initial Energy Delivery Date, as defined in the Solar PPA, or otherwise arrange for alternative transmission arrangement for, or disposal of, its Solar Entitlement Share until such time as Project Participant can receive it. Project Participant shall be responsible for enforcing its rights under its transmission service agreement(s) and its transmission service provider's OATT regarding the transmission service provider's obligation to make such upgrades.

(c) All of the provisions of this SECTION 6 are subject to the provisions of the Solar Project PPA, and in the event of any inconsistencies between this SECTION 6 and the provisions of the Solar Project PPA governing scheduling, the terms of the Solar Project PPA shall govern.

SECTION 7. Solar Project PPA Early Termination and Term Extension, other Solar Project PPA Business Matters, and Solar Project Committee

(a) The Solar PPA includes several provisions that allow the Solar Project to exercise discretion regarding whether to extend the Term of the Solar PPA or to continue the existing Term of the Solar PPA despite a triggering event under the terms of the Solar PPA that permit early termination (hereinafter referred to as "Discretionary Term Decisions"). Such Discretionary Term Decisions may include, for example but without limitation, options for early termination of the Solar PPA if certain conditions precedent are not met, options for early termination where Network Upgrade Costs that exceed the threshold provided for under the Solar PPA, and for extension of the Term of the Solar PPA beyond the Initial Term. Project Participant and all other Project Participants will each designate a representative to serve on the Solar Project Committee. The Committee will meet in advance of any Discretionary Term Decisions provided for under the Solar PPA, and as FMPPA or any Project Participant may request, with 30 day advance Notice (or less if the matter at hand so requires). The Solar Project Committee shall meet not less than 180 days prior to the expiration of the Initial Term, or a Renewal Term, if any, to decide whether to extend the Term of the Solar PPA. In making any Discretionary Term Decision, the Solar Project Committee will vote on the matter. If the Solar Project Committee unanimously decides to exercise a Discretionary Term Decision, then such unanimous consent shall be presented to the FMPPA Board of Directors as a recommendation for action on the matter. If one or more Solar Project Participants do not wish to exercise a Discretionary Term Decision, then the other Solar Project Participants may elect to assume the Solar Entitlement Share of those Project Participant(s) that do not wish to exercise the

Discretionary Term Decision. In such event, the non-exercising Project Participant(s)' Solar Project Power Sales Contract shall be terminated, and the Power Sales Contract of the assuming Project Participant(s)' shall be amended to reflect the revised Solar Entitlement Shares. In the event that the Project Participant(s) that wish to exercise the Discretionary Term Decision cannot agree to assume 100% of the terminating Project Participant(s)' Solar Entitlement Share, then the Discretionary Term Decision shall not be exercised.

(b) All other, non-Discretionary Term Decisions made by the Solar Project Committee shall be by a simple majority, with each Project Participant having one equally-weighted vote on Solar Project matters. After formation of the Solar Project, each Project Participant shall designate a representative to serve on the Solar Project Committee. The Solar Project Committee shall develop a Solar Project Committee Charter for review and approval of the Board of Directors.

(c) Pursuant to the Solar Project PPA, Seller is required, at its sole expense, to interconnect the Solar Facility to the transmission system at the Point of Delivery, as defined in the Solar Project PPA. To the extent that Network Upgrades are necessary in order to obtain Network Resource Interconnection Service for the Solar Facility from the Transmission Service Provider, the Solar Project may be required to fund such Network Upgrades. Such funding entitles the Solar Project to reimbursement from the Transmission Service Provider in the form of transmission credits for service related to the Solar Facility. In the event that the Transmission Service Provider's required transmission system studies identify Network Upgrades, the Solar Project Committee shall meet to determine, consistent with the terms of the Solar PPA, whether to fund such Network Upgrades, how to fund the Network Upgrades, and how to appropriately apply the credits that the Solar Project will receive from the Transmission Service Provider in order to reimburse funds used for the Network Upgrades. This funding plan will be submitted to the FMPPA Board of Directors for approval. In the event that the Solar Project Committee elects to fund such Network Upgrades, as approved by the Board of Directors, the costs associated with such funding shall be included in the Project Related Costs billable to the Project Participants. In the event that one or more Project Participants do not desire to fund Network Upgrades in excess of the threshold provided for in the Solar PPA, then the step-up option and termination rights provided for in SECTION 7(a) shall apply. To the extent a Project Participant funds Network Upgrades and assigns to FMPPA the Project Participant's right to receive a refund from the Transmission Provider, FMPPA shall refund such Project Participant the value of the refund credits as they are received by FMPPA from its transmission provider.

SECTION 8. Availability of Entitlement Shares.

Except as provided otherwise by this Power Sales Contract, and subject to the provisions of the Solar Project PPA, the Project Participant's Solar Entitlement Share shall be made available by FMPPA in accordance with this Power Sales Contract during the term of this Power Sales Contract; provided, however, that, regardless of the amount of Solar Product actually delivered in any given month, Project Participant shall be obligated to make its payments under SECTION 5 hereof all for non-energy related Project Related Costs.

SECTION 9. Accounting.

(a) FMPPA agrees to keep accurate records and accounts relating to the Solar Project and relating to Monthly Energy Costs, and Project Related Costs, in accordance with the Uniform System of Accounts, separate and distinct from its other records and accounts. Said accounts shall be audited annually, which audit may be conducted as part of and in connection with the normal year-end audit of FMPPA, by a firm of certified public accountants, experienced in public finance and electric utility accounting and of national reputation, to be employed by FMPPA. A copy of each annual audit, including all written comments and recommendations of such accountants, shall be furnished by FMPPA to the Project Participant not later than 120 days after the end of each Contract Year.

(b) The Project Participant shall supply to FMPA upon request a copy of the Project Participant's annual financial audit. Project Participant shall notify FMPA in writing immediately upon becoming aware of any event that may negatively affect the Project Participant's credit rating or cause a Downgrade Event, as defined in the Solar Project PPA.

SECTION 10. Information to be Made Available.

(a) Based, in each case, upon the data most recently available to FMPA pursuant to the Solar Project PPA, at intervals requested by Project Participant, FMPA will prepare and issue to the Project Participant the following reports:

- (1) status of the Solar Project annual budget,
- (2) status of construction of the Solar Facility during construction, as received from Seller, and
- (3) operating statistics relating to Solar Project, as received from Seller

(b) Upon request, FMPA shall furnish or otherwise make available to the Project Participant all other information which FMPA receives from Seller pursuant to the Solar Project PPA.

(c) FMPA shall promptly provide Project Participant copies of any notices made or received by FMPA pursuant to the Solar Project PPA.

(d) Project Participant shall, upon request, furnish to FMPA all such information as is reasonably required by FMPA to carry out its obligations under this Power Sales Contract and the Solar Project PPA. As the Solar Project is obligated to demonstrate creditworthiness as a requirement of the Solar Project PPA and report to Seller any Downgrade Event, Project Participants will cooperate with FMPA and will promptly notify FMPA of any event experienced by Project Participant that may cause or contribute to a Downgrade Event.

SECTION 11. Covenants.

(a) Project Participant Covenants. Project Participant agrees (1) to maintain its electric utility system in good repair and operating condition; (2) to cooperate with FMPA in the performance of the respective obligations of such Project Participant and FMPA under this Power Sales Contract; (3) to establish, levy and collect rents, rates and other charges for the products and services provided by its electric utility system, which rents, rates, and other charges shall be at least sufficient (i) to meet the operation and maintenance expenses of such electric utility system, (ii) to comply with all covenants pertaining thereto contained in, and all other provisions of, any resolution, trust indenture, or other security agreement relating to any bonds or other evidences of indebtedness issued or to be issued by the Project Participant, (iii) to generate funds sufficient to fulfill the terms of all other contracts and agreements made by the Project Participant, including, without limitation, this Power Sales Contract, and (iv) to pay all other amounts payable from or constituting a lien or charge on the revenues of its electric utility system; and (4) take such action and execute and deliver all documents and information reasonably necessary to enable FMPA to perform its obligations under the Solar Project PPA.

Project Participant agrees that any power purchase agreement entered into by Project Participant after the Effective Date of this Power Sales Contract, including, without limitation, any full-requirements power supply agreement, with any third party shall permit Project Participant to purchase and receive Solar Product pursuant to this Power Sales Contract.

(b) FMPA Covenants. FMPA covenants that it shall administer and enforce against the Seller the terms and conditions of the Solar PPA, including complying with any covenants required therein, as advised by the Solar Project Committee and directed by the FMPA Board of Directors.

SECTION 12. Event of Default – Project Participant.

(a) Failure of the Project Participant to make to FMPA when due any of the payments for which provision is made in this Power Sales Contract shall constitute an immediate default on the part of the Project Participant.

(b) Continuing Obligation, Right to Discontinue Service. In the event of any default referred to in this SECTION 12 hereof, the Project Participant shall not be relieved of its liability for payment of the amounts in default, plus reasonable attorney's fees and costs, and FMPA shall have the right to recover from the Project Participant any amount in default. In enforcement of any such right of recovery, FMPA may bring any suit, action, or proceeding in law or in equity, including mandamus, injunction, specific performance, declaratory judgment, or any combination thereof, as may be necessary or appropriate to enforce any covenant, agreement or obligation to make any payment for which provision is made in this Power Sales Contract against the Project Participant, and FMPA shall, upon ten (10) days written notice to the Project Participant, cease and discontinue, either permanently or on a temporary basis, providing all or any portion of the Project Participant's Solar Entitlement Share, at the discretion of the Solar Project Committee.

(c) Transfer of Solar Entitlement Shares Following Default. In the event of a default by any Project Participant and permanent discontinuance of service pursuant to this SECTION 12 of such Project Participant's Power Sales Contract, FMPA is hereby appointed the agent of such Project Participant for the purpose of disposing of such Project Participant's Solar Entitlement Share and as such agent, FMPA shall proceed to dispose of such defaulting Project Participant's Solar Entitlement Share as follows:

(1) FMPA shall first offer to transfer to all other non-defaulting Project Participants a pro rata portion of the defaulting Project Participant's Solar Entitlement Share which shall have been discontinued by reason of such default. Any part of such Solar Entitlement Share of a defaulting Project Participant which shall be declined by any non-defaulting Project Participant shall be reoffered pro rata to the non-defaulting Project Participants which have accepted in full the first such offer; such reoffering shall be repeated until such defaulting Project Participant's Solar Entitlement Share has been reallocated in full or until all non-defaulting Project Participants have declined to take any portion or additional portion of such defaulting Project Participant's Solar Entitlement Share.

(2) In the event less than all of a defaulting Project Participant's Solar Entitlement Share shall be accepted by the other non-defaulting Project Participants pursuant to clause (1), FMPA shall, to the extent permitted by law, use commercially reasonable efforts to sell the remaining portion of a defaulting Project Participant's Solar Entitlement Share for the remaining term of such defaulting Project Participant's Power Sales Contract with FMPA. The agreement for such sale shall contain such terms and conditions, including provisions for discontinuance of service upon default, and as are otherwise acceptable to the Solar Project Committee.

(3) Any portion of the Solar Entitlement Share of a defaulting Project Participant transferred pursuant to SECTION 12(c)(1) to a non-defaulting Project Participant shall become a part of and shall be added to the Solar Entitlement Share of such Project Participant(s), and each such Project Participant(s) shall be obligated to pay for its Solar Entitlement Share increased as aforesaid, as if the Solar Entitlement Share of such Project Participant(s), increased as aforesaid, had been stated originally as the Solar Entitlement Share of such Project Participant(s) in its Power Sales Contract with FMPA; provided, however, that the Project Participant assuming the defaulting Project Participant's Power Entitlement share shall not be liable for, and the defaulting Project Participant shall remain liable for, any amounts owed by the defaulting Project Participant prior to the assignment and assumption of the defaulting Project Participant's Power Entitlement Share.

(4) The defaulting Project Participant shall remain liable for all payments to be made on its part pursuant to the Power Sales Contract, except that the obligation of the defaulting Project Participant to pay FMPPA shall be reduced to the extent that payments shall be received by FMPPA, net of any administrative and reasonable attorney's fees and costs incurred by FMPPA that is caused by the default, for that portion of the defaulting Project Participant's Solar Entitlement Share which may be transferred or sold or for the Solar Product associated therewith which may be sold as provided in clauses (1), (2), or (3) of this SECTION 12. Notwithstanding the foregoing, to the extent a defaulting Project Participant has failed to pay its Solar Project invoice, in order to prevent FMPPA from defaulting under the Solar PPA, the non-defaulting Project Participants' monthly Solar Project invoices shall be increased on a pro rata basis, based on such Project Participants Solar Entitlement Shares, unless and until FMPPA shall recover from the defaulting Project Participants amounts owed, upon which FMPPA shall reimburse the non-defaulting Project Participants.

(d) Other Default by Project Participant. In the event of any default by the Project Participant under any other covenant, agreement or obligation of this Power Sales Contract which has not been cured within thirty (30) days after receipt of notice by FMPPA, FMPPA may bring any suit, action, or proceeding in law or in equity, including mandamus, injunction, specific performance, declaratory judgment, or any combination thereof, as may be necessary or appropriate to enforce any covenant, agreement or obligation of this Power Sales Contract against the Project Participant. Such remedies shall be in addition to all other remedies provided for herein.

SECTION 13. Default by FMPPA.

