MEETING TYPE: Board of Alderman

DATE: June 6, 2024

SUBMITTED BY: Blake Abernathy, Public Works Director

ITEM TYPE: Consideration

AGENDA SECTION: Considerations

SUBJECT: **Consider Purchasing Ferguson Water Meters with MXU Antennas**

DETAILS:

Consider approval for purchasing 50 residential water meters along with MXU antennas. These meters are provided by Ferguson Waterworks out of Greenville SC, they are the only provider for these meters. This purchase of meters will go towards replacing existing water meters on our system with battery levels set to expire in the next two years. We would like to begin changing these meters out now in sections, so we aren't replacing the entire system all at once.
