Mr. Blake Abernathy
Public Works Director
P.O. Box 8165
Landis, North Carolina 28088

Ref.: Material Bid Recommendations
Public Works Substation

Dear Blake:

The Town received proposals on April 3, 2025, from fifteen suppliers and representatives solicited for providing electrical material necessary for construction of the new Public Works Substation.

A tabulation of the bids received is attached.

We have evaluated each item quoted based on compliance with the specifications, cost and delivery. These are the bidders we are recommending:

Schedule I - 115KV Transmission Pole	WESCO	\$14,177.00
Schedule II - Substation Structure	Substation Enterprises	\$372,426.00
Schedule III - Circuit Switcher	WESCO	\$100,901.00
Schedule IV - Power Transformer	Howard	\$1,721,558.00
Schedule V - 15KV Circuit Breakers	NTS/Siemens	\$103,428.00
Schedule VI - Equipment House	Modular Connections	\$138,021.00
Schedule VII - Relay and Control Board	Utility Packaging	\$64,808.00

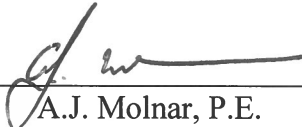

The total bid price for the above listed items excluding Sales Tax is \$2,515,319.00.

If the Town agrees with our recommendations, we can assemble draft contracts for execution. Typically respondents offer their standard terms and some negotiation may be required to reconcile with Town requirements and preferences. This is the case with about half the vendors recommended and differences can usually be mitigated with a little input from the Town's Attorney. Once in an acceptable form, we can insert Purchase Orders and circulate the contracts for signatures.

Please let us know if you need additional information.

Very truly yours,

SOUTHEASTERN CONSULTING ENGINEERS, INC.
