

# Organization Committee

**Purpose:** Organization involves getting everyone working toward the same goal and assembling the appropriate human and financial resources to implement a Main Street revitalization program. A governing board and standing committees make up the fundamental organizational structure of the volunteer-driven program. Volunteers are coordinated and supported by a paid program director as well. This structure not only divides the workload and clearly delineates responsibilities but also builds consensus and cooperation among the various stakeholders.” (National Main Street Center definition)

Organization Committee members promote the downtown organization’s message of revitalization, and they typically are the front-line ambassadors that keep the critical public-private partnerships in good health with regular conversation and coordination. Members of this committee are charged with organizing and maintaining a regular volunteer corps to implement the vision established by the community for downtown revitalization efforts. They are also charged with raising funds and building a budget to accomplish the organization’s tasks, as well as coordinating with local political leadership to regularly share information about the Downtown so that both public and private sectors can work together to advance priorities for the Downtown.
