Project Summary

Summary

The Applicant proposes to rezone a 112.8-acre tract of land from A-1 to R-4, B-3, and I-2. The property owner is asking for a rezoning in preparation for future development of this property and has also provided a conceptual plan of a potential build-out of the property (see attachments). The Future Land Use Map of the Lansing Comprehensive Plan categorizes this property's usage as Single-Family Residential, Medium Density Residential, and Commercial. The Comprehensive Plan also recognizes and encourages development to occur along the Main Street (Kansas Highway 7) corridor. Development should start along this corridor and spread east and west from that corridor. The rezoning would grant the property owner the ability to subdivide the property in order to market and develop these lots with Commercial, Residential, and Industrial users.

Discussion points from Checklist

The checklist was reviewed and completed by the Director of Community & Economic Development. There are no concerns marked as outstanding, and the application is in order.

Factors to Be Considered

The following factors are to be considered by the Planning Commission and the City Council when approving or disapproving this Rezone request:		
	Met	Not Met
1. Character of the neighborhood <i>Density: Surrounding parcels range in size from 1 acre to 135.2 acres in size.</i> <i>The average size of parcel is 44 acres in size.</i> <i>Character: The neighborhood is dominated by a state highway and most parcels are filled with combined Agricultural and Residential uses.</i>		✓
2. Zoning and uses of nearby property <i>Adjacent Uses: County Residential, Vacant & Agricultural</i> <i>Adjacent Zoning: A-1, B-3, & RR-2.5</i>	✓	
3. Suitability of the Property for the uses to which it has been restricted <i>The Property is suitable for the land uses restricted by A-1 zoning.</i>		✓
4. Extent to which removal of the restrictions will detrimentally affect nearby property <i>Nearby properties could be detrimentally affected if the current zoning were to be amended.</i>		
5. Length of time the property has been vacant as zoned <i>Vacant: <input type="checkbox"/></i> <i>Not Vacant: <input checked="" type="checkbox"/></i>		
6. Relative gain to economic development, public health, safety and welfare <i>The requested rezoning application does have the potential to impact economic development, public health, safety or welfare.</i> <i>In the event of the approval of the rezoning, this will allow the applicant to develop 112.8 acres with a commercial node, options for multiple types of residential development, and industrial-zoned land that would enable a substantial increase in the tax base and productive capability of the City.</i>	✓	
7. Conformance to the Comprehensive Plan <i>Future Land Use Map Category: Single-Family Residential, Medium Density Residential, and Commercial</i> <i>Comprehensive Implementation Strategy (Article 6): The proposed use is partially compatible with the future land use designation.</i>		

Acknowledgments

Staff Comments

Community & Economic Development

The applicant is requesting to rezone this property to enable development of a property that fronts onto Kansas Highway 7 and McIntyre Road (City Arterial) from A-1 – Agricultural District to R-4 – Multi-Family Residential District, B-3 – Regional Business District, and I-2 – Heavy Industrial District.

On the Parcel Exhibit attached, the requested zoning districts are split out and labeled as parcels showing:

Parcel 1: 9.53 acres - B-3 – Regional Business District

Parcel 2A: 23.15 acres - R-4 Multi-Family Residential District

Parcel 2B: 44.47 acres - B-3 – Regional Business District

Parcel 3: 35.61 acres - I-2 – Heavy Industrial District

The rezoning would add a significant increase of developable residential, commercial, and industrial property that the City does not have in its limits at this time.

Fire Department

- A Fire Hydrant is needed near the entrance of Parcel 1 if and when a self-storage facility is developed on-site.

Notice of City Codes

The Property Owner is subject to all applicable City codes within the Municipal Code – whether specifically stated in this report or not – including, but not limited to, Zoning, Buildings and Construction, Subdivisions, and Sign Code. The Property Owner is also subject to all applicable Federal, State, and local laws.

Recommendation

Staff recommends **approval** of Case No. 2025-DEV-001, Delaware Ridge Rezone, at 24132 139th Street.

Action Options

1. If to recommend approval the rezoning application to the City Council:

“I move to recommend approval of Case No. 2025-DEV-001 based on staff’s recommendation and analysis of the Golden Factors.”

2. If to recommend denial of the rezoning application to the City Council:

“I move to recommend denial of Case No. 2025-DEV-001 based on Factor(s) _____ [can be multiple] of the Golden Factors [or name the reason].”

3. If to continue the public hearing to another date, time and place.

“I move to continue the public hearing to the next regularly scheduled Planning Commission meeting [or insert date].”