In the event of any default by FMPPA under any other covenant, agreement or obligation of this Power Sales Contract, Project Participant may bring any suit, action, or proceeding in law or in equity, including mandamus, injunction, specific performance, declaratory judgment, or any combination thereof, as may be necessary or appropriate to enforce any covenant, agreement or obligation of this Power Sales Contract against FMPPA. Such remedies shall be in addition to all other remedies provided for herein.

SECTION 14. Abandonment of Remedy.

In case any proceeding taken on account of any default shall have been discontinued or abandoned for any reason, the parties to such proceedings shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of FMPPA and the Project Participant shall continue as though no such proceedings had been taken.

SECTION 15. Waiver of Default.

Any waiver at any time by either FMPPA or the Project Participant of its rights with respect to any default of the other party hereto, or with respect to any other matter arising in connection with this Power Sales Contract, shall not be a waiver with respect to any subsequent default, right or matter.

SECTION 16. Relationship to and Compliance with Other Instruments.

(a) The performance of FMPPA under this Power Sales Contract is made subject to the terms and provisions of the Solar Project PPA.

(b) FMPPA covenants and agrees to use its commercially reasonable best efforts for the benefit of the Project Participant to comply in all material respects with all terms, conditions and covenants of the Solar Project PPA.

SECTION 17. Measurement of Electric Energy.

FMPPA will or will cause Seller to install, maintain, and operate the metering equipment, required to measure the quantities of Electric Energy produced and delivered from the Solar Facility in accordance

with the Solar Project PPA. Each meter used pursuant to this SECTION 17 shall be tested and calibrated in accordance with the Solar Project PPA.

SECTION 18. Liability of Parties.

Any liability which is incurred by FMPPA pursuant to the Solar Project PPA and not covered, or not covered sufficiently, by insurance shall be paid solely from the revenues of FMPPA derived from the Solar Project, and any payments made by FMPPA, or which FMPPA is obligated to make, to satisfy such liability shall become part of Monthly Energy Costs, as required in order to satisfy the obligation of FMPPA to make such payments as provided in the Solar Project PPA.

SECTION 19. Assignment or Sale of Project Participant's Solar Entitlement Share.

(a) Project Participant may terminate this Power Sales Contract upon 90 days advance written notice to FMPPA and provided that Project Participant pay, prior to the termination date, the amounts set forth in this SECTION 19(a). Prior to the termination date, Project Participant shall pay to FMPPA all stranded cost obligations, as determined by FMPPA, to hold the other, non-terminating, Project Participants harmless from the costs associated with Project Participant's termination. For purposes of this SECTION 19(a), stranded cost obligations are defined as an estimate of the solar energy costs that FMPPA will pay for the terminating Project Participant's Solar Entitlement Share during each remaining month of the remaining Initial Term of the Solar PPA based on a forecast of expected solar production. The forecast of expected solar production is defined as a P50 (probability of exceedance is 50 percent) production estimate under typical meteorological year conditions using an industry standard modeling tool (PV System or its successor/peer products) reflective of a degradation rate of 0.3% per year relative to the original nominal alternating current capacity of the solar resource in the current year (prorated over a partial year as applicable) and each subsequent remaining year of the Solar PPA Initial Term. Upon such payment and termination, Project Participant shall have no further obligation to the Solar Project or other Project Participants under this Power Sales Contract. The terminating Project Participant's Solar Entitlement Share shall be allocated to the remaining Project Participants on a pro rata basis based on their Solar Entitlement Shares.

(b) Project Participant may assign this Power Sales Contract to another Project Participant or another FMPPA member, provided that such assignee agrees to fully assume, and fully accept all terms and conditions of, this Power Sales Contract for the Term hereof. If assigned to a FMPPA member that is not a Project Participant, such assuming FMPPA member shall become a Project Participant upon its assumption of the Power Sales Contract. Upon such assignment and assumption, this Power Sales Contract shall terminate, and Project Participant shall have no further obligation to the Solar Project or other Project Participants under this Power Sales Contract.

(c) In the event the Project Participant shall determine that all or any amount of the Solar Product which can be produced from the Project Participant's Solar Entitlement Share are in excess of the requirements of the Project Participant, or Project Participant no longer desires to purchase and receive its Solar Entitlement Share, at the written request of the Project Participant, FMPPA shall use commercially reasonable efforts to sell and transfer on behalf of such Project Participant for any period of time all or any part of such excess Solar Product to such other Project Participant or Participants as shall agree to take such Solar Product at such prices as may be agreed to, provided, however, that in the event the other Project Participants do not agree to take the entire amount of such excess, FMPPA shall have the right, to the extent permitted by law, to dispose of such excess to other utilities. If all or any portion of such excess of the Project Participant's Solar Entitlement Share is sold pursuant to this SECTION 19(c), then the Project Participant's Solar Entitlement Share shall not be reduced, and the Project Participant shall remain liable to FMPPA to pay the full amount due as if such sale had not been made; except that such liability shall be discharged to the extent that FMPPA shall receive payment for such excess from the purchaser or purchasers

thereof and that any amounts received by FMPA as payment for such excess which is greater than the liability owed by the Project Participant to FMPA in respect of such excess shall be promptly paid or credited by FMPA to the Project Participant.

SECTION 20. Consent to Assignment of Power Sales Contract, Sale of Project Participant's System.

(a) This Power Sales Contract shall inure to the benefit of and shall be binding upon the respective successors and assigns of the parties to this Power Sales Contract; provided, however, that, except as provided in (1) SECTION 12 hereof in the event of a default; (2) SECTION 19(a), and (3) SECTION 20(b), neither this Power Sales Contract nor any interest herein shall be transferred or assigned by either party hereto except with the consent in writing of the other party hereto, which consent shall not be unreasonably withheld. The Solar Project Committee shall make a recommendation on any assignment of a Power Sales Contract hereunder to the FMPA Board of Directors for their action.

(b) Project Participant agrees that it will not sell, lease, abandon or otherwise dispose of all or substantially all of its electric utility system except upon ninety (90) days prior written notice to FMPA and, in any event, will not sell, lease, abandon or otherwise dispose of the same unless the following conditions are met: (i) the Project Participant shall, subject to the Solar Project PPA, assign this Power Sales Contract and its rights and interest hereunder to the purchaser or lessee of said electric system, if any, and any such purchaser or lessee shall assume all obligations of the Project Participant under this Power Sales Contract; and (ii) FMPA shall by affirmative vote of the FMPA Solar Project Committee reasonably determine that such sale, lease, abandonment or other disposition will not materially adversely affect FMPA's ability to meet its obligations under the Solar Project PPA.

SECTION 21. Termination or Amendment of Contract.

(a) This Power Sales Contract shall not be terminated by either party under any circumstances, whether based upon the default of the other party under this Power Sales Contract or any other instrument or otherwise except as specifically provided in this Power Sales Contract.

(b) This Power Sales Contract may be terminated by FMPA by notice to the Project Participant upon an event of default by Project Participant that has not been cured in accordance with this Power Sales Contract.

(c) No Power Sales Contract entered into between FMPA and another Project Participant may be amended so as to provide terms and conditions different from those herein contained except upon written notice to and written consent or waiver by each of the other Project Participants, and upon similar amendment being made to the Power Sales Contract of any other Project Participants requesting such amendment after receipt by such Project Participant of notice of such amendment.

No liability or obligation under this Power Sales Contract shall inure to or bind any of the funds, accounts, monies, property, instruments, or rights of the Florida Municipal Power Agency generally, any individual FMPA member, or any of any other "project" of FMPA as that term is defined in the Interlocal Agreement

"Affiliate" means, with respect to any Person, any other Person that, directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with, such Person. Upon the conclusion of such reoffering, Seller shall provide Buyer with an amended Exhibit O reflecting the revised percentages constituting Buyer's Share and each Other Buyer's Share, as well as the share of each such Person in the Solar Project Portfolio. Such amended Exhibit O will be deemed to replace the exhibit attached to this Agreement as Exhibit O prior to such amendment.

3.2 *Purchase and Sale.*

(a) Unless specifically excused by the terms of this Agreement, during the Delivery Term Seller shall produce at the Project, sell and deliver, or cause to be delivered, and Buyer shall purchase and receive, or cause to be received, Buyer's Product, and Buyer shall pay Seller for Buyer's Product in accordance with the terms hereof.

(b) For and in consideration of Buyer entering into this Agreement, and in addition to the agreement by Buyer and Seller to purchase and sell Buyer's Product on the terms and conditions set forth herein, Seller will transfer to Buyer, and Buyer will receive from Seller, all right, title, and interest in and to all Buyer's Renewable Attributes and Buyer's Facility Attributes, whether now existing or acquired by Seller or that hereafter come into existence or are acquired by Seller during the Term, for all Buyer's Delivered Energy. Seller agrees to transfer and make such Buyer's Renewable Attributes and Buyer's Facility Attributes available to Buyer immediately to the fullest extent allowed by Applicable Law upon Seller's production or acquisition of the Buyer's Renewable Attributes and Buyer's Facility Attributes. Seller shall not assign, transfer, convey, encumber, sell or otherwise dispose of all or any portion of such Buyer's Renewable Attributes and Buyer's Facility Attributes to any Person other than Buyer.

3.3 *Contract Price.*

Buyer shall pay Seller the Contract Price for each MWh of Buyer's Delivered Energy. Buyer and Seller acknowledge and agree that the consideration for the transfer of Buyer's Renewable Attributes and Buyer's Facility Attributes is contained within Contract Price paid for the Buyer's Product. In the event that during any Contract Year Seller produces and makes an Excess Energy Delivery to the Delivery Point, within thirty (30) days after the end of such Contract Year, Seller shall credit Buyer by an amount such that in respect of all such Excess Energy Delivery, Buyer effectively paid the Excess Energy Rate for such Excess Energy Delivery pursuant to the settlement process described in Section 3.19.

3.4 *Project Capacity.*

The “**Project Capacity**” is the full generation capacity of the Project net of all Station Service and net of losses, including transformation or transmission losses, to the Delivery Point, which shall be 74.5 MW AC as of the Commercial Operation Date. Throughout the Delivery Term, Seller shall sell and deliver Buyer’s Share of the Project Capacity solely to Buyer, except as may be permitted under this Agreement in the case of an Event of Default of Buyer or during a Curtailment Period, Planned Outage or Maintenance Outage, Forced Outage or Force Majeure Event where Buyer is prevented from accepting delivery of Buyer’s Share of the Energy.

3.5 *Performance Excuses.*

(a) The obligation of Seller to deliver Buyer’s Delivered Energy to the Delivery Point shall be excused only (i) during periods of a Force Majeure Event, (ii) by Buyer’s unexcused failure to perform its obligation to receive Buyer’s Delivered Energy at the Delivery Point, (iii) during Curtailment Periods and (iv) during Planned Outages and Maintenance Outages (“**Seller Excuses**”).

(b) The obligation of Buyer to receive and pay for Buyer’s Share of the Energy shall be excused only (i) during periods of a Force Majeure Event, (ii) by Seller’s failure to perform its obligations to generate and deliver Energy to the Delivery Point, or (iii) during Curtailment Periods (“**Buyer Excuses**”).

(c) Except for a failure resulting from a Force Majeure Event or during a Curtailment Period, the failure of electric transmission service shall not excuse performance with respect to either Party.

3.6 *Buyer’s Right to Curtail.*

(a) The Scheduling Coordinator may curtail, or require Seller to curtail, all or part of the Energy from the Project at any time for any reason, including Buyer Excuses. In the event that the curtailment does not arise out of Buyer Excuses, for any such period and to the full extent the Project is otherwise available (taking into account any partial or full outage), Buyer shall be responsible for and shall pay Seller for Buyer’s Share of the Energy Not Received at the Delivery Point as a result of the curtailment directed by Scheduling Coordinator at the Contract Price for the amount of Buyer’s Share of Energy Not Received as determined and calculated by Seller and agreed to by Buyer in a Commercially Reasonable manner. In the event that Buyer requests Seller to curtail all or part of the Energy the Project is capable of generating, Seller shall curtail the generation of such Energy as soon as reasonably possible after receiving, and otherwise in accordance with, Notice from Buyer.

(b) Seller shall include in a monthly invoice delivered to Buyer pursuant to Section 8.1 the amounts, if any, owed by Buyer pursuant to Section 3.6(a) and a description, in reasonable detail, of the calculation of Buyer’s Share of Energy Not Received.

3.7 *Replacement Energy.*

(a) Subject to clauses (b) and (c) of this Section 3.7, in the event of a Planned Outage, Maintenance Outage, Forced Outage, or an outage in connection with a Force Majeure Event or any other Seller Excuse, during the period of such outage, Buyer (i) has the right to purchase replacement energy as necessary and (ii) shall be relieved from the obligation to receive and purchase, or cause to be received and purchased, Buyer's Share of the Energy at the Delivery Point; *provided*, that Seller shall have no obligation to reimburse Buyer for any such replacement energy.

(b) In connection with any outage for which Seller delivers written Notice (including by e-mail) to Buyer stating that Seller anticipates such outage will continue for forty-eight (48) hours or more, and Seller has delivered a Plan to Buyer:

(i) Buyer may, upon written Notice to Seller, Collateral Agent or Tax Equity Investor(s) (as applicable), purchase replacement energy for a period of time equal to the lesser of (A) the remaining period of time outlined in such Plan, or (B) seven (7) days; *provided*, for the avoidance of doubt, that if the Plan provides a timeline greater than seven (7) days to resume the delivery of Energy to the Delivery Point, Buyer may continue to purchase replacement energy upon written Notice to Seller, Collateral Agent or Tax Equity Investor (as applicable) on a rolling basis until the date on which delivery of Energy to the Delivery Point is anticipated to resume, as specified in the Plan;

(ii) Buyer shall not be obligated to purchase or receive Delivered Energy during such period; and

(iii) Seller, Collateral Agent or Tax Equity Investor(s) (as applicable) shall provide regular Plan updates to Buyer.

