

	CITY OF LANDER		
	REGULAR CITY COUNCIL MEETING		
	Tuesday, May 12, 2026, at 6:00 PM		
	City Council Chambers, 240 Lincoln Street		
	MINUTES		

1. **CALL TO ORDER** Mayor White led the Pledge of Allegiance and called the meeting to order at 6:00 PM.
COUNCIL MEMBERS PRESENT: John Larsen, Dan Hahn, Chad Cassady, Julia Stuble, Melinda Cox, Josh Hahn, and Mayor Missy White. Declaration of a quorum. STAFF PRESENT: Police Chief Kelly Waugh, Public Works Director Lance Hopkin, Assistant Mayor RaJean Strube Fossen, City Treasurer Kristy Koehn, City Attorney Adam Phillips, City Clerk Rachelle Fontaine.

2. **APPROVAL OF AGENDA**

Moved by Council Member Cox, seconded by Council Member Stuble.

Council Member Stuble moved to amend the agenda and add 9.D New Business Action Item Resolution 1385, a resolution of the governing body of the City of Lander amending resolution number 1381 to clarify the question of the Three-Quarter Percent Sales and Use Tax to specifically establish a four-year term, seconded by Council Member Larsen. Council members Voting Aye to amend the agenda: Larsen, D Hahn, Stuble. Council Members voting Nay: Cassady, Cox, J Hahn. Mayor White voted aye to break the tie. Motion passes 4-3.
Council Members voting to approve the agenda as a whole: Larsen, Cassady, D Hahn, Cox, Stuble, J Hahn. Motion passes.

3. **PUBLIC HEARING NEW RESTAURANT LIQUOR LICENSE APPLICATION for WIND RIVER PIZZA, LLC D/B/A Wind River Pizza Company 680 Main Street ,STE C LANDER, WY LOT 11-12, BLK 13, ORIGINAL TOWN OF LANDER COMMERCIAL DISTRICT**
 - A. Mayor White opened the hearing at 6:04 PM.
 - B. Introduce and read. City Clerk Fontaine explained that Wind River Pizza LLC applied for a restaurant liquor license for their building on Main Street, which is under renovation. This is on the agenda to be approved by the council but not issued until such time as they are operational. The statute allows one-year to become operational and provide a valid food service permit. The applicants were present to answer any questions.
 - C. Public comment

Charles Woolwine spoke in opposition to the prevalence of alcohol in Lander, expressing concern about its impact on youth and families, the visibility of alcohol advertising and availability throughout the community, and alcohol-related harms, and stated that Wyoming law does not require the City Council to issue all liquor licenses available under population-based limits.

Michelle Motherway, representing Mr. D's Food Center, spoke in support of Ms. Spriggs opening a brick-and-mortar pizzeria nearby, noting positive past business experience with Wind River Pizza and welcoming the business to the neighborhood.

Ron Hansen spoke in support of Mr. Spriggs' proposal, stating that the new restaurant would benefit economic development, fill a vacant Main Street building, and help address the community's need for additional dining options for residents, visitors, tournaments, and activities.

Karen Wetzel stated that while she believes the community has enough liquor licenses, she supports licenses associated with restaurants where patrons may have a drink with a meal, and expressed concern about alcohol sales and home delivery through stores, gas stations, and grocery stores.

Brian Fable, representing the Lander Chamber of Commerce, spoke in support of the application, stating that locally driven, community-based investment is the type of business development the community should encourage.

D. Mayor White closed the hearing at 6:17 PM.

4. COMMUNICATION FROM THE FLOOR

A. Public Comment

Janelle Hahn of Lander commented on the proposed three-quarter percent sales tax resolutions, expressing concern that an MOA or MOU had not yet been finalized regarding how the funds would be managed or distributed, and stated that elected officials should be responsible and accountable for handling the money if the tax passes.

Paula McCormick, representing the Lander Oldtimers Rodeo Association, stated that she was available to answer any questions related to the staff report regarding the rodeo grounds.

Karen Wetzel agreed with Janelle Hahn's concerns and stated that sales tax funds should be overseen by elected officials, such as the county commissioners or council, rather than by a volunteer organization or individuals with potential interests in how the money is spent.