**PLANNING COMMISSION FEBRUARY
REGULAR MEETING**
Council Chambers, 800 1st Terrace, Lansing, KS 66043
Wednesday, February 19, 2025, at 7:00 PM

MINUTES

CALL TO ORDER

The February regular meeting of the Lansing Planning Commission was called to order by Chairman Jerry Gies at 7:00 p.m.

ROLL CALL / QUORUM ANNOUNCEMENT-

In attendance were Chairman Jerry Gies, Commissioners Ginger Riddle, Richard Hannon, Mike Suozzo and Nancy McDougal. Vice-Chairman Brian Payne, and Commissioner Janette Labbee-Holdeman were not present. Chairman Gies noted that there was a quorum present.

OLD BUSINESS-

1. Approval of Minutes, December 18th, 2024, Regular Meeting

A motion was made by Commissioner Suozzo to approve the minutes as written, and it was seconded by Commissioner Riddle. Motion passed 3-0, with Commissioners McDougal and Suozzo abstaining.

NEW BUSINESS-

1. Case 2024-DEV-007- LCHS Hayslett Rezone

The Applicant proposes to rezone a 0.59-acre portion of the lot located at 114 W Gilman/1104 S Main of land from A-1 –Agricultural District to B-2 – General Business District. The Future Land Use Map of the Lansing Comprehensive Plan categorizes this property as Commercial and Open Space Agriculture. The applicant is proposing to use the property as a continuation of 1024 S Main Street immediately to the north. The applicant is aware that any building activity is subject to review as most of the property is covered by FEMA floodway. The property has access to S Main Street. The rezoning would grant the property owner the ability to utilize the lot as storage for a business.

Crystal Voth representing the applicant, offered to answer any questions. Mr. Delgado would like to expand his existing business. Mr. Gentzler stated that next month we will potentially bring the plat for this property to the body.

The Public Hearing was opened at 7:04 pm, and without any discussion from the public, it was closed at 7:04 pm.

Chairman Gies requested to see the map on the screen for this property as they discussed the zoning of the properties surrounding the parcel, as well as showing the access points.

With no further discussion, a motion was made by Commissioner McDougal to recommend approval of Case 2024-DEV-007 based on staff's recommendation and analysis of the Golden Factors the staff's proposed text amendments and recommend adoption of Case 2024-DEV-007, as amended to the City Council. It was seconded by Commissioner Hannon. Motion passed 5-0.

2. Case 2025-DEV-001- Delaware Ridge Rezone

The Applicant proposes to rezone a 112.8-acre tract of land from A-1 to R-4, B-3, and I-2. The property owner is asking for a rezoning in preparation for future development of this property and has also provided a conceptual plan of a potential build-out of the property (see attachments). The Future Land Use Map of the Lansing Comprehensive Plan categorizes this property's usage as Single-Family Residential, Medium Density Residential, and Commercial. The Comprehensive Plan also recognizes and encourages development to occur along the Main Street (Kansas Highway 7) corridor. Development should start along this corridor and spread east and west from that corridor. The rezoning would grant the property owner the ability to subdivide the property in order to market and develop these lots with Commercial, Residential, and Industrial users.

Chad Schimke, owner, stated that the growth of Lansing will dictate what will happen with this corridor in the future. Any and all phases in the future have to go through the proper process to get approved and that they meet the requirements. There was mention of the possibility of property tax relief in the future. The plan that was submitted is conceptual. There was discussion about who would develop the future plans. Mr. Gentzler explained which parcels on the map are included in the plan concept.

Commissioner McDougal expressed concerns about the residential areas being surrounded by industrial zoning, as well as the potential use for each zone. It was also discussed that it doesn't fit with the area. Mr. Gentzler reminded everyone that anything that is planned in the future to be developed on this land would still have to go through the proper channels, the planning commission and get approved prior to anything being built. Mr. Gentzler also stated that the city of Lansing lacks industrial areas.

The Public Hearing was opened at 7:36 pm.

Speakers include:

- Chad Schimke- Owner- 11710 Kelly Rd. Leavenworth KS
- Jay Healy- GBA- 9801 Renner Blvd.
- April Cromer- 23916 131st St. Leavenworth KS
- Mary Moppin- 13885 McIntyre Rd. Lansing KS
- Paul Cromer- 23916 131st St. Leavenworth KS

There were concerns expressed that the proposed zoning does not match the character of the area and does not conform to the comprehensive plan. There were also concerns about traffic and access, sewer, property values, raise in taxes, etc.

The Public Hearing was closed at 7:45 pm.