(c) In connection with any outage that is not a Planned Outage or a Maintenance Outage and for which Seller fails to deliver written Notice (including by e-mail) to Buyer within twenty-four (24) hours after the occurrence of such outage.

(i) Buyer may, upon written Notice to Seller, Collateral Agent or Tax Equity Investor(s) (as applicable), purchase replacement energy for a period of time equal to seven (7) days, and Buyer may continue to purchase replacement energy upon written Notice to Seller or Collateral Agent (as applicable) on a rolling basis until the date on which delivery of Energy to the Delivery Point is anticipated to resume, as specified in a Plan;

(ii) Buyer shall not be obligated to purchase or receive Delivered Energy during such period; and

(iii) Seller, Collateral Agent or Tax Equity Investor(s) (as applicable) shall provide regular Plan updates to Buyer.

3.8 *Offsets, Allowances and Renewable Attributes.*

(a) Buyer shall be entitled to Buyer's Renewable Attributes and Buyer's Facility Attributes. Buyer shall not be entitled to any Renewable Attributes or Facility Attributes resulting from Delivered Energy which Buyer does not purchase under this Agreement.

(b) Seller shall transfer and assign to Buyer all Buyer's Renewable Attributes. On or before the tenth (10th) day following the end of each Month, Seller shall complete and provide to Buyer the bill of sale for Buyer's Renewable Attributes in the form attached hereto as Exhibit M, together with Seller's monthly invoice to Buyer for Buyer's Product issued in accordance with Section 8.1.

(c) Seller shall be entitled to all (i) Tax Attributes, and (ii) any Renewable Attributes that the Buyer is not entitled to pursuant to the provisions of Section 3.8(a). Buyer acknowledges that Seller has the right to sell any Renewable Attributes to which Seller is entitled pursuant to this Section 3.8(c) to any Person other than Buyer at any rate and upon any terms and conditions that Seller may determine in its sole discretion without liability to Buyer hereunder. Buyer shall have no claim, right or interest in such Renewable Attributes that Seller has the right to sell under this Section 3.8(c) or in any amount that Seller realized from the sale of such Renewable Attributes.

(d) Seller shall bear all risks, financial and otherwise throughout the Term, associated with Seller's or the Project's eligibility to receive any Tax Attributes, or to qualify for accelerated or bonus depreciation for Seller's accounting, reporting or tax purposes. The obligations of the Parties hereunder, including those obligations set forth herein regarding the sale, purchase and price for and Seller's obligation to generate and deliver Buyer's Delivered Energy, Buyer's Renewable Attributes, and Buyer's Facility Attributes, shall be effective regardless of whether the generation of Product or sale and delivery of any Delivered Energy from the Project is eligible for, or receives Tax Attributes or to qualify for accelerated or bonus depreciation during the Term.

3.9 *Transmission.*

(a) Seller shall be responsible for presenting to and receiving Transmission Provider approval of the Project interconnection requirements and transmission facilities so that Seller can perform its Product deliveries hereunder in accordance with applicable Transmission Provider requirements. Seller shall be responsible for all costs to design, equip, construct and maintain the interconnection facilities necessary to deliver Energy from the Project to the Point of Interconnection. Seller shall be responsible for receiving Network Resource Interconnection Service from the Transmission Provider in accordance with the Transmission Provider's Large Generator Interconnection Procedures. Subject to Section 4.2, Buyer shall be responsible for arranging for all transmission services required to effectuate Buyer's purchase of Buyer's Product, including obtaining firm transmission service or delivery to the wholesale and retail power customers of Buyer, in an amount of capacity equal to the Buyer's Share of the Project Capacity, and shall be responsible for the payment of any charges related to such transmission services hereunder, including charges for transmission or wheeling

services, ancillary services, control area services, congestion charges, transaction charges and line losses. The Parties acknowledge that the Contract Price does not include charges for such transmission services, all of which shall be paid by Buyer.

(b) In the event that the Transmission Provider or any other properly authorized Person exercising control over the Transmission Provider's Interconnection Facilities or the Transmission Provider's Transmission System takes any action or orders Seller or Buyer to take any action that affects Buyer's ability to take delivery of Energy hereunder not caused by or resulting from Seller's act or omission, a Curtailment Period or a Force Majeure Event, Buyer shall use its Commercially Reasonable Efforts to attempt to mitigate the adverse effects of such action(s) on Buyer's ability to take delivery of Energy hereunder; including redispatching its generation resources other than the Project.

3.10 Scheduling.

Scheduling Coordinator shall be responsible for the scheduling of all Delivered Energy during the Delivery Term, including arranging any Open Access Same Time Information Systems (OASIS), tagging, transmission scheduling or similar protocols with the Transmission Provider or any other Persons.

3.11 Operating Procedures.

Seller and Buyer will endeavor to develop written operating procedures ("**Operating Procedures**") not less than sixty (60) days before the scheduled Initial Energy Delivery Date, which Operating Procedures shall only be effective if made by mutual written agreement of Seller and Buyer. The Parties agree that the Operating Procedures they will endeavor to establish will cover the protocol under which the Parties will perform their respective obligations under this Agreement and will include procedures concerning the following: (1) the method of day-to-day communications; (2) key personnel lists for Seller and Buyer; and (3) reporting of scheduled maintenance, Maintenance Outages, Planned Outages and Forced Outages of the Project.

3.12 Regulatory Approvals.

(a) Buyer shall apply for and shall diligently pursue a reservation of network transmission service that secures a firm delivery path for the Buyer's Delivered Energy from the Delivery Point to and over the Transmission Provider's Transmission System, in an amount of capacity equal to Buyer's Share of the Project Capacity, with such application being submitted not later than ten (10) Business Days following the Original Effective Date.

(b) Following execution of this Agreement by both Parties, each Party shall promptly seek to obtain all Governmental Approvals and other licenses, permits and approvals necessary to perform its obligations hereunder.

3.13 Standards of Care.

(a) Seller shall comply with all requirements of Applicable Law, Governmental Approvals and NERC relating to the Project (including those related to construction, ownership, interconnection and/or operation of the Project and production and delivery of Buyer's Product).

(b) As applicable, each Party shall perform all generation, scheduling and transmission services in compliance with all applicable operating policies, criteria, rules, guidelines, tariffs and protocols of Prudent Operating Practices.

(c) Seller agrees to comply with all (i) NERC reliability requirements, including all such reliability requirements for generator owners and generator operators, and (ii) all applicable requirements regarding interconnection of the Project, including the requirements of the interconnected Transmission Provider.

3.14 *Outage Notification.*

(a) Seller shall schedule Planned Outages for the Project in accordance with Prudent Operating Practices and with the prior written consent of Buyer, which consent may not be unreasonably withheld, conditioned or delayed. The Parties acknowledge that in all circumstances, Prudent Operating Practices shall dictate when Planned Outages should occur. Seller shall Notify Buyer of its proposed Planned Outage schedule for the Project for the following calendar year by submitting a written Planned Outage schedule no later than August 1st of each year during the Delivery Term. The Planned Outage schedule is subject to Buyer's approval, which approval may not be unreasonably withheld, conditioned or delayed. Buyer shall promptly respond within five (5) Business Days with its approval or with reasonable modifications to the proposed Planned Outage schedule and Seller shall use its best efforts in accordance with Prudent Operating Practices to accommodate Buyer's requested modifications and deliver the final schedule to Buyer. Seller shall contact and confirm by Notice to Buyer with any requested changes to the Planned Outage schedule if Seller believes the Project must be shut down to conduct maintenance that cannot be delayed until the next scheduled Planned Outage consistent with Prudent Operating Practices. Seller shall not change its Planned Outage schedule without Buyer's approval, not to be unreasonably withheld, conditioned or delayed. Seller shall use its best efforts in accordance with Prudent Operating Practices not to schedule Planned Outages during the period of April 1st through October 31st of the Delivery Term. Seller shall not substitute Energy from any other source for the output of the Project during a Planned Outage or at any other time.

(b) In addition to Planned Outages, Seller shall promptly inform Buyer of any Forced Outage lasting for more than sixty (60) consecutive minutes. Such information shall be communicated by electronic mail to Buyer's designated personnel and describe the nature of the Forced Outage, the beginning date and time of such Forced Outage, the expected end date and time of such Forced Outage, the amount of Energy that Seller expects will be delivered at the Delivery Point during such Forced Outage, and any other information reasonably requested by Buyer. With respect to any such Forced Outage, Seller shall communicate and inform Buyer and thereafter provide Buyer with such

Notice by any reasonable means requested by Buyer, including by telephone or electronic mail.

(c) If Seller reasonably determines that it is necessary to schedule a Maintenance Outage, Seller shall Notify Buyer of the proposed Maintenance Outage as soon as practicable but in any event at least five (5) days before the outage begins (or such shorter period to which Buyer may reasonably consent), in order to optimize the Delivered Energy from the Project. Upon such Notice, the Parties shall plan the Maintenance Outage to mutually accommodate the reasonable requirements of Seller and the service obligations of Buyer; *provided, however*, that Seller shall take all reasonable measures consistent with Prudent Operating Practices to not schedule any Maintenance Outage during the weekday day light hours during the period of April 1st through October 31st of the Delivery Term. Notice of a proposed Maintenance Outage shall include the expected start date and time of the outage, the amount of generation capacity of the Project that will not be available, and the expected completion date and time of the outage. Seller shall give Buyer Notice of the Maintenance Outage as soon as practicable after Seller determines that the Maintenance Outage is necessary. Buyer shall promptly respond to such Notice and may request reasonable modifications in the schedule for the outage. Seller shall use all reasonable efforts to comply with any request to modify the schedule for a Maintenance Outage, *provided* that such change has no substantial impact on Seller. Seller shall Notify Buyer of any subsequent changes in generation capacity available to Buyer as a result of such Maintenance Outage or any changes in the Maintenance Outage completion date and time. As soon as practicable, any notifications given orally shall be confirmed in Notices. Seller shall take all reasonable measures consistent with Prudent Operating Practices to minimize the frequency and duration of Maintenance Outages. Seller may schedule a Maintenance Outage at any time and without the requirement to Notify Buyer in advance during conditions of low solar insolation, but Seller shall Notify Buyer of the commencement of the Maintenance Outage if such Maintenance Outage is expected to exist for more than four (4) hours.

(d) The Parties acknowledge and agree that the estimated Project Quantities set forth on Exhibit D (as such Exhibit may be amended in accordance with Section 3.19(g)) does not take into account Planned Outages, Maintenance Outages, and Forced Outages.

3.15 *Operations Logs and Access Rights.*

(a) Seller shall maintain a complete and accurate log of all material operations and maintenance information on a daily basis. Such log shall include information on power production, solar insolation, efficiency, availability, maintenance performed, Maintenance Outages, Planned Outages, Forced Outages, results of inspections, manufacturer recommended services, replacements, electrical characteristics of the generators, control settings or adjustments of equipment and protective devices. Seller shall maintain this information for at least two (2) years and shall provide this information electronically in an agreed format to Buyer within five (5) days of Buyer's request.

(b) Buyer, its authorized agents, and employees shall have the right of ingress to and egress from the Site and Project during normal business hours upon reasonable advance Notice and for any purposes reasonably connected with this Agreement; *provided*, that Buyer shall observe all applicable Project safety rules that Seller has communicated to Buyer; and *provided further* that Buyer, subject to and without waiving its rights to sovereign immunity under Florida Statutes, indemnify Seller for damage to property or injury to persons to the extent caused by the negligent or wrongful act or omission of Buyer's authorized agents or employees while such authorized individuals are at the Site or the Project.

3.16 *Availability; Energy Production Forecasting.*

(a) Seller shall provide Buyer with forecasts of the delivery of Energy under this Agreement as described below. Such forecasts shall include the updated status of all Project equipment that may impact availability and production of Product, and other information reasonably requested by Buyer. Seller shall use Commercially Reasonable Efforts to forecast daily by 5:00 a.m. the hourly delivery of Energy under this Agreement accurately and to transmit such information in the format agreed by the Parties consistent with the Operating Procedures. Buyer and Seller shall agree upon reasonable changes to the requirements and procedures set forth below from time-to-time, as necessary to accommodate changes to operating and scheduling procedures of Buyer.

(b) No later than: (i) the earlier of January 15th preceding the first Contract Year or forty-five (45) Days prior to the commencement of the first Contract Year; and (ii) January 15th of each calendar year for every subsequent Contract Year, Seller shall provide to Buyer a non-binding forecast of the hourly delivery of Energy at the Delivery Point under this Agreement for an average day in each month of the following calendar year in a form agreed by the Parties.

(c) Ten (10) Business Days before the commencement of the first Contract Year, and thereafter ten (10) Business Days before the beginning of each month during the Delivery Term, Seller shall provide to Buyer a non-binding forecast of the hourly energy deliveries of Energy to the Delivery Point under this Agreement for each day of the following month in a form agreed by the Parties.

