**6. A - WHY DO YOU DESIRE TO SERVE ON THIS BOARD (FIRST PREFERENCE)**

I've often heard how Lake Worth Beach "doesn't have any money" and "is a poor city." While I don't necessarily doubt these assertions, I am very interested in learning the ins-and-outs of the city budget (i.e. is Lake Worth Beach a poor city and, if so, is there anything to be done?), its revenue, expenditures, and if there are any areas that could be improved, particularly any opportunities that may have gone unnoticed or unrealized. With the help of the other members of the advisory board, I'd like to pass on any practical suggestions, insights, or creative ideas for further discussion, analysis and (possible) implementation to the members of the city council.
