## **Water Tank Maintenance Contract**

**Owner:** Town of Landis  
Landis, NC

**Tank Size/Name:** 100,000 Gallon Elevated - Downtown Tank

**Location:** East Ryder Street

**Date Prepared:** June 19 , 2023

## **WATER TANK MAINTENANCE CONTRACT**

This Water Tank Maintenance Contract (hereinafter, "the Contract") is entered into by and between the **Town of Landis, whose business address is Post Office Box 8165, Landis, NC 28088** (hereinafter, "the Owner") and Utility Service Co., Inc., whose business address is 535 General Courtney Hodges Boulevard, Post Office Box 1350, Perry, Georgia 31069 (hereinafter, "the Company"). The Owner and the Company shall be individually referred to herein as "a Party" or collectively referred to herein as "the Parties".

Therefore, in consideration of the mutual promises contained herein and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Owner and the Company, the Parties agree as follows:

**1. Company's Engagement and Responsibilities.** The Owner agrees to engage the Company to provide the professional services needed to maintain its **100,000** gallon water storage tank located at **East Ryder Street, Landis, NC 28088** (hereinafter, "the Tank"). The services (collectively, "the Services") that the Company will provide include the following:

- a. For purposes of this Contract, "Contract Year" shall mean the 12-month period which commences on the first day of the month when the Contract is executed by the Owner and each successive 12-month period thereafter (hereinafter, "Contract Year" or collectively, "Contract Years").
- b. The Company will annually inspect the Tank. The Tank will be inspected to ensure that the structure is in a sound, watertight condition. The Company will provide a written inspection report to the Owner following each inspection.
- c. Biennially, after the Tank is drained by the Owner, the Company will clean the interior of the Tank and perform a condition assessment on the Tank (hereinafter "Washout Inspection"). During each Washout Inspection, the Tank will be cleaned to remove all mud, silt, and other accumulations from the interior of the Tank. After a Washout Inspection is completed, the interior of the Tank will be thoroughly inspected and disinfected prior to returning the Tank to service; however, the Owner is responsible for draining and filling the Tank and conducting any required testing of the water before returning the Tank to service.
- d. The Company shall provide the engineering and inspection services needed to maintain and repair the Tank during the term of this Contract. The repairs include: the Tank's expansion joints, water level indicators, sway rod adjustments, vent screens, manhole covers/gaskets, and the Tank's other steel parts not otherwise excluded hereinafter.
- e. The Company will clean and repaint the interior and/or exterior of the Tank at such time as complete repainting is needed. The need for interior painting of the Tank is to be determined by the thickness of the existing liner and its protective condition. Only materials approved for use in potable water tanks will be used on any interior surface area. The need for exterior painting of the Tank is to be determined by the appearance and protective condition of the existing paint. At the time that the exterior requires repainting, the Company agrees to paint the Tank with a coating that is the same color as the existing coating and to select a coating system which best suits the site conditions, environment, and general location of the Tank. When interior or exterior

painting of the Tank is needed, all products and procedures as to coating systems will be equal to or exceed the requirements of the **State of North Carolina** and the American Water Works Association's D102 standard in effect as of the Effective Date (defined hereinafter).

f. The Company will install a lock on the roof hatch of the Tank; however, the provision of such lock does not guarantee the Tank's security during the term of the Contract. For the avoidance of doubt, security of the Tank and the site where the Tank is located (hereinafter, "Tank Site") are the responsibility of the Owner.

g. In the event of an emergency involving the Tank, the Owner shall provide written notice of such emergency to the Company via its email hotline at the following address: customerservice@usgwater.com. The Company will provide emergency services for the Tank, when needed, to perform all repairs covered under this Contract. Reasonable travel time must be allowed for the repair unit to reach the Tank Site.

h. When the Tank is taken out of service, the Company will furnish pressure relief valves, if requested by the Owner, so that the Owner can install the valves in its water system while the Tank is being serviced. The Owner assumes all risk and liability for the installation and use of the pressure relief valves.

i. The Company will furnish the Owner with current certificates of insurance, which will summarize the Company's insurance coverage.

**2. Contract Price/Annual Fees.** For the performance of the Services required by Section 1, the Owner shall pay the Company an Annual Fee (hereinafter, "Annual Fee") for each Contract Year of the Contract. The first **three (3)** Annual Fees shall be **\$9,000.00**. Each third Contract Years thereafter, the Annual Fee shall be adjusted to reflect the current cost of service. The adjustment of the Annual Fee shall be limited to a maximum of 4% annually. All applicable taxes are the responsibility of the Owner and are in addition to the stated costs and fees in this Contract.

**3. Payment Terms.** The Annual Fee for Contract **Year 1**, plus all applicable taxes, shall be due and payable **within ninety (90) days of the Owner's execution of the Contract**. **Each subsequent Annual Fee, plus all applicable taxes, shall be due and payable on the first day of each Contract Year thereafter.** If the Annual Fee, plus all applicable taxes, are not paid within ninety (90) days of the date of invoice, the Company may charge the Owner a late fee on unpaid balances and may also terminate or suspend Services under this Contract without notice. The late fee will be 1.5% per month.

