

Greens Park 1890

September 11, 2024

Dear Village of Lake Orion ,

I am requesting the renewal of my contract for *Tour on Orion*, the historical boat tour I have operated for 15 years on Lake Orion. Green's Park has proven to be the ideal location, offering accessible boarding for all guests and a direct connection to the lake's rich history, as scenic tours have been departing from this spot for over a century.

Although this season was not my strongest, I am committed to giving it another shot and continuing to offer this unique experience. I've worked successfully with Parks and Recreation and collaborated effectively with The Pedal Boat to share dock space and advertising.

I look forward to providing this service again, giving residents and visitors a chance to enjoy Lake Orion's beauty and history from the water. I would greatly appreciate your support in renewing my access to Green's Park for the upcoming season.

Thank you for your consideration:

Warm regards,

Riva Beatty
Owner, *Tour on Orion*