Michelle Motherway recognized the Lander varsity girls softball team's recent win and thanked the Council for its support, then commented on the proposed Title II amendments, expressing appreciation for efforts to simplify the ordinance while questioning whether the Council should adopt regulations that are merely "survivable" for businesses rather than helpful, business-friendly, and supportive of community growth.

5. MAYOR AND COUNCIL UPDATES

Council Member Larson reported on a visit to the Senior Center, noting that cinnamon roll sales will be reduced to once per month during the summer and recognizing the Senior Center's volunteer tax preparers for completing 305 tax returns that generated \$458,916 in refunds.

Council Member Cassady thanked the City Treasurer for taking time to review financial documents with him and commended the Planning Commission for slowing down a recent decision to allow members to gather more information and better understand the matter before proceeding.

Council Member Dan Hahn expressed concern that the Farthing Slip discussion is actually a broader flood mitigation effort, opposed any approach involving property acquisition or eminent domain, and stated he has never supported flood mitigation plans that would take private property from residents.

Council Member Cox provided updates on the Wyoming Outdoor Weekend Expo, praised improved communication and engagement from the Chamber of Commerce, recognized city staff and the police chief for helpful and timely communication, expressed appreciation for community members who speak on important issues, and acknowledged new local businesses.

Council Member Stuble reported that the Energy and Environment Task Force is reviewing bills and preparing an audit on emissions reduction, efficiency, and cost savings. She thanked community members for attending the meeting and providing input. She recognized the LOR Foundation for supporting local projects.

Council Member Hahn raised concerns from the public about delays in inspections and the effect on local businesses. He also asked about drainage issues at the softball fields and whether half-percent sales tax funds could be used for repairs or future field development. Staff responded that the inspection concerns would be reviewed and that the softball field drainage issue involves school district property, temporary safety measures, and broader questions about whether to invest in the existing field or consider future facilities at the new park.

Mayor White echoed appreciation for the LOR Foundation's impact, reminded Council about the upcoming WAM social hour, and noted that an MOA regarding sales tax fund management is expected for discussion on May 26th. She acknowledged interest in the open seats and stated that the Chamber has chosen to end its MOU with the City.

6. STAFF REPORTS

Chief Waugh reported that the department has been busy implementing operational improvements, including updated records workflows, NIBRS crime reporting, reduced reliance on county dispatch services, mobile data terminals and vehicle printers. He noted expanded collaboration with partner agencies, support for the CWC Academy approval process, and TIPS training for 48 participants.

Public Works Director Lance Hopkin provided construction updates, including the anticipated substantial completion of Lincoln Street around July 4, Buena Vista work after July 4, an upcoming bid opening for the airport apron project, and progress on Baldwin Creek, Fifth Street, and the park parking lot and waterline projects. He also discussed challenges with underground fiber installation due to Lander's rocky soils, explained that short asphalt patches around town are temporary repairs to extend pavement life, and noted that recycled asphalt is being used when possible, to reduce costs and improve surfaces.

Assistant Mayor RaJean Strube Fossen provided a grant update, including a \$500,000 SUB award for unmet housing needs, applications for a potential City Park fishpond design, recreation trails, a community center feasibility study, energy efficiency audits, Senior Center lighting upgrades, depot abatement, and FEMA flood mitigation funding. She also discussed LOR-funded recreation projects, including North Park ball field fencing. She discussed potential Indian Relay fencing safety upgrades, noting a cost of \$70,000 for a preferred solution with \$20,000 in funding currently identified .

City Treasurer Koehn reported that she has been working on budget information. She noted that Casselle is moving customers to a new hosting platform and ending its integration with Express Bill Pay, requiring staff to evaluate payment processing and data-transfer options.

City Clerk Fontaine reported a strong response to seasonal job applications, with all positions filled except for a few cemetery maintenance roles. She announced that election filing for Ward 1, Ward 2, Ward 3, and the Mayor opens May 14 and closes at 5:00 p.m. on May 29, noting that an updated municipal application form is now required.

7. CONSENT AGENDA

- A. Approve April 14 2026 City Council Meeting Minutes
- B. Approve April 28 2026 City Council Special Meeting Minutes
- C. Approve April 28 2026 City Council Work Session Meeting Minutes
- D. Approve Bills and Claims

Moved by Council Member Cox, seconded by Council Member Larsen.