**4. Changes or Delays to Services.** For purposes of this Section 4, "**Unreasonable Delay**" shall mean the Owner's delay in releasing the Tank or making the Tank available to the Company for the performance of any of the Services described herein for a period of **twenty-four (24) months following the Company's written request for release or access to the Tank**. In the event of Unreasonable Delay, the Company reserves the right to recover its reasonable costs related to the Unreasonable Delay, and the Owner agrees to negotiate with the Company in good faith to determine the amount of its reasonable costs caused by such Unreasonable Delay. Furthermore, the Owner hereby agrees that the Company can replace a Washout Inspection of the Tank with a visual inspection, remotely operated vehicle inspection ("ROV Inspection"), or unmanned aerial vehicle inspection ("UAV Inspection") without requiring the modification of this Contract.

**5. Structure of Tank and Tank Site Conditions.** The Company is accepting this Tank to maintain pursuant to the requirements of this Contract based upon its existing structure and components as of the Effective Date (defined hereinafter). **Any modifications to the Tank, including antenna installations, shall be approved by the Company, prior to installation and may warrant an increase in the Annual Fees.** In addition, changes in the condition of the Tank Site and/or any

adjoining properties (e.g., construction of a mall next to the Tank Site which significantly increases the risk of overspray claims, etc.) following the Effective Date, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this Contract.

**6. Environmental, Health, Safety, Labor, or Industry Requirements.** The Owner hereby agrees that the promulgation of, enactment of, or modification to any environmental, health, safety, or labor laws, regulations, orders, or ordinances (e.g., EPA or OSHA regulations or standards) following the Effective Date of this Contract, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this Contract. Furthermore, modifications to industry requirement(s) including, but not limited to, standard(s) or other guidance documents issued by the American Water Works Association, National Sanitary Foundation, and the Association for Materials Protection and Performance, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this Contract. Said equitable adjustment of the Annual Fees in this Contract will reasonably reflect the increased cost of the Services with newly negotiated Annual Fee(s).

The Parties agree that the Company's Annual Fees are based on the Owner's representation that the work to be performed under this Contract is not subject to prevailing wage requirements. The Owner agrees to notify the Company immediately, if the Company's work is (or will become) subject to prevailing wage requirements, so that the Company may submit revised amounts for Annual Fees.

**7. Excluded Items.** This Contract does NOT include the cost for and/or liability on the part of the Company for: (i) containment of the Tank at any time during the term of the Contract; (ii) disposal of any hazardous waste materials; (iii) resolution of operational problems or structural damage due to cold weather; (iv) repair of structural damage due to antenna installations or other attachments for which the Tank was not originally designed; (v) resolution of operational problems or repair of structural damage or site damage caused by physical conditions below the surface of the ground; (vi) negligent acts of Owner's employees, agents or contractors; (vii) damages, whether foreseen or unforeseen, caused by the Owner's use of pressure relief valves; (viii) repairs to the foundation of the Tank; (ix) any latent defects or inaccessible areas of the Tank or its components (including, but not limited to, (a) corrosion from the underside of the floor plates, and (b) inaccessible areas of the Tank such as the area between the bottom of the roof plate and the top of the roof rafter); (x) the maintenance, repair or replacement of any electrical components (to include any lighting, such as aviation lights); (xi) the maintenance, repair or replacement of fill lines, insulation, and/or frost jackets; (xii) the maintenance, repair, or replacement of piping of any kind below ground level; and (xiii) other conditions which are beyond the Owner's and Company's control, including, but not limited to: acts of God and acts of terrorism. Acts of God include, but are not limited to, any damage to the Tank or Tank Site which is caused by seismic activity, hurricanes, and/or tornadoes. Acts of terrorism include, but are not limited to, any damage to the Tank or Tank Site which results from an unauthorized entry of any kind to the Tank or Tank Site.

**8. Force Majeure.** If the Company is prevented from performing any of its duties or obligations hereunder (other than duties or obligations with respect to payment) in a timely manner by reason of act of God or force majeure such as: (i) fire, (ii) war, (iii) earthquake, (iv) strike, (v) lock-out, (vi) labor dispute, (vii) flood, (viii) public disaster, (ix) pandemic or epidemic event (including COVID-19), (x) interruptions or delays in reasonably available means of transportation, (xi) acts of any government or its agencies or officers, or any order, regulation, or ruling thereof, (xii) equipment or technical malfunctions or failures, (xiii) power failures or interruptions, or (xiv) any other reason beyond its reasonable control, such condition shall be deemed to be a valid excuse for delay of performance or for nonperformance of any such duty or obligation for the period during which such condition exists.

