BLOOD PRODUCT TRANSFUSION PROGRAM

The Blood Product Transfusion Program was established to improve survival rates among patients with severe bleeding.

- The program launched with whole blood transfusions in July 2022
- Field-administered plasma was introduced in December 2024
- Patients treated with tranexamic acid and calcium chloride medications

URBAN SEARCH AND RESCUE (USAR) TEAM

- Responds to a wide range of complex emergencies.
- The USAR Team received a Type 3 designation by the Florida Division of Emergency Management (FDEM), recognizing its regional capabilities in collapse rescue, rope and trench operations, K9 search, and support from medical doctors and structural engineers.
- Dedicated Swiftwater unit that has achieved a Type 1 designation (the highest level typically deployed nationwide). It's staffed by expert personnel equipped with boats capable of operating in fast-moving, debris-filled waters.
