					Description & Purpose: The decrease is associated with the new Capacity and Energy Agreement that became effective on January 1, 2026, with Florida Municipal Power Agency (FMPA). Pursuant to the new agreement, LWB has relinquished its transmission rights on the Florida Power & Light (FPL) system and has been granted access to the FMPA transmission system. As a result, transmission costs are no longer billed separately by FPL and are now incorporated into the overall FMPA billing structure. Thus, this line item is no longer needed in the budget.
