**6. A - WHY DO YOU DESIRE TO SERVE ON THIS BOARD (FIRST PREFERENCE)**

I believe it is important to give back to the community in which you live. Serving on this Board allows me to bring my wealth of directly relevant knowledge and experience to the benefit of the community. I am proud to be able to donate my time and experience to help our city continue to improve upon itself in a positive and constructive way.

As a stable minded, fact oriented decision maker, I have proven through my years on this Board that we must adhere to and uphold the LDRs as enacted by our elected officials, and not be bringing personal preference to the decision making process. It is important for aspects of fair treatment to all applicants, but also very important in keeping the City out of potential litigation or other legal issues that can stem from not following our codes, or the prescribed meeting process.

My experience in serving as Vice Chair of the Planning and Zoning Board has, in my opinion, provided valuable guidance during our quasi-judicial proceedings and ensuring that the proper format is followed and all parties be given fair and equal opportunity to present their cases for consideration.