**9. Termination.** This Contract is an annual contract that shall automatically renew on an annual basis for successive Contract Years so long as: (i) the Owner pays each Annual Fee to the Company in accordance with the terms herein and (ii) does not terminate the Contract pursuant to the terms of this Section. This Contract is subject to termination by the Owner only at the end of the then-current Contract Year if written notice of intent to terminate is received by the Company at least ninety (90) days prior to the first day of the upcoming Contract Year. If the notice of intent to terminate is not received at least ninety (90) days prior to the first day of the upcoming Contract Year, this Contract shall renew for an additional Contract Year and expire at the end of the upcoming Contract Year. In such an event, the Owner agrees that it shall be responsible to pay the Annual Fee for the upcoming Contract Year. The notice of intent to terminate must be sent by certified mail, with return receipt requested, to Utility Service Co., Inc., Attention: Customer Service, Post Office Box 1350, Perry, Georgia 31069, and signed by three (3) authorized voting officials of the Owner's governing body (e.g., commission or council). Notice of intent to terminate cannot be delivered electronically or verbally (e.g., email, text, phone call, etc.).

**10. Assignment.** The Owner may not assign or otherwise transfer all or any of its interest under this Contract without the prior written consent of the Company. If the Company agrees to the assignment, the Owner shall remain responsible under this Contract, until its assignee assumes in full and in writing all of the obligations of the Owner under this Contract. Any attempted assignment by Owner in violation of this provision will be void and of no effect.

**11. Indemnification.** THE COMPANY AGREES TO INDEMNIFY THE OWNER AND HOLD THE OWNER HARMLESS FROM CLAIMS, DEMANDS, ACTIONS, DAMAGES, LIABILITY, AND EXPENSE IN CONNECTION WITH LOSS OF LIFE, PERSONAL INJURY, AND/OR DAMAGE TO PROPERTY BY REASON OF AND TO THE EXTENT OF ANY NEGLIGENT ACT OF THE COMPANY OR ITS SUBCONTRACTORS, AGENTS, OR EMPLOYEES. IN TURN, THE OWNER AGREES TO INDEMNIFY THE COMPANY AND HOLD THE COMPANY HARMLESS FROM CLAIMS, DEMANDS, ACTIONS, DAMAGES, LIABILITY, AND EXPENSE IN CONNECTION WITH LOSS OF LIFE, PERSONAL INJURY, AND/OR DAMAGE TO PROPERTY BY REASON OF AND TO THE EXTENT OF ANY NEGLIGENT ACT OF THE OWNER OR ITS CONTRACTORS, AGENTS, OR EMPLOYEES.

**12. Assignment of Receivables.** The Company reserves the right to assign any outstanding receivables from this Contract to its banking institution as collateral for any loans or lines of credit.

**13. Miscellaneous Items.** No modifications, amendments, or alterations of this Contract may be made, except in a writing signed by the Parties. No failure or delay on the part of any Party hereto in exercising any power or right hereunder shall operate as a waiver thereof. The Parties expressly warrant that the individuals who sign below are authorized to bind them.

**14. Excessive Inflation.** In the event that the aggregate of the Annual Inflation Rates (defined herein below) established for two (2) consecutive calendar years during the term of this Contract exceeds 12% in total, the Owner and the Company agree to renegotiate the Annual Fees and increase the Annual Fees throughout the remaining term of the Contract to compensate the Company for the excessive inflation. For purposes of this provision, the Annual Inflation Rate for each calendar year shall be established by the *Engineering News Report – Construction Cost Index (“ENR-CCI”)*. In the event that the ENR-CCI index is discontinued, the Owner and the Company will negotiate and agree to an alternative index or methodology to address the excessive inflation. For illustrative purposes, if a Contract is executed in 2022, the first equitable adjustment could not be made until both the 2023

inflation rate and the 2024 inflation rate have been established. If the annual inflation rates for 2023 and 2024 are 5.0% and 7.1%, respectively, the Owner and the Company agree to renegotiate the current year's Annual Fee as well as the remaining Annual Fees for the remainder of the term of the Contract to address the excessive inflation.

**15. Counterparts.** This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same Agreement. The Parties may utilize electronic means (including facsimile and e-mail) to execute and transmit the Agreement and all such electronically executed and/or transmitted copies of the Agreement shall be deemed as valid as originals.

**16. Termination of Prior Contract.** The parties acknowledge that the Owner entered into one (1) contract for water tank maintenance services on this tank with Company on June 9, 1999 ("Prior Contract"). It is the intent of the Owner and the Company for the Prior Contract to terminate immediately upon the execution of this Contract, and this Contract shall supersede the Prior Contract in all respects regarding the maintenance of the tanks. Owner remains responsible for any outstanding invoicing under the Prior Contract.

**17. Entire Agreement.** This Agreement constitutes the entire agreement of the Parties and supersedes all prior communications, understandings, and agreements relating to the subject matter hereof, whether oral or written.

This Contract is executed and effective as of the date ("the Effective Date") that the last Party signs this Contract below.