(d) No later than 5:00 a.m. of each day of each Contract Year, Seller shall provide Buyer a non-binding forecast of hourly Energy deliveries at the Delivery Point under this Agreement for the remainder of such day and the following seven (7) days in a form reasonably acceptable to Buyer. Each such Notice shall clearly identify, for each hour, Seller's forecast of all deliveries of Energy pursuant to this Agreement. In the event that Seller foresees that actual deliveries of Energy under this Agreement for any hour will be materially different than a forecast previously provided for such day, Seller shall, as soon as reasonably possible, provide Notice to Buyer of such change and an updated forecast.

3.17 Weather Station.

(a) No later than sixty (60) Days prior to the Commercial Operation Date, Seller, at its own expense, shall install and maintain at least one stand-alone meteorological station at the Site to monitor, measure, communicate and report the meteorological data required under Section 3.17(b). Seller shall maintain and replace the meteorological station as necessary to provide accurate data with respect to the location of the Project.

(b) Upon Commercial Operation, and continuing through the end of the Delivery Term, Seller shall record and maintain the following data:

- (i) real and reactive power production by the Project for each hour;
- (ii) changes in operating status, outages and maintenance events;
- (iii) any unusual conditions found during inspections;
- (iv) any significant events related to the operation of the Project; and

(v) one (1) minute and hourly time-averaged measurements from data samples at ten (10) seconds or greater frequency for the following parameters at the Project: total global horizontal irradiance, total global radiation within the plane of the array, air temperature, relative humidity, wind direction and speed, precipitation, barometric pressure, back of module surface temperature, and other pertinent meteorological conditions.

(c) Buyer shall have real-time access to the required meteorological data at a frequency not to exceed every five (5) minutes. Seller shall provide Buyer a report within thirty (30) days after the end of each month that provides the foregoing information for such month as well as any other additional information that Buyer reasonably requests regarding conditions at the Site and the operation of the Project that is collected and maintained by Seller in the ordinary course of Project operations.

(d) Seller shall make available to Buyer all data from any weather monitoring portals Seller elects to install at the Site.

(e) Subject to procedures agreed upon in the Operating Procedures, Buyer shall have the right to install equipment and associated communication infrastructure to

enable Buyer to monitor, measure and communicate pertinent operation and weather data.

3.18 *Change of Law.*

Buyer shall be responsible for Changes of Law which impact Buyer, and Seller shall be responsible for Changes of Law which impact Seller.

3.19 *Contract Quantity, Guaranteed Energy Production and Excess Energy.*

(a) The quantity of Buyer's Delivered Energy that Seller expects to be able to deliver to Buyer during any Contract Year (without consideration for Planned Outages, Maintenance Outages, Curtailment Periods or other Seller Excuses) is the Contract Quantity, where "**Contract Quantity**" means Buyer's Share of the Project Quantity in Exhibit D, as such Exhibit may be amended in accordance with this Section 3.19(g). Throughout the Delivery Term, Seller shall be required to deliver to Buyer no less than Guaranteed Energy Production (as defined below) in the two (2) prior consecutive Contract Years during the Delivery Term ("**Performance Measurement Period**") in accordance with the following formula, expressed as a percentage:

Measurement Period Performance Percentage = (Buyer's Delivered Energy during Performance Measurement Period / (Contract Quantity during Performance Measurement Period x (Hours in Performance Measurement Period – Seller Excuse Hours in Performance Measurement Period) / Hours in Performance Measurement Period,

A sample calculation of Measurement Period Performance Percentage is set forth in Exhibit A.

(b) Guaranteed Energy Production ("**GEP**") means a Measurement Period Performance Percentage of [REDACTED].

(c) If Seller has a Measurement Period Performance Percentage below [REDACTED] ("**GEP Failure**"), then within forty-five (45) days after the last day of the Performance Measurement Period, Seller shall Notify Buyer of such failure. If the Measurement Period Performance Percentage is equal to or greater than [REDACTED] Seller may cure the GEP Failure by paying Buyer within ten (10) Business Days after such Notice (the "**Cure Payment Period**") GEP Damages as described by the following formula:

GEP Damages = Dollar-per-MWh Rate x [REDACTED] x (Contract Quantity during Performance Measurement Period x (Hours in Performance Measurement Period – Seller Excuse Hours in Performance Measurement Period) / Hours in Performance Measurement Period)) – Buyer's Delivered Energy during Performance Measurement Period.

A sample calculation of the GEP Damages is set forth in Exhibit A.

(d) If Seller has a Measurement Period Performance Percentage greater than [REDACTED] [REDACTED] (“**Excess Energy Delivery**”), then within forty-five (45) days after the last day of the Performance Measurement Period, Seller shall Notify Buyer of such Excess Energy Delivery. The Seller shall credit the Buyer within ten (10) Business Days after such Notice an Excess Energy Credit as described by the following formula:

$$\text{Excess Energy Credit} = [\text{REDACTED}] \times \text{Dollar-per-MWh Rate} \times \text{Buyer's Delivered Energy during Performance Measurement Period} - ([\text{REDACTED}] \times \text{Contract Quantity during Performance Measurement Period} \times (\text{Hours in Performance Measurement Period} - \text{Seller Excuse Hours in Performance Measurement Period})) / \text{Hours in Performance Measurement Period}$$

A sample calculation of the Excess Energy Credit is set forth in Exhibit A.

(e) The Parties agree that the damages sustained by Buyer associated with Seller's failure to achieve the Guaranteed Energy Production requirement would be difficult or impossible to determine, or that obtaining an adequate remedy would be unreasonably time consuming or expensive and the GEP Damages are a reasonable approximation of damages sustained by Buyer and therefore agree that Seller shall pay the GEP Damages to Buyer as liquidated damages. In no event shall Buyer be obligated to pay GEP Damages.

(f) If Seller has a Measurement Period Performance Percentage below [REDACTED] [REDACTED] or does meet such threshold but does not pay the GEP Damages within the Cure Payment Period, then Buyer may, at its option, declare an Event of Default within ninety (90) days following the Cure Payment Period.

(g) Within thirty (30) days after the Commercial Operation Date, Seller shall provide Buyer with an amended Exhibit D reflecting the revised Product Quantities reflecting the as-built Site layout. Such revised Product Quantities shall not exceed +/- 5% of the Product Quantities set forth in Exhibit D as of the Effective Date of this Agreement unless by mutual agreement of the Parties. Such amended Exhibit D will be deemed to replace the exhibit attached to this Agreement as Exhibit D prior to such amendment. If the Parties are unable to agree on the revised Exhibit D, then either Party may submit the disagreement for dispute resolution as provided in this Agreement.

3.20 *Signage.*

Seller shall install, at its own expense but subject to Buyer's approval, signage at the Site that informs the public of Buyer's involvement with the Project as a purchaser of Product. The Parties shall work in good faith to determine the appropriate location and specifications of such signage, but in no event shall such signage be less visible or informative than that which Seller provides for itself at the Site. The Parties shall also work in good faith to jointly plan and

execute all public communications and events related to the Project including any press release, groundbreaking or other ceremony, and ongoing media or other public announcements during the Term. All Persons attending events at the Site shall sign Seller's waiver of liability or shall not be allowed access to the Site and the Project. Buyer may provide or install, at its own expense and in a manner that does not interfere with the normal operation of the Project, displays or other materials that support public education regarding the Project. Seller shall use Commercially Reasonable Efforts to cooperate with Buyer to ensure the timely installation and display and maintenance of such materials.

ARTICLE 4 PROJECT DESIGN AND CONSTRUCTION

4.1 *Project Development.*

Seller, at no cost to Buyer, shall:

(a) Design and construct, permit, finance, commission, start-up and test the Project, including directly assigned interconnection facility cost but excluding Network Upgrades except as provided in Section 4.2.

(b) Acquire all rights, title, entitlements and/or interests in the Site sufficient for Seller to be able to construct, operate and maintain the Project on the Site.

(c) Perform or cause to be performed all due diligence inspection, evaluation, testing and investigation activities relating to the viability of the Project.

(d) Perform or cause to be performed all studies and pay all fees, obtain all necessary approvals and execute all necessary agreements with the Transmission Provider.

(e) Acquire all Governmental Approvals and other approvals, consents and authorizations necessary for the construction, operation, and maintenance of the Project and production, delivery and sale of Buyer's Product.

(f) Complete all environmental impact studies necessary for the construction, operation, and maintenance of the Project and production, delivery and sale of Buyer's Product.

(g) At Buyer's request, provide to Buyer Seller's electrical specifications and design and construction drawings pertaining to the Project.

(h) Within fifteen (15) days after the last day of each month until the Commercial Operation Date, provide to Buyer a monthly progress report and agree to regularly scheduled meetings between representatives of Buyer and Seller to review such reports and discuss Seller's development and construction progress. Seller shall provide access to Buyer, its authorized agents, employees and inspectors for purpose of inspecting the Project's construction site or on-site Seller data and information pertaining to the Project during normal business hours upon reasonable advance Notice.

(i) Seller will make all Commercially Reasonable Efforts to achieve timely the interim milestones for Project construction as set forth in Exhibit J (“**Interim Milestones**”). The Interim Milestones are Seller's best estimate of the schedule for construction and installation of the Project and, except as expressly set forth herein, the failure of Seller to meet any such Interim Milestone will not itself be a breach of this Agreement. Seller shall provide monthly status reports on development activity relative to the Interim Milestones, including any actual or anticipated delays and efforts to mitigate any such delay.

(j) In addition to the Daily Delay Damages referred to in Sections 4.4 and 6.1, Seller shall: (i) pay to Buyer the Milestone Daily Delay Damages for each day or portion of a day that Seller does not achieve a milestone set forth in the first two (2) rows of Exhibit K by the date corresponding to such milestone in Exhibit K; *provided*, that Seller's liability to Buyer in connection with delays in achieving each such milestone shall in no event exceed Buyer's Share of [REDACTED] (“**Milestone Daily Delay Damages Cap**”), and (ii) develop a remedial plan to complete development and construction of the Project by the Guaranteed Commercial Operation Date.

(k) Each Party agrees and acknowledges that (i) the damages that Buyer would incur due to Seller's delay in achieving a milestone set forth in the first two (2) rows of Exhibit K would be difficult or impossible to predict with certainty and (ii) the Milestone Daily Delay Damages are an appropriate approximation of such damages for the Project.

4.2 *Network Upgrades.*

(a) Seller shall be responsible for submitting the necessary generator interconnection requests and causing the necessary transmission studies to be performed to determine whether Network Upgrades are required to interconnect the Project with the Transmission Provider's Transmission System in accordance with the Large Generator Interconnection Agreement and Transmission Provider's Large Generator Interconnection Procedures. To the extent Network Upgrades are necessary, Seller shall coordinate with Transmission Provider to cause the Network Upgrades to be constructed. Buyer may incur or reimburse Seller for costs incurred by Seller for the Network Upgrade Costs pursuant to Section 4.2(b), and if Buyer elects to reimburse Seller, Seller shall invoice Buyer for Buyer's Share of all incurred Network Upgrade Costs. If Buyer elects to incur directly the Network Upgrade Costs or to cause a third party to incur such Network Upgrade Costs, then Seller shall assign and transfer to Buyer any rights or interests of Seller in and to a refund of such Network Upgrade Costs which Seller may have under the Large Generator Interconnection Agreement, and Buyer may thereafter reassign such rights and interests in and to a refund to any person, in Buyer's sole discretion.

(b) After Seller receives the facilities studies and estimate of Network Upgrade Costs from the Transmission Provider and from owners of any affected systems, and prior to initiating Network Upgrade construction, Seller shall provide to Buyer the studies, the estimated Network Upgrades Costs, and a copy of the Large Generator

Interconnection Agreement, including any description of the reimbursement or crediting process for Network Upgrade Costs to review and approve prior to Buyer incurring the Network Upgrade Costs or reimbursing Seller for Seller's funding of the Network Upgrade Costs. If the Network Upgrade Costs exceed Ten Million Dollars (\$10,000,000) or Buyer is not satisfied with the reimbursement or crediting process for the Network Upgrade Costs and Buyer decides not to pay the Network Upgrades Costs, then Buyer shall Notify Seller within three (3) Business Days of its decision and Seller shall have the right exercisable by Notice to Buyer sent within five (5) Business Days after receipt of Buyer's Notice to assume responsibility to pay the Network Upgrade Costs for the Project and obtain the credit from the Transmission Provider. In such event, Buyer shall not be required to incur or reimburse Seller for any costs of the Network Upgrades. If Seller does not give Notice to Buyer of Seller's intention to assume responsibility to pay the Network Upgrade Costs, either Party may terminate this Agreement by Notice to the other Party without further liability. If Buyer incurs or pays for all or part of the Network Upgrade Costs for the Project and Seller terminates this Agreement, then Seller shall reimburse Buyer for such Network Upgrades Costs incurred by Buyer, as described in Section 6.1(c).

4.3 *Guaranteed Commercial Operation.*

(a) Seller shall cause the Project to achieve the Commercial Operation Date by the Guaranteed Commercial Operation Date, as such date may be extended in accordance with Section 4.3(c).

(b) If Seller believes that the requirements for Commercial Operation have been satisfied and fulfilled, Seller shall present to Buyer, an independent engineer's report, the form of which is attached as Exhibit L, verifying that each of the conditions set forth therein has been satisfied or waived in writing by both Parties. The date identified in such report as the day Commercial Operation was achieved shall be the Commercial Operation Date in the absence of manifest error.