Council Member Cassady requested that the Bills and Claims be pulled from the Consent Agenda for discussion. Council Member Stuble requested that the Work Session Minutes be pulled as well.

Council Member Cassady asked about city payments for tree removal and demolition related to a burned structure. Staff explained that, during the fire, a burning tree was cut down because it posed a safety risk to firefighters and nearby property. The structure was also unstable, so a contractor helped push it in during high winds. The city submitted the costs to insurance and was waiting to see whether insurance would cover them.

Cassady then raised concerns about how bills and claims are reviewed. He said council members have a fiduciary duty to provide informed and diligent oversight and questioned whether bills and claims should be treated as "routine" or placed on the consent agenda. He also said some expense descriptions, such as vague MasterCard charges, do not provide enough detail for meaningful review. He suggested the city consider improving coding practices and possibly moving bills and claims out of the consent agenda in the future.

Council Member Stuble moved to amend the first sentence of the Work Session Minutes, which reads, " The City Council held a work session to review the proposed. " and add the word budget.

Seconded by Council Member Cassady. Council Members voting Yea: Larsen, Cassady, D Hahn, Cox, Stuble, and J Hahn. Motion to amend passed.

Council Members voting Yea to approve the Consent Agenda as amended: Larsen, D Hahn, Cox, Stuble, and J Hahn. Council members voting Nay: Cassady. Motion passed.

8. NEW BUSINESS (NON-ACTION ITEMS)

- A. Read requested 2026 2027 City of Lander Budget into minutes. City Treasurer Koehn read the proposed FY2026-2027 budget, City of Lander budget, into the minutes.

Moved by Council Member Cox, seconded by Council Member Cassady. Council Members voting Yea: Larsen, D Hahn, Cassady, Cox, Stuble and J Hahn. Motion passed.

11. UNFINISHED BUSINESS (NON ACTION ITEMS)

- A. Council Discussion concerning proposed Ordinance 2025-13 Repealing City Of Lander Municipal Code Title 2 –Sale, Licensing and Use Of Alcoholic and Malt Beverages, Sections 2-1-1 Through 2-5-1 in its Entirety and Replacing It With Title 2 – Sale, Licensing and Use Of Alcoholic and Malt Beverages Sections 2-1-1 Through 2-6-1

The council discussed proposed Ordinance 2025-13, which would repeal and replace portions of Lander’s municipal code governing alcoholic and malt beverages. After a recess, the discussion focused mainly on whether violations should be handled through fines, points, or another violation-tracking system.

City legal counsel explained that civil fines can be difficult to enforce because, unlike criminal fines, unpaid civil fines may require the city to pursue debt collection or litigation. Several councilmembers weighed that concern against business-owner feedback that a points or demerit system feels punitive and burdensome.

Council members discussed a proposed amendment that would reduce and clarify the types of violations, track the number of violations rather than points, attach fines as an accountability

measure, and create a more detailed hearing, enforcement, suspension, revocation, and appeal process using an independent hearing officer.

There was disagreement over fines versus points. Some members favored points because fines may affect small businesses more heavily and could be hard to collect from bad actors. Others favored fines because business owners had consistently opposed points and because the city has had relatively few liquor-license violations.

The council also discussed possible incentives or “carrots,” such as credit for confiscating fake IDs or self-reporting violations. Other details included changing the tracking period to the license renewal term, removing unauthorized gambling from the violations list, clarifying what counts as a violation, and considering whether malt beverage permit events should have at least one person with approved alcohol-server training present.

Training requirements were also discussed. The draft used 60 days for approved alcohol-server training, with renewal every two years, though at least one councilmember argued for a shorter timeline. The police chief said the department had already helped conduct five trainings for 48 people and that continuing those trainings was sustainable for staff.

The discussion ended with general agreement that the ordinance could be brought forward for a vote at the May 26 meeting.

12. ADJOURNMENT

Moved by Council Member Cox, seconded by Council Member J Hahn. Council Members voting Yea: Larsen, Cassady, D Hahn, Cox, Stuble and J Hahn. Motion passed.

Being no further business to come before the Council, the meeting was adjourned at 9:15 PM.

The City of Lander

By: _____
Missy White,
City of Lander Mayor

ATTEST:

Rachelle Fontaine, City Clerk
