RELEVANT EXPERIENCE	I grew up in Lake Worth and spent a majority of my life here. I graduated from UCF with a degree in Business Management and an MBA from FAU. I am familiar with all parts of Lake Worth, know many people in the community including both prominent residents and business owners and have had conversations with said residents and business owners about the difficulties they've faced in residing in the city.
INTEREST/ACTIVITIES	I enjoy being outdoors, especially taking advantage of Lake Worth's beach access and crystal clear water. I enjoy diving, swimming, fishing, fitness, and the arts. I also have a background in computer science that would certainly benefit the city as we progress further into the digital age.
COMMUNITY INVOLVEMENT	I've spent significant time in and around downtown Lake Worth and have volunteered at various times in the past. I was here for the olympic torch being carried through the city, when Rosie's was the biggest restaurant on the block, and volunteered for St. Baldricks back when Irish Brigade used to be Brogues. My friends and I used to jump off the diving board at the Lake Worth Pool before it closed and volunteered at the beach for many events.
WHY DO YOU DESIRE TO SERVE ON THIS BOARD (FIRST PREFERENCE)	I have been in Lake Worth for nearly my entire life and want to give back to the city that influenced my life more than any other. The Community Redevelopment Agency is one way I can bring my education and background in business and project management to better serve the residents and community at large. My hope is that I can better enable the CRA to develop Lake Worth in a sustainable and ultimately beneficial way for all stakeholders of the city of Lake Worth Beach.

**WHY DO YOU DESIRE TO SERVE ON
THIS BOARD (SECOND PREFERENCE)**

One of the things I've done over the last 6 months and continue to do is speak with Lake Worth Beach citizens about their issues and concerns they have with the city. By far the biggest issue I've heard from business owners and residents is dealing with the zoning and building department. If elected to this board I will work tirelessly to help address these issues with the citizens' best interests at heart.