(c) Permitted Extensions to the Guaranteed Commercial Operation Date are as follows, *provided* that the Permitted Extensions shall not exceed one hundred eighty (180) days:

(i) The Guaranteed Commercial Operation Date may be extended on a day for day basis for a cumulative period equal to no more than one hundred eighty (180) days if from the Effective Date Seller has used Commercially Reasonable Efforts to have the Project physically interconnected to the Transmission Provider's Transmission System and to complete all Electric Interconnection Upgrades, if any, but such Electric Interconnection Upgrades cannot be completed thirty (30) days prior to the Guaranteed Commercial Operation Date. Seller shall provide Buyer Notice of such occurrence promptly upon the determination that such physical interconnection or upgrades cannot be completed timely in accordance with the Interim Milestones schedule set forth in Exhibit J, and Seller shall work diligently to resolve the delay ("**Transmission Delay**");

(ii) The Guaranteed Commercial Operation Date may be extended on a day for day basis for a cumulative period equal to no more than one hundred eighty (180) days if from the Effective Date Seller has used Commercially Reasonable Efforts to obtain the Governmental Approvals necessary for the construction and operation of the Project, but is unable to obtain such Governmental Approvals by the deadline date therefor in the Interim Milestones schedule set forth in Exhibit J, and Seller has worked diligently to resolve the delay (“**Permitting Delay**”); and

(iii) The Guaranteed Commercial Operation Date may be extended on a day for day basis for a cumulative period equal to no more than one hundred eighty (180) days for Force Majeure Events (“**Force Majeure Extension**”); *provided*, that Seller works diligently to resolve the effect of the Force Majeure Event and provides evidence of its efforts promptly to Buyer upon Buyer’s written request.

(d) Notwithstanding the foregoing, if Seller claims more than one Permitted Extension under Section 4.3(c), such extensions cannot cumulatively exceed one hundred eighty (180) days and all Permitted Extensions taken shall be concurrent, rather than cumulative, during any overlapping days.

(e) If Seller claims a Permitted Extension, Seller shall provide prompt Notice to Buyer of the occurrence of the event causing delay and the anticipated delay impact, which Notice must clearly identify the Permitted Extension being claimed and include information necessary for Buyer to verify the length and qualification of the extension.

4.4 *Project Cure Period and Delay Damages.*

(a) Seller shall cause the Project to achieve the Commercial Operation Date by the Guaranteed Commercial Operation Date. If the Commercial Operation Date has not been achieved prior to the Guaranteed Commercial Operation Date after giving effect to Permitted Extensions (up to one hundred eighty (180) days), then if Seller does not pay Buyer the Daily Delay Damages within thirty (30) days after receipt of Buyer’s invoice therefor, Buyer shall be entitled to draw upon the Project Development Security for liquidated damages equal to Daily Delay Damages for each day or portion of a day that the Commercial Operation Date occurs after the Guaranteed Commercial Operation Date (after giving effect to Permitted Extensions) for up to an additional two hundred forty (240) days (“**Project Cure Period**”). The Daily Delay Damages payable to Buyer for the Project shall not exceed Buyer’s Share of [REDACTED] (“**Daily Delay Damages Cap**”). For the avoidance of doubt the Permitted Extensions and the Project Cure Period are sequential.

(b) Each Party agrees and acknowledges that (A) the damages that Buyer would incur due to Seller’s delay in achieving the Guaranteed Commercial Operation Date would be difficult or impossible to predict with certainty and (B) the Daily Delay Damages are an appropriate approximation of such damages.

(c) If the Project has not achieved Commercial Operation by the date upon which Seller has paid to Buyer the Delay Damages Cap, such failure shall be a Seller Event of Default and Buyer shall have the right to terminate this Agreement within sixty (60) days of such date upon ten (10) days' prior Notice to Seller.

ARTICLE 5 METERING AND MEASUREMENT

5.1 *Metering System.*

Seller shall ensure the Metering System is designed, located, constructed, installed, owned, operated, tested, calibrated and maintained in accordance with the Large Generator Interconnection Agreement and Prudent Operating Practices in order to measure and record the amount of Delivered Energy. The meters shall be revenue meters of a mutually acceptable accuracy range and type and measure Delivered Energy in kilowatt hours. Seller shall be responsible for the cost of all metering that will be installed, owned, operated and maintained by Seller for the purpose of determining the amount of Delivered Energy. None of Buyer, Buyer's Affiliates or the employees, subcontractors or contractors of any of them shall make adjustments to the Metering System without the written consent of Seller, which consent shall not be unreasonably withheld, conditioned or delayed. Buyer, may, at its own cost, install additional meters or other such facilities, equipment or devices on Buyer's side of the Delivery Point as Buyer deems necessary or appropriate to monitor the measurements of the Metering System; *provided, however*, that in all cases Seller will be entitled to base its invoiced amounts for Buyer's Product solely by reference to the Metering System.

5.2 *Inspection and Adjustment.*

(a) Seller shall inspect and test all meters at such times as will conform to Prudent Operating Practices, but not less often than every two (2) Contract Years. Seller shall be responsible for all costs and expenses incurred by Seller for such inspection and testing. Upon reasonable written request to Seller, Buyer may request, at its own expense, inspection or testing of any such meters more frequently than once every two (2) Contract Years.

(b) If any seal securing the meters is found broken, if the Metering System fails to register, or if the measurement made by a metering device is found upon testing to vary by more than one percent (1.0%) from the measurement made by the standard meter used in the test, an adjustment shall be made correcting all measurements of Delivered Energy made by the Metering System during: (i) the actual period when inaccurate measurements were made by the Metering System, if that period can be determined to the mutual satisfaction of the Parties; or (ii) if such actual period cannot be determined to the mutual satisfaction of the Parties, the last three (3) months of the second half of the period from the date of the last test of the Metering System to the date such failure is discovered or such test is made ("**Adjustment Period**"). If the Parties are unable to agree on the amount of the adjustment to be applied to the Adjustment Period, the amount of the adjustment shall be determined: (A) by correcting the error if the percentage of error is ascertainable by calibration, tests or mathematical calculation; or

(B) if not so ascertainable, by estimating on the basis of deliveries made under similar conditions during the period since the last test. Within thirty (30) Days after the determination of the amount of any adjustment, Buyer shall pay Seller any additional amounts then due for Buyer's Delivered Energy during the Adjustment Period or Buyer shall be entitled to a credit against any subsequent payments for Buyer's Delivered Energy, as the case may be.

(c) Buyer and its representatives shall be entitled to be present at any test, inspection, maintenance, adjustments and replacement of any part of the Metering System relating to obligations under this Agreement.

ARTICLE 6 EARLY TERMINATION

6.1 *Early Termination.*

(a) In addition to applicable termination rights under Sections 7.2 and 16.1, this Agreement may be terminated prior to the expiration of the Term as follows:

(i) By Seller if a Large Generator Interconnection Agreement in form and substance satisfactory to Seller, in its sole discretion, is not executed on or before January 2, 202~~03~~, *provided* that in each case Seller shall give Buyer Notice of such termination within fifteen (15) Days after such date;

(v) By Seller if all approvals of its management and board of directors (or equivalent governing body) required for the execution, delivery and performance of this Agreement have not been granted by May 30, 20~~18~~21; *provided* that Seller shall give Buyer Notice of such termination within fifteen (15) Days after such date;

(vi) By Buyer, if after giving effect to Permitted Extensions and the payment of Daily Delay Damages payments up to the Daily Delay Damages Cap, the Guaranteed Commercial Operation Date has not been obtained on or before August 23rd, 2024; *provided* that Buyer shall give Seller Notice of such termination within fifteen (15) Days after such date;

(b) Notwithstanding any provision of this Agreement to the contrary, in the event of termination pursuant to this Section 6.1, the Parties shall be released and discharged from any obligations arising or accruing hereunder from and after the date of such termination and shall not incur any additional liability to each other as a result of such termination, *provided, however*, that such termination shall not discharge or relieve either Party from any obligation that has accrued prior to such termination or any indemnity obligations under ARTICLE 12 or the provisions of ARTICLE 14, which provisions shall survive any termination of this Agreement.

(c) In the event that Buyer has incurred, or caused a third party to incur, unreimbursed Network Upgrade Costs, upon any Seller's termination of this Agreement or termination by Buyer, Seller shall reimburse Buyer for such Network Upgrade Costs incurred by Buyer, or a third party on behalf of Buyer, within thirty (30) days of receipt of Buyer's invoice therefor, with interest accrued at the Interest Rate.

ARTICLE 7 EVENTS OF DEFAULT

7.1 *Events of Default.*

An “**Event of Default**” shall mean,

(a) with respect to a Party that is subject to the Event of Default the occurrence of any of the following:

outlines the actions that will be taken to cure the default and the proposed cure timeline.

(iv) such Party becomes Bankrupt;

(v) such Party assigns this Agreement or any of its rights or obligations hereunder other than in compliance with Section 15.1;

(vi) such Party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume in writing acceptable to Buyer all the obligations of such Party under this Agreement (including posting applicable Performance Assurances) to which it or its predecessor was a party by operation of law or pursuant to an agreement reasonably satisfactory to the other Party; or

(b) with respect to Seller as the Party causing an Event of Default (the **“Defaulting Party”**), the occurrence of any of the following:

(i) Seller fails to satisfy the Performance Assurance requirements set forth in Section 10.4, as applicable, in each case within five (5) Business Days after receipt of Notice of such failure;

(vii) the failure by Seller to achieve the Guaranteed Energy Production requirement as set forth in Section 3.19(f), in any Contract Year.

(viii) if Seller sells or delivers or attempts to sell or deliver Buyer's Delivered Energy and/or Buyer's Renewable Attributes and Buyer's Facility

Attributes to any Person other than Buyer except as expressly, specifically permitted under this Agreement.

7.2 Remedies; Declaration of Early Termination Date.

If an Event of Default with respect to a Defaulting Party shall have occurred and be continuing, the other Party (“**Non-Defaulting Party**”) shall, as its sole and exclusive remedy, have the right to one or more of the following:

(a) send Notice, designating a day, no earlier than the day such Notice is deemed to be received and no later than twenty (20) days after such Notice is deemed to be received, as an early termination date of this Agreement (“**Early Termination Date**”) on which the following shall apply:

(i) if Seller is the Non-Defaulting Party, (A) collect damages if any Event of Default arose at any time prior to the commencement of the Delivery Term, or (B) collect the Termination Payment if any Event of Default arose during the Delivery Term; and

(ii) if Buyer is the Non-Defaulting Party, (A) exercise its right pursuant to Section 10.4 to draw upon and retain Performance Assurance and any Milestone Daily Delay Damages, if applicable, prior to commencement of the Delivery Term, or (B) collect GEP Damages and the Termination Payment if any Event of Default arose during the Delivery Term.

The Settlement Amount shall not include consequential, incidental, punitive, exemplary, indirect or business interruption damages (excluding replacement costs); *provided, however*, that any lost Renewable Attributes, Buyer’s Facility Attributes or Buyer’s Renewable Attributes (as applicable) shall be deemed direct damages covered by this Agreement. Without prejudice to the Non-Defaulting

Party's duty to mitigate, the Non-Defaulting Party shall not have to enter into replacement transactions to establish a Settlement Amount. Each Party agrees and acknowledges that (i) the actual damages that the Non-Defaulting Party would incur in connection with the termination of this Agreement would be difficult or impossible to predict with certainty, (ii) Termination Payment described in this Section 7.3 is a reasonable and appropriate approximation of such damages, and (iii) the Termination Payment is the exclusive remedy of the Non-Defaulting Party in connection with a termination of this Agreement occurring during the Delivery Term but shall not otherwise act to limit any of the Non-Defaulting Party's rights or remedies in respect of obligations and liabilities that are incurred prior to the Early Termination Date and such obligations and liabilities are not included in the calculation of the Termination Payment.

(b) With respect to the calculation of the Buyer Purchase Damages for purposes of determining the Termination Payment owed to Buyer:

(i) Buyer shall provide Seller Notice containing the Buyer Purchase Damages calculations, including the supporting data such as associated charges and other relevant assumptions used to calculate the Buyer Purchase Damages, to the degree Buyer deems pertinent within sixty (60) days after the Early Termination Date.

(ii) Upon receipt of Buyer's calculation of the Buyer Purchase Damages, if Seller disputes such calculation, in whole or in part, Seller shall, within fifteen (15) Business Days following its receipt of such Notice, provide to Buyer a detailed written explanation of the basis for such dispute; *provided, however*, Seller can only dispute the calculation based on a failure as to the material assumptions used in preparation of the Buyer Purchase Damages. Buyer shall nevertheless be entitled during the pendency of any dispute to draw the entire amount due from the Seller's Performance Assurance.

(iii) Any dispute with regard to Buyer Purchase Damage calculation shall be pursued through the dispute resolution process of ARTICLE 18. Upon resolution of the dispute (A) any amount owed by Seller to Buyer in addition to the amount drawn on Seller's Performance Security shall be paid by Seller to Buyer within thirty (30) Business Days following such resolution with interest accrued at the Interest Rate, or (B) any amount required to be returned to Seller by Buyer shall be paid within thirty (30) Business Days following such resolution along with interest accrued at the Interest Rate.

(c) With respect to the calculation of the Seller Sales Damages for purposes of determining the Termination Payment owed to Seller:

(i) Seller shall provide Buyer Notice containing the Seller Sales Damages calculations, including the supporting data such as associated charges and other relevant assumptions used to calculate the Seller Sales Damages to the degree Seller deems pertinent within sixty (60) days after the Early Termination Date.

