SUBJECT: **Consider Discussion of Engaging an Outside Consultant to Review the Landis Development Ordinance**

DETAILS:

At the December 2025 Planning Board Meeting, a statement was made that the Planning Board Members review the Landis Development Ordinance for any revisions or changes that need to be made. During the discussion, a motion was made to have an outside firm review the Landis Development Ordinance since it has been four years since it had been done. The Planning Board unanimously recommended the governing board move forward with this action to have the LDO reviewed for corrections, and adjustments.
