Thank You George , I know goals and planning is your specialty. After receiving a 700.00 water bill for three people is just plain robbery. For me and my neighbors something has to be done about the high cost of daily living in the village.

Teresa, Alex, Nancy, Michael,

In an effort to make the Goals and Objectives discussion flow more smoothly at our upcoming meeting, could you please take a minute and provide a sentence or two on your input so your thoughts can be included in the consolidated list. This will allow your ideas to be included in the agenda packet as well as a springboard for discussion. Your input sometime over the weekend would be appreciated so an updated list can be available for the agenda packet. I've attached a copy of the consolidated list as presented on Monday for your reference.

Mark, in Darwin's absence, I'd be happy to update the list and get it back to you in time for inclusion in the agenda packet for our January 26<sup>th</sup> special meeting.

Thanks,

George