(ii) Upon receipt of Seller's calculation of the Seller Sales Damages, if Buyer disputes such calculation, in whole or in part, Buyer shall, within fifteen (15) Business Days following its receipt of such Notice, provide to Seller a detailed written explanation of the basis for such dispute; *provided, however*, Buyer can only dispute the calculation based on a failure as to the material assumptions and the sufficiency of the data used in preparation of the Seller Sales Damages.

(iii) Any dispute with regard to the Seller Sales Damages calculation shall be pursued through the dispute resolution process set forth in ARTICLE 18. Upon resolution of the dispute, any payment required from one Party to the other shall be made by the owing Party within thirty (30) Business Days following such resolution.

7.4 Notice of Payment of Termination Payment.

Subject to Sections 7.3(b) and 7.3(c), as soon as practicable after a designation of the Early Termination Date, Notice shall be given by the Non-Defaulting Party to the Defaulting Party of the amount of the Termination Payment and whether the Termination Payment is due to the Non-Defaulting Party. The Notice shall include a written statement explaining in reasonable detail the calculation of such amount and the sources for such calculation. The Termination Payment shall be made to the Non-Defaulting Party, as applicable, within ten (10) Business Days after such Notice is effective.

7.5 Disputes with Respect to Termination Payment.

If the Defaulting Party disputes the Non-Defaulting Party's calculation of the Termination Payment, in whole or in part, the Defaulting Party shall, within five (5) Business Days of receipt of the Non-Defaulting Party's calculation of the Termination Payment, provide to the Non-Defaulting Party a detailed written explanation of the basis for such dispute. Disputes regarding the Termination Payment shall be determined in accordance with ARTICLE 18.

7.6 Rights and Remedies Are Cumulative.

Except where liquidated damages are provided as the exclusive remedy for a specific failure, breach or default, the rights and remedies of a Party pursuant to this ARTICLE 7 shall be cumulative and in addition to the rights of the Parties otherwise provided in this Agreement.

7.7 Mitigation.

Any Non-Defaulting Party shall be obligated to mitigate its damages resulting from any Event of Default of the other Party under this Agreement.

ARTICLE 8 PAYMENT

8.1 *Billing and Payment.*

(a) On or about the tenth (10th) day of each month beginning with the month following the Initial Energy Delivery Date and every month thereafter, and continuing through and including the first month following the end of the Delivery Term, Seller shall provide to Buyer an invoice covering the Buyer's Product provided in the preceding month determined in accordance with ARTICLE 5 (which may include preceding months), with all component charges and unit prices identified and all calculations used to arrive at invoiced amounts described in reasonable detail. Buyer shall pay the undisputed amount of such invoices on or before thirty (30) days after date of the invoice to the account designated by Seller. If either the invoice date or payment date is not a Business Day, then such invoice or payment shall be provided on the next following Business Day. Each Party will make payments by electronic funds transfer, or by other mutually agreeable method(s), to the account designated by the other Party. Any undisputed amounts not paid by the due date will be deemed delinquent and will accrue interest at the Interest Rate, such interest to be calculated from and including the due date to but excluding the date the delinquent amount is paid in full. Invoices may be sent by electronic mail.

(b) On or before the tenth (10th) day following the end of each month during the Delivery Term, Seller will document the production of Buyer's Renewable Attributes by delivering with each invoice to Buyer a bill of sale and attestation for Buyer's Renewable Attributes produced by the Project. The form of bill of sale and attestation is set forth as Exhibit M.

8.2 *Disputes and Adjustments of Invoices.*

A Party may, in good faith, dispute the correctness of any invoice or any adjustment to an invoice, rendered under this Agreement or adjust any invoice for any arithmetic or computational error within twelve (12) months after the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. Payment of the disputed amount shall not be required until the dispute is resolved. Upon resolution of the dispute, any required payment shall be made within two (2) Business Days of such resolution along with interest accrued at the Interest Rate from and including the original due date to but excluding the date paid. Inadvertent overpayments shall be returned upon request or deducted by the Party receiving such overpayment from subsequent payments, with interest accrued at the Interest Rate from and including the date of such overpayment to but excluding the date repaid or deducted by the Party receiving such overpayment. Any dispute with respect to an invoice is waived if the other Party is not Notified in accordance with this Section 8.2 within twelve (12) months after the invoice is rendered or subsequently adjusted, except to the extent any misinformation was from a third party which is not an Affiliate of any Party and such third party corrects its information after the twelve-month period. If an invoice is not rendered within twelve (12) months after the close of the month during which performance occurred, the right to payment for such performance is waived.

ARTICLE 9 PURCHASE OPTION

9.1 *Buyer Purchase Option.*

So long as an Event of Default by Buyer has not occurred and is continuing at the end of the ~~Initial Term or the first Renewal~~ Term, Seller grants to Buyer an option to purchase the Project in accordance with this Section 9.1 (the “**Purchase Option**,” subject to the last paragraph of this Section 9.1) for a purchase price equal to the greater of (a) the Fair Market Value of the Project or (b) the applicable “Minimum Purchase Price” set forth in Exhibit E (such greater amount, the “**Option Price**”), as follows:

(a) To exercise the Purchase Option, Buyer shall, not less than one hundred eighty (180) days prior to the end of the ~~then-current~~ Term of the Agreement, provide written Notice to Seller of Buyer’s intent to exercise the Purchase Option (the date on which Seller receives such Notice, the “**Notice Date**”).

(b) Within thirty (30) days after the Notice Date, Seller shall specify the Option Price by written Notice to Buyer, and Buyer shall then have a period of thirty (30) days after receipt of such Notice either (i) to confirm or retract its decision to exercise the Purchase Option, or (ii) if the Option Price specified by Seller is equal to the Fair Market Value of the Project, to disagree with Seller’s determination of such Fair Market Value, in each case, by written Notice to Seller.

(c) If Buyer disagrees with Seller’s determination of such Fair Market Value (to the extent in excess of the applicable “Minimum Purchase Price” set forth in Exhibit E), it shall so Notify Seller in writing, and the Parties shall determine the Fair Market Value of the Project in accordance with Section 9.2.

(d) Upon final determination of the Option Price (including any determination of the Fair Market Value pursuant to Section 9.2), and before the applicable “Purchase Date” set forth in Exhibit E (or such other date as the Parties may mutually agree in writing): (i) the Parties shall promptly execute all definitive agreements necessary to cause title to the Project to pass to Buyer, free and clear of any Liens, subject only to the Liens of Project Investors which Buyer elects to assume; and (ii) Buyer shall pay the Option Price to Seller in immediately available funds and in accordance with any previous written instructions delivered to Buyer by Seller or any Project Investors, as applicable, for payments under this Agreement. Buyer shall also execute such documents reasonably necessary for Buyer to accept, assume and perform all then-existing agreements relating to the Project.

(e) Each Party shall bear its respective fees, costs and expenses incurred in connection with such Purchase Option transaction. In the event that the Purchase Option transaction closes prior to the applicable “Purchase Date” set forth in Exhibit E, this Agreement shall terminate automatically. In the event Buyer retracts its intent to exercise the Purchase Option, or does not timely confirm the Purchase Option in

accordance with this ARTICLE 9, in each case, prior to the end of the Term, the provisions of the Agreement shall continue in full force and effect as if Buyer had not Notified Seller of its intent to exercise the Purchase Option.

Irrespective of Buyer's Share, Buyer's Purchase Option is limited to an option to purchase 100% of the Project, which option may be exercised solely by Buyer or in conjunction with Other Buyers or any other Person(s).

9.2 *Determination of Fair Market Value.*

If the Option Price indicated by Seller in accordance with Section 9.1 is equal to the Fair Market Value of the Project and Buyer disagrees with such stated Fair Market Value in accordance with Section 9.1, then the Parties shall mutually select an independent appraiser with relevant experience and expertise; *provided*, that if the Parties cannot agree on the selection of such independent appraiser within thirty (30) days of Seller's receipt of Buyer's written Notice that Buyer disagrees with Seller's determination of the Fair Market Value, then each Party shall select an appraiser, and the two (2) appraisers so selected shall appoint a third appraiser, which appraiser shall perform the appraisal described in this Section 9.2. The Parties shall cooperate to cause the appraiser to act reasonably and in good faith to determine the Fair Market Value and to support such determination in a written opinion delivered to the Parties within thirty (30) days of the initial request for appraisal. The valuation made by the appraiser shall be binding upon the Parties in the absence of fraud or manifest error. Upon Buyer's receipt of such written opinion, Buyer shall then have a period of thirty (30) days to confirm or retract its decision to exercise the Purchase Option. The costs of the appraisal shall be borne equally by the Parties.

ARTICLE 10 INSURANCE, CREDIT AND COLLATERAL REQUIREMENTS

10.1 *Insurance.*

In connection with Seller's performance of its duties and obligations under this Agreement, during the Delivery Term, Seller shall maintain insurance in accordance with Exhibit H.

10.2 *Grant of Security Interest.*

To secure its obligations under this Agreement and to the extent Seller delivers Performance Assurance hereunder, Seller hereby grants to Buyer a present and continuing first priority security interest in, and lien on (and right of setoff against), and assignment of, such Performance Assurance and all cash collateral and cash equivalent collateral and any and all proceeds resulting therefrom or the liquidation thereof, whether now or hereafter held by, on behalf of, or for the benefit of, Buyer, and each Party agrees to take such action as the other Party reasonably requires in order to perfect the Buyer's first-priority security interest in, and lien on (and right of setoff against), such collateral and any and all proceeds resulting therefrom or from the liquidation thereof. Upon or any time after the occurrence and during the continuation of an Event of Default by Seller or an Early Termination Date as a result thereof, in addition to its other rights and remedies hereunder, Buyer may do any one or more of the following: (a) exercise any of the rights and remedies of a secured party with respect to all Performance

Assurance, including any such rights and remedies under law then in effect; (b) exercise its rights of setoff against such collateral and any and all proceeds resulting therefrom or from the liquidation thereof; (c) draw on any outstanding Letter of Credit issued for its benefit; and (d) liquidate all or any portion of any Performance Assurance then held by or for the benefit of Buyer free from any claim or right of any nature whatsoever of Seller or other Person, including any equity or right of purchase or redemption by Seller. Buyer shall apply the proceeds of the collateral realized upon the exercise of any such rights or remedies to reduce the Seller's obligations under the Agreement (Seller remaining liable for any amounts owing to Buyer after such application), subject to Buyer's obligation to return any surplus proceeds remaining after such obligations are satisfied in full, if applicable.

10.3 *Seller Financial Statements.*

If requested by Buyer the Seller shall deliver within one hundred twenty (120) days following the end of each fiscal year of Seller's Ultimate Parent Company: (i) a copy of Seller's Ultimate Parent Company's annual report or 10K report, and (ii) within sixty (60) days after the end of each of its first three fiscal quarters of each fiscal year, a copy of such Seller's Ultimate Parent Company's quarterly report containing unaudited consolidated financial statements for such fiscal quarter, in each case unless otherwise publicly available. If any such statements shall not be available on a timely basis due to a delay in preparation or certification, such delay shall not be an Event of Default so long as the Seller diligently pursues the preparation, certification and delivery of the statements.

10.4 *Seller's Performance Assurance.*

(a) Seller agrees to deliver to Buyer collateral to secure its obligations under this Agreement, which Seller shall maintain in full force and effect for the period posted with Buyer, as follows:

(i) Performance Assurance in the amount of Buyer's Share of [REDACTED] ("Project Development Security") without replenishment within five (5) Business Days following the Original Effective Date of this Agreement until Seller posts Seller's Delivery Term Security; *provided, however*, that (A) Seller's maximum aggregate obligation to Buyer with respect to the Project Development Security under this Agreement shall in no event exceed Buyer's Share of [REDACTED], and (B) Seller's maximum aggregate obligation to Buyer with respect to the Project Development Security under this Agreement and to the Other Buyer(s) with respect to the "Project Development Security" under and as defined in the applicable power purchase agreements between Seller and the Other Buyers in connection with this Project shall in no event exceed [REDACTED];

(ii) Performance Assurance in the amount of Buyer's Share of [REDACTED] ("Seller's Delivery Term Security") from the Commercial Operation Date until the end of the Term; *provided*, that Seller may elect to apply the Project Development Security toward

Seller's Delivery Term Security. Seller's Delivery Term Security shall be subject to replenishment; *provided, however*, that (A) Seller's maximum aggregate obligation to Buyer under this Agreement with respect to the Performance Assurance shall in no event exceed Buyer's Share of [REDACTED], and (B) Seller's maximum aggregate obligation to Buyer with respect to the Performance Assurance under this Agreement and to the Other Buyer(s) with respect to the "the Performance Assurance" under and as defined in the applicable power purchase agreements between Seller and the Other Buyers in connection with this Project shall in no event exceed [REDACTED].

(b) If, after the Commercial Operation Date, no amounts are due and owing to Buyer under this Agreement, then Seller shall no longer be required to maintain the Project Development Security, and Buyer shall return to Seller the Project Development Security, less the amounts drawn from a cash deposit or Letter of Credit, if applicable, in accordance with Section 10.4(c). The Project Development Security (or portion thereof) due to Seller shall be returned to Seller within five (5) Business Days after Seller's provision of Seller's Delivery Term Security unless, with respect to cash held as Project Development Security, Seller elects by Notice to Buyer to apply the Project Development Security toward Seller's Delivery Term Security.

