WHEREAS, the Town Board of Aldermen finds that the Subdivision will benefit the citizens and businesses of the Town of Landis by expanding the Town’s tax base, by contributing to the diversification of the Town’s local economy, by helping attract new businesses and industries to the Town, and by creating additional jobs within the Town. The Town finds that it is in the best interests of the citizens and businesses of Landis for the Town to encourage the development of the Subdivision.

NOW, THEREFORE, based upon recitals hereinabove, the terms and conditions set forth herein and in consideration of the mutual promises and assurances provided herein, the parties do hereby agree as follows;

Approval of Site Plan. Developer has submitted a ***Preliminary Plat/Site Development Plan*** for the Kimball Landing Townhomes project (the “Site Plan”) to the Town’s Planning Department in accordance with the procedures in the Landis Development Ordinance. A copy of said Site Plan

is attached hereto as Exhibit B and incorporated by reference. If and when the Site Plan is approved by the Town per the procedures in the Landis Development Ordinance, the Developer will be authorized to proceed with the following pursuant to the approved Site Plan:

- The installation and approval of required improvements (subject to the approval of construction drawings as required by the Landis Development Ordinance);
- Site preparation/grading (subject to obtaining a grading permit and/or an erosion control permit as required in the Landis Development Ordinance); and
- The preparation of a final plat, subject to the Landis Development Ordinance including any Performance Guarantee(s) required therein.

Permitted Uses. The Property may be used as a Subdivision with uses currently permitted under the “Mixed Use” (MU-2-CZ) zoning district approved for the property by adoption of Ordinance #ZMA-2022-04-11-1, together with any incidental or accessory uses associated therewith.

Open Space and Common Areas. The Property shall be developed such that all regulated designated Common Open Space shall be left undeveloped and that neither street improvements nor residential lot boundary lines shall extend into such areas as they exist on the effective date of this Agreement.

Development of the Property. The Property and the Subdivision may be developed in accordance with the Site Plan and the terms of this Agreement, and the size, placement and configuration of the lots and buildings, common open space, streets and other improvements shall be as depicted on the Site Plan (including the Site Plan as it may be modified pursuant to the terms of this Agreement).

Expansion of Site. Nothing in this Agreement should prevent the Developer from pursuing contiguous expansion of the Subdivision upon compliance with the Town of Landis Development Ordinance, and the terms of this Agreement.

Subdivision of Site. Developer reserves the right to subdivide the site into smaller parcels in accordance with the Landis Development Ordinance. However, the Town and Developer agree that subdivision of the property is not required and the site may be developed as a single parcel. Prior to any reduction to the Property, the Developer shall obtain an amendment of the Site Plan and no change shall reduce the size of the Property without the consent and approval of the Town.

Transportation Improvements. Developer shall install transportation improvements required for the issuance of the driveway permits for the Subdivision as specified by North Carolina Department of Transportation the “NCDOT”).

Access/Infrastructure Road Improvements. Developer represents that the Property will have sufficient access in accordance with the Site Plan referenced in this Development Agreement to adequately provide two-way access into and out of the Subdivision. Developer agrees to coordinate with Town prior to commencing construction of infrastructure and attend a pre-construction meeting with the Town, NCDOT, utility providers, and all affected/interested utilities. Construction plans shall indicate grades and details sufficient to determine compliance with all applicable standards and specifications. Periodic inspections may be conducted without notice by the Town and the Town shall be notified and accommodated for observance of proof rolls upon

preparation of sub-grades following installation of underground infrastructure within any and all roadway right-of-way, existing and/or proposed; and again, following preparation of base materials prior to paving material placement. The Developer agrees to dedicate any and all public right-of-way improvements in/of the Subdivision to the Town.

Law in Effect at Time of the Agreement Governs the Development of the Subdivision. Developer shall have a right to develop the Property and the Subdivision in accordance with the terms of this Agreement and the terms of the Zoning and other Town development regulations as they exist on this Agreement's Effective Date, except that the Property and the Subdivision always will be subject to current Town regulations regulating or limiting impervious surfaces. Pursuant to G.S. 160D-1007, and except as provided in G.S. 160D-108.1, Town may not apply subsequently adopted land development regulations to the Property or the Subdivision during the term of this Agreement without the written consent of Developer, except for regulations regulating or limiting impervious surfaces. Additionally, during this Agreement's term, no development impact fees subsequently adopted by Town shall apply to the Property or to the Subdivision without the written consent of Developer, including any subsequently adopted fees related to adequate public facilities. This Agreement does not abrogate any rights preserved by G.S. 160D-108 or 16D-108.1, or that may vest pursuant to common law or otherwise in the absence of this Agreement. Developer acknowledges and agrees that this Agreement does not concern or limit any County, State, or federal regulations that may apply to the Property or to the Subdivision.

Schedule and Phasing. The Subdivision shall be constructed in a single phase over a **two (2)** year time frame in accordance with LDO Art./Sect. 7.11-1(F) and according to the schedule attached hereto as Exhibit C and incorporated herein by reference. 2. Town Zoning Permits (for site work and individually for each dwelling and/or accessory structure)
3. State Sedimentation and Erosion Control Permit(s)
4. County Building Permits (for each building, dwelling and/or accessory structure)

The failure of this Agreement to address a particular permit, condition, term or restriction does not relieve Developer of the necessity of complying with all Federal, State of North Carolina, Rowan County and Town of Landis laws governing those jurisdictions' respective permitting requirements, conditions, terms or restrictions.

Water and Sewer Fees. Prior to the issuance of zoning clearance permits for each lot and building within the Subdivision, to the extent that the Town provides water and sewer service, Developer shall pay to Town the applicable per-lot or per-building, as applicable, water and sewer tap and/or connection fees in accordance with the Town's then-current schedule of rates and fees.

Periodic Review. Pursuant to G.S. 160D-1008, the Planning, Zoning and Subdivision Administrator or other Town designee shall conduct a periodic review, (the "Periodic Review") at least every 12 months, at which time Developer shall be required to demonstrate good faith compliance with the terms of this Agreement.
