COMMUNITY INVOLVEMENT

I have been involved with the community efforts in Lake Worth, Palm Beach and New York City, related to new development in these areas. For several years now I have been involved in Lake Worth with a grass roots movement called Historic Lake Worth is Worth Saving. This group of neighbors is dedicated to guiding sustainable growth in the City. I have also served as a Landmarks Preservation Commissioner in Palm Beach, Florida, and as a member of the Municipal Art Society Preservation Committee in New York City which vetted new development in historic districts. I also wrote a dissertation for my Oxford degree looking at Lake Worth and its development patterns which involved research into Lake Worth, its demographics, and interviews and surveys with citizens, policy makers and stakeholders. I believe I am ideally suited to serve on the CRA to help guide its future development.

6. A - WHY DO YOU DESIRE TO SERVE ON THIS BOARD (FIRST PREFERENCE)

I believe that my deep experience in four key areas allow me to positively contribute to the CRA Board. Firstly, I have over 30 years of experience in architecture, design and neighborhood regeneration projects. My firm has won 8 national and international awards in urban design. This allows me to both understand what is being presented to our Board, and put it in a wider context of excellence. Secondly, I have over 30 years of experience serving on non-profit boards, and having served as officers of such, this allows me to know what the obligations are, the rules of order and what the governance behind being a board member entails. Thirdly, I have over 30 years of preservation experience which has given me a thorough understanding of the Secretary of Interiors Standards, and since a large portion of our City is under that jurisdiction, I am qualified to understand how to navigate through new development in preservation districts. And fourthly, I have a degree in Sustainable Urban Development from Oxford University, having graduated in 2020. This puts me in a position of having been exposed to the latest research in climate mitigation, mobility, policy and other topics related to positive sustainable growth and resiliency of the City.

6. B - WHY DO YOU DESIRE TO SERVE ON THIS BOARD (SECOND PREFERENCE)

I have no desire to serve on any other board than the CRA

6. C - WHY DO YOU DESIRE TO SERVE ON THIS BOARD (THIRD PREFERENCE)

I have no desire to serve on any other board than the CRA
