# AGENDA ITEM

---

TO: Tim Vandall, City Administrator  
FROM: Jason Crum, Parks and Recreation Director  
Michael W. Spickelmier, Public Works Director  
DATE: January 12, 2023  
SUBJECT: Request to purchase tractor

---

The Parks and Recreation Department and the Public Works Department / Street Department Requested a price for a Bobcat CT5558 Tractor using the Kansas NASPO Grounds Maintenance Equipment Contract. This will be a joint use piece of equipment that would also be available to other departments if needed. After research, we concluded the Bobcat would be the best choice for the City because we would have the ability to use many of the Bobcat attachments that the City already owns. It would not have the capability to run high flow equipment like the asphalt milling attachment. The tractor will come with a front-loader bucket, a rear ballast box and a snow blade. The price is as follows:

<b>K.C. Bobcat</b>	<b>\$54,499.46</b>
--------------------	--------------------

Financial Consideration:

This item is a City Council approved equipment replacement item for 2023. City Council approved \$65,000.00 for the purchase of this item in the 2022 equipment replacement process.

Policy Consideration: N/A

Action: Staff recommends a motion to approve the purchase of a Bobcat 5558 tractor from K.C. Bobcat for \$54,499.46 from account number 80-010-43301 Equipment Reserve.
