City Staff Comments on S 24.02, Landent Subdivision Re-plat, Secret Valley, Bills/Olsen

The City has had several pre subdivision meetings with the owner's representative to reflect the proper lot lines and building locations for a recent land sale. City Staff has reviewed the subject Minor plat based on the subdivision codes set forth in Title 4-9-5 - Minor Plats and the drawing changes have already been incorporated.

City Staff recommends approval of S 24.02 to reflect the actual built environment for all future land transactions.
