Monthly Planning & Zoning Report

DECEMBER 2025

Each month, the Village Planning Consultant, McKenna, assists in drafting a report on recent activities of the Planning Commission, Zoning Board, and the Planning & Development Department; we welcome comments.

DEPARTMENT INITIATIVES AND PROJECTS

Engineering Standards for Single-Family Homes: The Village Engineering Consultant has met with the Village Attorney to discuss amendments to existing code which will remove inconsistencies and enable approved standards fully. *Final edits are being completed including to the design graphics for final adoption.*

GOGov Permitting and Licensing Software: Village staff has met with the Township Building Official to streamline and coordinate permit handoff. But Village Planner will be working with GoGov on ways to improve information applicants see initially and how we can improve application quality. Any comments/suggestions on ways to improve the system are appreciated.

Tax-Exempt Parcels and Village ROW Inventory: Phase III: Full inventory, inspection, and mapping of Village-owned parcels and public rights-of-way to identify the extent of improvements/encroachments on public property. Majority of inventory and site inspections have been completed. *Draft report has been created and is being revised.* When submitted for Village review recommendations will include a webpage to increase public awareness and a possible public meeting to present information and address community comments.

Master Plan – Strategic Action Plan: The Planning Commission reviewed the final draft and recommended approval to the Village Council, which subsequently approved distribution for the 42-day public review on April 14, 2025. The required public hearing, final review, and adoption are anticipated once comments gathered.

RRC Certification: Village staff and consultants are working to achieve “Essentials” status and is *ongoing*:

- Master Plan Implementation Matrix, Action Plan (In Development)
- Public engagement activities within PC Annual Report. (Ongoing)
- Development Guide to be updated and uploaded to Village website. (In Development)
- Update board/commission applications. (Ongoing)
- Updated training strategy for all boards and commissions (25/26 Draft, In Development)
- Public Participation Plan (Drafted for Approval by Planning Commission and Council)

Planning & Zoning Training: The Board of Zoning Appeals Bylaws require each member to obtain at least 4 hours of relevant training annually; the Planning Commission, DDA, and Council are encouraged to attend all in-house training opportunities. Planning and zoning “essentials” training was conducted in 2024, covering a wide range of topics, and was well-received by officials. Staff will work with the Administration to develop a late-2025 training event, covering one or more specific topics of interest:

- Development Review Process (Site Plans, Special Uses, & Variances)
- Public Participation Plan
- Riparian Rights
- Parking Reform
- Housing Reform
- Environmental Planning

LOOKING AHEAD: POTENTIAL PROJECTS

Unified Master Plan: Immediately following adoption of the Action Plan, the Village should pursue a comprehensive update to the Master Plan, unifying recent amendments; updating community data, trends, and analyses; and providing a modern, easy-to-read document to guide community growth for the next 10-20 years.

Zoning Amendments: The following table summarizes staff recommendations for Zoning Ordinance and/or Map amendments for consideration by the Planning Commission. Should the Planning Commission wish to pursue one or more of these amendments, the Commission may direct staff to further study the issue(s) and/or prepare draft amendment ordinance(s). All proposed amendments require a public hearing, a recommendation by the Planning Commission, and adoption by the Village Council.

SECTION	TOPIC / ISSUE	RECOMMENDED CHANGES
4.03, 12.03, 13.11	RL-Lake SF District setback requirements; current street setback for principal: 25 ft. / for detached accessory: 20 ft.	Provide “Established Front Setback” (EFS) standards for the street setback of lake district homes, like for the RV district. Allows more flexibility for small, nonconforming lake lots to be built in line with adjacent properties Example: 25 ft. or EFS and in no instance less than 15 ft. Adjust detached accessory setback for RL lots to 10 ft.
4.02, 13.12	RV- Village SF District permitted uses	Provide “Accessory Dwelling Unit” (ADU) and “cluster housing” standards permitted (or special) land uses in the RV district.
4.03, 12.02	Single-family district lot coverage / open space; impervious surfaces	Provide lot coverage or open space standards for impervious surfaces (concrete, asphalt) in single-family districts; encourage alternatives (i.e., permeable pavers). Example: no less than 25% of any lot shall remain uncovered, unbuilt upon, and maintained as landscaped or naturalized open space. So if maximum lot coverage for buildings and structures in RV is 40%, an additional 35% can be impervious surfacing (driveways, walkways, patios, etc.)
11.04	PUD review and approval process	Eliminate circuitous review requirements; clearly delineate roles and responsibilities of approving bodies, particularly regarding PUD contract approval.
19.02	Site plan review and approval process	Clearly delineate roles and responsibilities of reviewers and approving bodies, particularly regarding final site plan and construction plan review; require deadline (ex.: 6 months) for final site plan submittal following PC approval.
14.02	Off-street parking requirements	Study demand and current trends, consider updating off-street parking requirements for certain uses, e.g., multiple family uses may be updated to be commensurate with number of bedrooms.

15.02	Landscaping standards	Increase landscaping standards for multiple family and commercial developments; include preferred/prohibited tree species list; require certain percentage of flatwork to be permeable.
