Qualifications for the position:

I am a Lansing resident. I coach multiple soccer teams. I have four daughters who are active in a few activities in Lansing. I have a degree in Food Science, and with that, I worked for MGP Ingredients, making wheat look and taste like meat. Now, I am going back to school to be a teacher in the Lansing School District. I am currently a Substitute Teacher in the Lansing School District, and I make sure the kids know what is happening in the community. I will ask them who registered for Lansing sports. I went to the students' lunch to ensure they were registered for the Lansing sports.

Personal Philosophy of Parks and Recreation Activities:

I really would like to see the community of Lansing grow. That means getting more people to move to Lansing or just come to use our facilities. That also means to develop the youth that we have in activities. I want to do this in a safe helpful environment. I see on my teams and in the schools that the youth struggle with perseverance. Something is just hard, so they quit. I am trying to put a stop to that. They need self-esteem, they need grit. Sports and activities can help with this.

Desired accomplishments as a Board Member.

To be part of a team that reminds the community that youth activities are about the youth.

Also, not going to lie. Make sure that the soccer program can grow. I mean come on we ARE in the Soccer Capital of the United States. We have 6 World Cup games coming to KC. Four groups stage matches. One round of 32. One Quarter-Final match. We are in an area where they are building the FIRST Women's dedicated soccer park in the world. Do you know what that is going on and is doing to the girl's confidence? AMAZING.

Willingness to attend board meetings on the 2nd Thursday of every other month.

Yes, I am willing to attend board meetings.