(c) Any amounts owed by Seller to Buyer under this Agreement (other than disputed amounts) and not satisfied within thirty (30) Days of becoming due and owing may be satisfied by Buyer on a draw on Seller's Performance Assurance. In addition, upon termination, Buyer shall have the right to draw upon Seller's Performance Assurance for any undisputed amounts owed to Buyer under this Agreement if not paid when due pursuant to Section 8.1. Subject to the maximum aggregate obligation set forth in Section 10.4(a)(ii), Seller's Delivery Term Security shall be subject to replenishment within five (5) days after any draw thereon by Buyer.

(d) Buyer shall deposit Seller's Performance Assurance in a Qualified Institution; *provided* that, interest on cash held as Project Development Security shall be retained by Buyer until Seller posts Seller's Delivery Term Security. Upon Seller's posting of Seller's Delivery Term Security, all accrued interest on the Project Development Security shall be transferred to Seller in the form of cash by wire transfer to the bank account specified by Seller. After Seller posts Seller's Delivery Term Security, Buyer shall transfer (as described in the preceding sentence) on or before each Interest Payment Date the amount of interest due to Seller for Seller's Delivery Term Security. Buyer does not guaranty any particular rate of interest.

(e) If, during the Term, there shall occur a Downgrade Event in respect of Seller's Guarantor, then Seller shall deliver to Buyer replacement Performance Assurance in the form of a Letter of Credit, cash or a replacement Guaranty from a different Guarantor (meeting the requirements set forth in the definition thereof and acceptable to Buyer, such acceptance not to be unreasonably withheld) in lieu thereof in an amount equal to the then applicable amount of Performance Assurance; *provided, however*, that Seller shall only be required to maintain such replacement Performance

Assurance for so long as (1) the Credit Rating of Seller's original Guarantor remains below Investment Grade, or (2) no Ratings Agency rates Seller's original Guarantor.

As soon as practicable after commencement of a Force Majeure Event, the non-performing Party shall provide the other Party with oral notice of the Force Majeure Event, and within two (2) weeks of the commencement of a Force Majeure Event, the non-performing Party shall provide the other Party with Notice in the form of a letter describing in detail the particulars of the occurrence giving rise to the Force Majeure Event claim and the anticipated impact on the non-performing Party's ability to perform its obligations and the non-performing Party's Plan to resume full performance of the obligations impacted by the Force Majeure Event. Buyer shall not be required to make any payments for any Buyer's Product that Seller fails to schedule, deliver or provide as a result of a Force Majeure Event during the term of such Force Majeure Event. This Agreement may be terminated by either Party with no further obligation to the other Party if such Force Majeure Event prevents the performance of a material portion of the obligations hereunder and such Force Majeure Event is not resolved and full performance resumed within one hundred eighty (180) days after the commencement of such Force Majeure Event; *provided, however*, if the Force Majeure Event occurs after the Commercial Operation Date and Seller is the non-performing Party, Seller shall have up to ninety (90) days following such Force Majeure Event to obtain a report from an independent, third party engineer stating whether the Project is capable of being repaired or replaced within fifteen (15) additional months or less from the date of the report and provide Buyer a copy of the engineer's report, at no cost to Buyer. If such engineer's report concludes that the Project is capable of being repaired or replaced within such fifteen (15) month period and Seller undertakes and continues such repair or replacement with due diligence, then Buyer shall not have the right to terminate this Agreement pursuant to this Section 16.1 until the expiration of the period deemed necessary by the engineer's report (not to exceed fifteen (15) months), after which time, Buyer may terminate this Agreement by Notice to Seller unless the Project has been repaired or replaced, as applicable, and the Seller has resumed and is satisfying its performance obligations under this Agreement.

Either Manager may, by Notice to the other Party, request a meeting to initiate settlement negotiations to be held within ten

(10) Business Days of the other Party's receipt of such request, at a mutually agreed time and place (either in person or telephonically). If the matter is not resolved within fifteen (15) Business Days of their first meeting ("**Initial Negotiation End Date**"), the Managers shall refer the matter to the designated senior officers of their respective companies that have authority to settle the Dispute ("**Executives**"). Within five (5) Business Days of the Initial Negotiation End Date ("**Referral Date**"), each Party shall provide one another Notice confirming the referral and identifying the name and title of the Executive who will represent the Party.

(b) Within five (5) Business Days of the Referral Date, the Executives shall establish a mutually acceptable location and date, which date shall not be greater than thirty (30) days from the Referral Date, to meet. (c) All communication and writing exchanged between the Parties in connection with these settlement negotiations shall be confidential and shall not be used or referred to in any subsequent binding adjudicatory process between the Parties. The Parties shall bear their respective costs, expenses and fees relating to the activities under this Section 18.2.

(d) If the matter is not resolved within forty-five (45) days of the Referral Date, or if the Party receiving the Notice to meet, pursuant to Section 18.2(a) above, refuses or does not meet within the ten (10) Business Day period specified in Section 18.2(a) above, and subject to Sections 17.2, 20.7 and 20.8 of this Agreement, either Party may pursue all remedies available to it at law or in equity. Venue for any action or proceeding shall be state and federal courts in Orange County, Florida.

18.3 *Specific Performance and Injunctive Relief.*

Each Party shall be entitled to seek a decree compelling specific performance with respect to, and shall be entitled, without the necessity of filing any bond, to seek the restraint by injunction of, any actual or threatened breach of any non-monetary material obligation of the other Party under this Agreement, including with respect to disclosure or misuse of Confidential Information, audit rights, access to facilities, access to information, data and documents, emergencies, imminent harm to persons or property of impermissible transactions; *provided*, that, the right to specific performance explicitly excludes Seller's obligation to construct the Project. The Parties in any action for specific performance or restraint by injunction agree that they shall each request that all expenses incurred in such proceeding, including reasonable counsel fees, be apportioned in the final decision based upon the respective merits of the positions of the Parties.

ARTICLE 19 NOTICES

All indemnity rights shall survive the termination or expiration of this Agreement for the longer of twelve (12) months or the expiration of the statute of limitations period of the claim underlying the indemnity obligation. Notwithstanding any provisions herein to the contrary, the obligations set forth in the following articles and sections shall survive (in full force) the expiration of termination of this Agreement: Sections 12.2 and 12.3 until the applicable statute of limitation lapses, 14.1 regarding confidentiality, for a period of two (2) years, 20.2 (*Audits*), 20.7 (*Governing Law*), 20.8 (*Waiver of Trial by Jury*), 20.9 (*Attorney's Fees*) and 20.11 (*Project Members*); ARTICLE 1 (*Definitions and Interpretation*), and ARTICLE 17 (*Limitations on Liability*).

EXHIBIT A

SAMPLE CALCULATIONS

I. Summary of Terms and Sample Values:

(Note: The results of the formulas contained in this Exhibit A are derived from precise values without regard to rounding which is used to show interim results for ease of presentation.)

Project Quantity (E_{1y}) means the total estimated Energy production of the Project for a Contract Year.

For this example E_{1y} is [REDACTED] MWh for each Contract Year

Delivered Energy (DE) means the Energy delivered to the Delivery Point net of all electrical losses associated with the transmission or transformation (from direct current to AC) of the Energy to the Delivery Point, including, if applicable, any losses between the Metering System and the Delivery Point.

For this example DE is [REDACTED] MWh for each Contract Year in a shortfall scenario

For this example DE is [REDACTED] MWh for each Contract Year in an excess energy scenario

Buyer's Share; *for this example [REDACTED] %*

Contract Quantity ($CE_{b,1y}$) means Buyer's Share of the Project Quantity.

For this example $E_{b,1y}$ is [REDACTED] % x [REDACTED] = [REDACTED] MWh in each Contract Year

Buyer's Delivered Energy (DE_b) means Buyer's Share of the Delivered Energy.

For this example DE_b is [REDACTED] % x [REDACTED] = [REDACTED] MWh in each Contract Year in a shortfall scenario

For this example DE_b is [REDACTED] % x [REDACTED] = [REDACTED] MWh in each Contract Year in an excess energy scenario

Performance Measurement Period (2y) means the two prior consecutive Contract Years during the Delivery Term.

Contract Quantity during Performance Measurement Period ($CE_{b,2y}$)

For this example $CE_{b,2y}$ is 2 x [REDACTED] MWh = [REDACTED] MWh

Buyer's Delivered Energy during Performance Measurement Period ($DE_{b,2y}$)

For this example $DE_{b,2y}$ is 2 x [REDACTED] MWh = [REDACTED] MWh in a shortfall scenario

For this example $DE_{b,2y}$ is $2 \times \text{[REDACTED]} \text{ MWh} = \text{[REDACTED]} \text{ MWh}$ in an excess energy scenario

Dollar-per-MWh Rate (R) means \$ [REDACTED] per MWh of Delivered Energy.

Hours in Performance Measurement Period (h)

For this example h is $2 \times 8,760 = 17,520$

Seller Excuse Hours in Performance Measurement Period (h_e) means the hours Seller is unable to generate or deliver Energy due to Seller Excuses.

For this example h_e is [REDACTED]

II. Sample Calculation of Measurement Period Performance Percentage:

Measurement Period Performance Percentage = Buyer's Delivered Energy during Performance Measurement Period / (Contract Quantity during Performance Measurement Period x (Hours in Performance Measurement Period – Seller Excuse Hours in Performance Measurement Period) / Hours in Performance Measurement Period), expressed as a percentage.

$$\frac{DE_{b,2y}}{CE_{b,2y} \times \frac{(h - h_e)}{h}}$$

$$\frac{\text{[REDACTED]}}{\text{[REDACTED]} 0 \text{ MWh} \times \frac{(\text{[REDACTED]} - \text{[REDACTED]})}{\text{[REDACTED]}}}$$

$$\frac{\text{[REDACTED]} \text{ MWh}}{\text{[REDACTED]} \text{ MWh} \times \text{[REDACTED]}}$$

$$\frac{\text{[REDACTED]} \text{ MWh}}{\text{[REDACTED]} \text{ MWh}}$$

$$\text{[REDACTED]}$$

Expressed as a percentage

■ %

III. Sample Calculation of GEP Damages:

GEP Damages = Dollar-per-MWh Rate x (0.8 x (Contract Quantity during Performance Measurement Period x (Hours in Performance Measurement Period – Seller Excuse Hours in Performance Measurement Period) / Hours in Performance Measurement Period) – Buyer’s Delivered Energy during Performance Measurement Period)

$$R \times \left(\blacksquare \times CE_{b,2y} \times \frac{(h - h_e)}{h} - E_{b,2y} \right)$$

$$\$/\text{MWh} \times \left(\blacksquare \times \blacksquare \text{ MWh} \times \frac{(\blacksquare - \blacksquare)}{\blacksquare} - \blacksquare \text{ MWh} \right)$$

$$\$/\text{MWh} \times (\blacksquare \times \blacksquare \text{ MWh} \times \blacksquare - \blacksquare \text{ MWh})$$

$$\$/\text{MWh} \times (\blacksquare \text{ MWh} - \blacksquare \text{ MWh})$$

$$\$/\text{MWh} \times (\blacksquare \text{ MWh})$$

$$\blacksquare$$

IV. Sample Calculation of Excess Energy Credit:

Excess Energy Credit = ■ x Dollar-per-MWh Rate x (Buyer’s Delivered Energy during Performance Measurement Period – ■ x Contract Quantity during Performance Measurement Period x (Hours in Performance Measurement Period – Seller Excuse Hours in Performance Measurement Period) / Hours in Performance Measurement Period)

$$\blacksquare \times R \times \left(E_{b,2y} - \blacksquare \times CE_{b,2y} \times \frac{(h - h_e)}{h} \right)$$

$$\begin{aligned} & \blacksquare \times \$\blacksquare / MWh \\ & \times \left(\blacksquare MWh - \blacksquare \times \blacksquare \times \frac{(\blacksquare - \blacksquare)}{\blacksquare} \right) \end{aligned}$$

$$\$ \blacksquare / MWh \times (\blacksquare MWh - \blacksquare \times \blacksquare \times \blacksquare)$$

$$\$ \blacksquare / MWh \times (\blacksquare MWh - \blacksquare \times \blacksquare \times \blacksquare)$$

$$\$ \blacksquare / MWh \times (\blacksquare MWh - \blacksquare MWh)$$

$$\$ \blacksquare / MWh \times \blacksquare MWh$$

$$\$ \blacksquare$$

Capitalized terms used in this Consent and not otherwise defined shall have the meaning set forth in the Assigned Agreement.

A. The Project Owner owns, operates and maintains [_____] (the “Project”).

B. The Contracting Party and the Project Owner have entered into the agreement specified in Schedule I hereto (as further amended, restated, supplemented or otherwise modified from time to time in accordance with the terms thereof, the “Assigned Agreement”).

C. D. As security for the payment and performance by the Project Owner of its obligations under the Credit Agreement and the other Financing Documents (as defined below) and for other obligations owing to the Secured Parties, the Project Owner has assigned as collateral all of its right, title and interest in, to and under, and granted a security interest in, the Assigned Agreement to the Collateral Agent pursuant to the Assignment and Security Agreement, dated as of [_____] between the Project Owner and the Collateral Agent (as amended, restated, supplemented or otherwise modified from time to time in accordance with the terms thereof, the “Security Agreement”, and, together with the Credit Agreement and any other financing documents relating to the issuance of promissory notes under the Credit Agreement (the “Notes”), the “Financing Documents”).

E. It is a requirement under the Credit Agreement that the Project Owner cause the Contracting Party to execute and deliver this Consent.

