Subject: Recommendation for Award of the Buena Vista Water and Roadway Surface Improvements Project

Dear Mr. Hopkin:

The bid opening for the above-mentioned project was held at 3:00 PM Tuesday, February 10th, 2026, at Lander’s City Hall. We have reviewed the bid forms, bid bonds, and other required certifications for the above referenced project. Enclosed is a Bid Tabulation Sheet for the bids received. Original bid documents were returned to the City on 2/12/2026.

Evaluation of Base Bids

The Bid Form for this project included four Base Bid Schedules (Schedules 0, 1, 2, 3) and one Bid Alternate (Alternate A). Mathematical checks were completed of the extended amounts for each bid item, and the total amounts for the schedule. To compute the Base Bid Price, and for determination of the apparent low bidder, the total combined Bid Prices for Base Bid Schedules 0 through 3 were used. The Total Bid Prices for the project ranked as follows:

Table 1: Summary of Base Bid Amounts

Bidder	Base Bid Price
Western Municipal Construction of Wyoming	\$6,501,604.00
Wilson Bros Construction Inc.	\$6,610,915.00
Oftedal Construction Inc.	\$8,329,204.10

Evaluation of Bid Alternates

HDR reviewed the alternate bids submitted by each bidder. Mathematical checks were completed of the extended amounts for each bid item, and the total amounts for the schedule. The Alternate Bid Prices for the project ranked as follows:

Table 2: Summary of Alternate Bids

Bidder	Alternate A Price
Wilson Bros Construction Inc	\$267,780.00
Western Municipal Construction of Wyoming	\$276,584.00
Oftedal Construction Inc	\$342,326.00

Review of Bids for Responsiveness to the Bidding Requirements

HDR reviewed the bids received for their responsiveness to the requirements described within the Instructions to Bidders. **Article 3-Qualifications of Bidders** specifically states the following:

ARTICLE 3 – QUALIFICATIONS OF BIDDERS

- 3.01 To demonstrate Bidder’s qualifications to perform the Work, Bidder shall submit with its Bid (a) written evidence establishing its qualifications such as financial data, previous experience, and present commitments, and (b) the following additional information:
- A. Evidence of Bidder’s authority to do business in the State of Wyoming.
 - B. Bidder’s state or other contractor license number.
 - C. Subcontractor and Supplier qualification information; coordinate with provisions of Article 13 of these Instructions, “Subcontractors, Suppliers, and Others.”
 - D. Copy of Certificate of Residency, if bidding as a resident.
 - E. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transactions
 - F. Certification Regarding Lobbying (EPA Form 6600-06)
- 3.02 A Bidder’s failure to submit required qualification information within the times indicated may disqualify Bidder from receiving an award of the Contract.

The results of that review are summarized in the following table:

Table 3: Bid Review Summary

Bidder	Evidence of Bidder’s Authority to do Business in Wyoming	Contractor License Number	Subcontractor and Supplier Qualification Information	Copy of Certificate of Residency	Certification Regarding Debarment	EPA Form 6600-06
Western Municipal Construction of Wyoming			X		X	X
Wilson Bros Construction Inc	X	X	X	X	X	X
Oftedal Construction Inc	X	X	X	X	X	X

AWARD OF IN-STATE PREFERENCE

Based on the above results, Western Municipal Construction of Wyoming was the apparent low bidder at the time of the bid opening; however, they did not supply a certificate of residency with their sealed bid, rather they attempted to submit their certificate of residency to HDR following the bid opening. The bidding documents, including Articles 3.01 and 12.01 of the Instructions to Bidders (Section 00200), require that the certificate be provided with the bid. Specifically, Article 12.01 of the Instructions to Bidders states that:

*“The contract shall be let to the responsible certified resident making the lowest bid, if the certified resident’s bid is not more than five percent (5%) higher than that of the lowest responsible nonresident bidder and the resident bidder does not propose to subcontract more than thirty percent (30%) of the work to non-resident contractors. A resident for this purpose must be certified as a resident by the Wyoming Department of Workforce Services prior to bidding upon the Contract...**A resident bidder shall submit a copy of its certificate of residence with its bid.**”*

As part of the bid evaluation, HDR consulted with the WWDO Project Manager/ DWSRF Technical Advisor, who in-turn consulted the Attorney General’s Office regarding this determination, and received concurrence with our determination that no resident contractor preference shall be awarded to Western Municipal Construction of Wyoming. According to their consultation:

- 1) *No preference may be awarded to a contractor who is not a certified resident contractor at the time bids are submitted, and residency certification cannot be granted retroactively.*
- 2) *State Construction Department Rules (Ch. 3, Sec. 17(b)(iv)) further require that proof of residency certification be included within the competitive sealed bid package.*

Wilson Bros Construction, Inc provided a certificate of residency and therefore their bid was evaluated in accordance with the Preference for Resident Contractors (Article 12) section of the Instructions to Bidders (ITB). Their base bid is \$109,311 (≈1.7%) higher than Western Municipal Construction of Wyoming’s base bid, thus applying the 5% in-state preference to Wilson Brothers makes them the low bidder for selection.

Wilson Brothers listed subcontractors are all Wyoming resident contractors and their total subcontracted work amounts to 28% of the total award amount, which is less than the 30% requirement described above. Applying the Preference for Resident Contractors requirements from the Contract Bid Documents to the evaluation of bids results in an apparent award of this contract to Wilson Brothers Construction Inc.

Recommendation of Award

A review of Wilson Bros Construction Inc.’s bid package indicates that the contractor meets the qualification requirements for award of the Buena Vista Water and Roadway Surface Improvements Project. Wilson Bros submitted a complete and properly executed bid form, bid bond, and all required federal and state certifications, including certifications regarding debarment, suspension, ineligibility, and lobbying. The firm also provided a valid Wyoming Certificate of Residency (Certificate No. 2101202656, expiring 1/20/2027), confirming eligibility for resident contractor preference. Their bid package includes a list of proposed subcontractors and suppliers, as well as a project reference list demonstrating recent and relevant experience with large-scale waterline, roadway, and utility construction projects throughout Wyoming and Montana.

Based on our evaluation of the bids and Wilson Bros Construction Inc’s qualifications, we recommend that the Total Bid Price be awarded to Wilson Bros Construction Inc in the amount of **\$6,610,915.00**

If funding is available, we also recommend awarding Bid Alternate A to Wilson Bros Construction Inc in the amount of **\$267,780.00**.

Limitations of Review and Potential Protest by Apparent Low Bidder

HDR reviewed the bids received for their responsiveness to the approved bidding and construction documents, which were previously reviewed and approved by WYDWSRF. We are aware that the apparent low bidder at the time of the bid opening, Western Municipal Construction of Wyoming, intends to protest the award to Wilson Brothers Construction on the basis that in-state preference cannot apply to federally funded projects. HDR cannot provide legal advice on this matter but would suggest that the City

Attorney be involved in any such dispute. As requested by the City, we sought further clarification from DWSRF after this issue was brought to our attention. An official update from the EPA was not available at the time of this letter, however SRF noted the following:

SRF doesn't require that the loan recipient pick the lowest bid, but will only reimburse based on the lowest bid (or lowest in-state registered contractor if required by statute).

Thank you for considering our recommendation. Please do not hesitate to contact us if you have any questions, comments, or concerns regarding our recommendation and review of the bidding documents.

Sincerely,

HDR Engineering, Inc.

If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