NOW, THEREFORE as an inducement for Lenders to make the Loans, and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and intending to be legally bound, the parties hereto hereby agree as follows:

1. Consent to Assignment. The Contracting Party hereby acknowledges and consents to the pledge and collateral assignment of all right, title and interest of the Project Owner in, to and under (but not its obligations, liabilities or duties with respect to) the Assigned Agreement by the Project Owner to the Collateral Agent pursuant to the Security Agreement.

2. Representations and Warranties. The Contracting Party represents and warrants as follows as of the date of this Consent:

(a) No Amendments. [Except as described in Schedule I hereto,] there are no amendments, modifications or supplements (whether by waiver, consent or otherwise) to the Assigned Agreement, either oral or written.

(b) No Previous Assignments. The Contracting Party affirms that it has received no notice of any assignment relating to the right, title and interest of the Project Owner in, to and under the Assigned Agreement other than the pledge and collateral assignment to the Collateral Agent referred to in Section 1 above.

(c) No Termination Event; No Disputes. After giving effect to the pledge and collateral assignment referred to in Section 1, and after giving effect to the consent to such pledge and collateral assignment by the Contracting Party herein, there exists no event or condition (a “**Termination Event**”) that would, either immediately or with the passage of time or giving of notice, or both, entitle either the Project Owner or the Contracting Party to terminate the Assigned Agreement or suspend the performance of its obligations under the Assigned Agreement. [Except as set forth on Schedule III hereto,] there are no unresolved disputes between the parties under the Assigned Agreement. All amounts due under the Assigned Agreement as of the date hereof have been paid in full [, except as set forth on Schedule III hereto].

3. Right to Cure.

(a) From and after the date hereof and unless and until the Contracting Party shall have received written notice from the Collateral Agent that the lien of the Security Agreement has been released in full, the Collateral Agent shall have the right, but not the obligation, following an “event of default” or “default” (or any other similar event however defined) by the Project Owner under the Assigned Agreement, in the manner and within the times prescribed therein, to pay all sums due under the Assigned Agreement by the Project Owner and to perform any other act, duty or obligation required of the Project Owner thereunder as described in Section 3(c) below; provided, that no such payment or performance shall be construed as an assumption by the Collateral Agent or any other Secured Party of any covenants, agreements or obligations of the Project Owner under or in respect of the Assigned Agreement.

(b) The Contracting Party agrees that it will not (i) terminate the Assigned Agreement [(other than pursuant to Section ___ of the Assigned Agreement)]² or (ii) suspend the performance of any of its obligations under the Assigned Agreement which can be performed notwithstanding the event of default or default without copying the Collateral Agent on any notice to the Project Owner required under the Assigned Agreement for Contracting Party to terminate the Assigned Agreement or suspend performance thereunder [(other than a termination

The Contracting Party further agrees that it will not assign the Assigned Agreement without copying the Collateral Agent as set forth in in Section [] of the Assigned Agreement.

(c) If a Termination Event shall occur [(other than a termination pursuant to Section ___ of the Assigned Agreement)]⁴, and the Contracting Party shall then be entitled to and shall desire to terminate the Assigned Agreement or suspend the performance of any of its obligations under the Assigned Agreement, the Contracting Party shall, prior to exercising such remedies or taking any other action with respect to such Termination Event, give written notice to the Collateral Agent of such Termination Event. If the Collateral Agent elects to exercise its right to cure as herein provided, it shall (i) give written notice to the Contracting Party that Collateral Agent intends to cure the Termination Event and (ii) have a period of thirty (30) days after receipt by it of notice from the Contracting Party referred to in the preceding sentence in which to cure the Termination Event specified in such notice if such Termination Event consists of a payment default, or if such Termination Event is an event other than a failure to pay amounts due and owing by the Project Owner (a “Non-monetary Event”) the Collateral Agent shall have one hundred twenty (120) days to cure such Termination Event so long as the Collateral Agent has commenced and is diligently pursuing appropriate action to cure such Termination Event and Collateral Agent has provided a Plan to the Contracting Party which outlines the actions that will be taken to cure the Non-monetary Event and includes the proposed timeline to cure the Non-monetary Event; provided, however, that (i) if possession of the Project is necessary to cure such Non-monetary Event and the Collateral Agent has commenced foreclosure proceedings, the Collateral Agent will be allowed a reasonable time to complete such proceedings, and (ii) if the Collateral Agent is prohibited from curing any such Non-monetary Event by any process, stay or injunction issued by any governmental authority or pursuant to any bankruptcy or insolvency proceeding or other similar proceeding involving the Project Owner, then the time periods specified herein for curing a Termination Event shall be extended for the period of such prohibition. The Contracting Party shall be entitled to rely, and shall be fully protected in relying, upon any notice by Collateral Agent of its intent to cure a Termination Event in good faith believed by Contracting Party to be genuine and correct and to have been signed.

(d) Any curing of or attempt to cure any Termination Event shall not be construed as an assumption by the Collateral Agent or the other Secured Parties of any covenants, agreements or obligations of the Project Owner under or in respect of the Assigned Agreement or a relinquishment by Contract Party of any right or remedy in respect of the Assigned Agreement.

(e) In connection with any outage for which (i) the Collateral Agent delivers written Notice (which such Notice may consist of an e-mail) to Buyer stating that the Collateral

Agent anticipates such outage will continue for forty-eight (48) hours or more, and (ii) the Collateral Agent has delivered a Plan to Buyer:

(i) Buyer may, upon written Notice to Collateral Agent, purchase replacement energy for a period of time equal to the lesser of (A) the remaining period of time outlined in such Plan, or (B) seven (7) days; *provided*, for the avoidance of doubt, that if the Plan provides a timeline greater than seven (7) days to resume the delivery of Energy to the Delivery Point, Buyer may continue to purchase replacement energy upon written Notice to Collateral Agent on a rolling basis until the date on which delivery of Energy to the Delivery Point will resume, as specified in the Plan;

(ii) Buyer shall not be obligated to purchase or receive Delivered Energy during such period; and

(iii) the Collateral Agent shall provide regular Plan updates to Buyer.

(f) In connection with any outage that is not a Planned Outage or a Maintenance Outage and for which Seller fails to deliver written Notice (including by e-mail) to Buyer within twenty-four (24) hours after the occurrence of such outage

(i) Buyer may, upon written Notice to Seller or Collateral Agent (as applicable), purchase replacement energy for a period of time equal to seven (7) days, and Buyer may continue to purchase replacement energy upon written Notice to Seller or Collateral Agent (as applicable) on a rolling basis until the date on which delivery of Energy to the Delivery Point is anticipated to resume, as specified in a Plan;

(ii) Buyer shall not be obligated to purchase or receive Energy during such period; and

(iii) Seller or Collateral Agent (as applicable) shall provide regular Plan updates to Buyer.

4. Replacement Agreements. Notwithstanding any provision in the Assigned Agreement to the contrary, in the event the Assigned Agreement is rejected or otherwise terminated as a result of any bankruptcy, insolvency, reorganization or similar proceedings affecting the Project Owner, at the Collateral Agent's request, the Contracting Party will, within sixty (60) days after presentation by Collateral Agent of the proposed designee and agreement, enter into a new agreement with the Collateral Agent or the Collateral Agent's qualified designee for the remainder of the originally scheduled term of the Assigned Agreement, effective as of the date of such rejection, with the same Project Owner Performance Assurance, covenants, agreements, terms, provisions and limitations as are contained in the Assigned Agreement.

5. Substitute Owner. The Contracting Party acknowledges that in connection with the exercise of remedies following a default under the Financing Documents, the Collateral Agent may (but shall not be obligated to) assume, or cause any qualified purchaser at any foreclosure sale or any qualified assignee or transferee under any instrument of assignment or transfer in lieu of foreclosure to assume, all of the interests, rights, duties and obligations of the Project Owner thereafter arising under the Assigned Agreement. If the interest of the Project Owner in the Assigned Agreement shall be assumed, sold or transferred as provided above, the

assuming party shall agree in writing with Contracting Party and Collateral Agent to be bound by and to assume the terms and conditions of the Assigned Agreement and any and all obligations to the Contracting Party arising or accruing thereunder from and after the date of such assumption, shall provide Performance Assurance consistent with the terms of the Assigned Agreement, and the Contracting Party shall continue to perform its obligations under the Assigned Agreement in favor of the assuming party as if such party had thereafter been named as the “Seller” under the Assigned Agreement; provided that if the Collateral Agent or its designee (or any entity acting on behalf of the Collateral Agent, the Collateral Agent’s designee or any of the other Secured Parties) assumes the Assigned Agreement as provided above, it shall not be personally liable for the performance of the obligations thereunder except to the extent of all of its right, title and interest in and to the Project and the amount of Performance Assurance. For purposes of this ARTICLE 5, a “qualified” purchaser or assignee or transferee shall be one which Contracting Party and Collateral Agent agree has the technical skill and financial wherewithal to operate and maintain the Project in the same manner as the Project Owner.

6. Payments. The Contracting Party shall make all payments due to the Project Owner under the Assigned Agreement directly into the account specified on Schedule II hereto, or to such other person or account as shall be specified from time to time by the Collateral Agent to the Contracting Party in writing. All parties hereto agree that each payment by the Contracting Party as specified in the preceding sentence of amounts due to the Project Owner from the Contracting Party under the Assigned Agreement shall satisfy the Contracting Party’s corresponding payment obligation under the Assigned Agreement.

7. No Amendments. The Contracting Party acknowledges that the Project Owner and Collateral Agent have informed Contracting Party that the Financing Documents restrict the right of the Project Owner to amend or modify the Assigned Agreement, or to waive or provide consents with respect to certain provisions of the Assigned Agreement, unless certain conditions specified in the Financing Documents are met. The Contracting Party shall not without the prior written consent of the Collateral Agent, materially amend or modify the Assigned Agreement, or accept any waiver or consent with respect to certain provisions of the Assigned Agreement, unless the Contracting Party has received from the Project Owner a copy of a certificate delivered by the Project Owner to the Collateral Agent to the effect that such amendment, modification, waiver or consent has been made in accordance with the terms and conditions of the Financing Documents, which may in certain circumstances require the prior written consent of the Collateral Agent thereto.

8. Additional Provisions. [To be specified if necessary to clarify the Assigned Agreement.]

9. Notices. Notice to any party hereto shall be in writing and shall be deemed to be delivered on the earlier of: (a) the date of personal delivery, (b) postage prepaid, registered or certified mail, return receipt requested, or sent by express courier, in each case addressed to such party at the address indicated below (or at such other address as such party may have theretofore specified by written notice delivered in accordance herewith), upon delivery or refusal to accept delivery, or (c) if transmitted by facsimile, the date when sent and facsimile confirmation is received; provided that any facsimile communication shall be followed promptly by a hard copy original thereof by express courier:

FMPA PROCESS FOR DETERMINING ALLOCABLE A&G COSTS

FMPA uses a process to determine the Administrative and General Costs (A&G Costs) that will be incurred to effectively manage its non-ARP power supply projects. FMPA's Board approves the process and the allocations to power supply project participants when the Board approves each annual power supply project budget. The process is subject to annual review and approval by the Board, and thus, may change from time to time.

The following describes the power supply project A&G cost determination process for the FY2018 Budget and provides an example of how A&G costs will be allocated to Solar Project and ARP Solar Participants, starting with the FY2020 budget:

- 1) Staff determines the FMPA positions that are essential to effective management of the Projects;
- 2) Staff determines the percent time each position spends serving the needs of each the Projects and the ARP;
- 3) The allocable cost of each position to each of the Projects is the percent time this position spends serving the needs of each the Projects determined in 2) multiplied by the current mid-point of the salary range of the position as maintained by FMPA's Human Resources Department and approved by the Board, and multiplied by FMPA's overhead adder percentage;
- 4) The total A&G allocated to each Project is the sum of the allocable costs of each position essential to effective management of the Project;
- 5) The total A&G allocated to the Solar Project will not exceed 100% of the cost associated with the single highest cost non-executive level FMPA position essential to the effective management of the Projects, and annual increases in total A&G allocated shall be commensurate with annual salary increases of such highest costs non-executive level FMPA position;
- 6) Once the annual A&G costs to be allocated to the Solar Project and ARP Solar Participants is determined, the amount is divided by 12 to arrive at the monthly allocable A&G costs.
- 7) For Solar Project and ARP Solar Participants, the monthly allocable A&G costs will be divided by the total amount of the solar energy received by the Solar Project and the ARP Solar Participants for the billing month to determine a monthly allocable A&G rate (\$/MWh). Each Solar Project and ARP Solar Participant pays this rate times the amount of solar energy each Participant received during the billing month.
- 8) The table below is an example of the calculation of annual and monthly allocable A&G costs to each power supply project and the Solar Project and the ARP Solar Participants for the FY2020 Budget using cost data and the process approved for the FY2018 Budget. This allocation process is subject to Board approval each year.

As of the Effective Date of this Agreement, FMPA has incurred \$134,347 in Project Development Fund costs. No additional Project Development Fund costs shall be incurred after the Effective Date.

The amount of Project Development Fund costs allocable to Project Participants shall be calculated by dividing the total balance of Development Fund Costs incurred for solar development by the total expected energy production allocated to the Solar Project and ARP solar participants over the first 20 years of the Solar Project PPA and the power purchase agreement entered into between the ARP solar participants and Seller. The resulting dollar per MWh cost shall be allocated as a Project Related Cost.