Mr. Gentzler reiterated what the vote will be for tonight's meeting, and that it is to rezone the 112.8 acres to B-3, R-4 and I-2. The body will not be voting on any future developments or conceptual plans. There was then discussion about the use of each potential zoning area. City Attorney, Greg Robinson, stated that the body does not necessarily need to consider the conceptual concept because that is not what we are voting on. Mr. Gentzler mentioned that the housing survey that was conducted in the last several months stated that housing is an issue, and the City of Lansing can be proactive with this zoning change. To be able to bring businesses and people into Lansing, we have to have areas zoned for those purposes. Mr. Robinson stated that the City of Lansing spent a lot of money on extending the sewer to McIntyre for the reason to potentially develop the area.

There was a motion to recommend denial of Case 2025-DEV-001 to the city council. That motion failed 2-3. A second motion was made to accept as recommended and that motion died due to not having a second.

Richard Hannon moved to approve the Commercial and Residential rezoning request based off of staff's recommendation and the analysis of the Golden Factors and recommended denial of the Industrial rezoning request based off the request's inconsistency with the "Character of the neighborhood" and the lack of "Conformance to the Comprehensive Plan". Commissioner Suozzo seconded the motion. Motion passed 3-2.

NOTICES AND COMMUNICATIONS-

Mr. Gentzler, Director of Community & Economic Development, mentioned there will be possible amendments at the March Planning Commission meeting, regarding utilities and fiber huts.

REPORTS- Commission and Staff Members- None

ADJOURNMENT-

There was a motion to adjourn by Commissioner McDougal and seconded by Commissioner Riddle. The meeting was adjourned by acclamation at 8:07 pm.

Respectfully submitted,

This only applies to this limited application, further phases will need full TIS for the increased traffic

Project Background

As requested by the City of Lansing, this narrative provides traffic details related to the proposed Lansing Storage Facility. The site is located at 24132 139th Street, in the southeast quadrant of the McIntyre Road and K-7 (US-73) intersection. Currently, the 113-acre property is undeveloped and has a single entrance approximately 1,465 feet east of the K-7 centerline. Based on current City of Lansing zoning, the property is zoned "A-1: Agricultural District". The proposed self-storage facility utilizes approximately 9.5 acres of the property and will require rezoning of the site to "B-3: Regional Business District".

Proposed Conditions

The proposed development includes a self-storage facility to be built in multiple phases. The initial build is proposed to include 49,814 Sq. Ft. of storage space spread across six buildings. Similarly, a future build is proposed to include an additional 36,250 Sq. Ft. of storage space across five buildings. Ultimately, the site is proposed to include 86,064 Sq. Ft. of storage space across eleven buildings. The site plan for the proposed development is provided in **Exhibit A**. The proposed development does not require any new access points and will instead utilize the existing access point on McIntyre Road. Importantly, a new two-lane roadway is proposed to connect the existing access point to the site.

Proposed Trip Generation

Estimates of expected trip generation for the proposed development were based on data provided in the 11th Edition of The Institute of Transportation Engineers' (ITE) "**Trip Generation Manual**." ITE Land Use Code 151 "Mini-Warehouse" was used to model trip generation for the proposed self-storage facility. **Table 1** displays the proposed trip generation for the site.

DESIGN MEMORANDUM

To: Mr. Chad Schimke

From: Chris Novosel, P.E., ENV SP; Trey Bebee, I.E.

Date: January 15, 2025

Subject: Lansing Storage Facility (Lansing, KS)

Project Background

As requested by the City of Lansing, this narrative provides traffic details related to the proposed Lansing Storage Facility. The site is located at 24132 139th Street, in the southeast quadrant of the McIntyre Road and K-7 (US-73) intersection. Currently, the 113-acre property is undeveloped and has a single entrance approximately 1,465 feet east of the K-7 centerline. Based on current City of Lansing zoning, the property is zoned "A-1: Agricultural District". The proposed self-storage facility utilizes approximately 9.5 acres of the property and will require rezoning of the site to "B-3: Regional Business District".

Proposed Conditions

The proposed development includes a self-storage facility to be built in multiple phases. The initial build is proposed to include 49,814 Sq. Ft. of storage space spread across six buildings. Similarly, a future build is proposed to include an additional 36,250 Sq. Ft. of storage space across five buildings. Ultimately, the site is proposed to include 86,064 Sq. Ft. of storage space across eleven buildings. The site plan for the proposed development is provided in **Exhibit A**. The proposed development does not require any new access points and will instead utilize the existing access point on McIntyre Road. Importantly, a new two-lane roadway is proposed to connect the existing access point to the site.

Proposed Trip Generation

Estimates of expected trip generation for the proposed development were based on data provided in the 11th Edition of The Institute of Transportation Engineers' (ITE) "**Trip Generation Manual**." ITE Land Use Code 151 "Mini-Warehouse" was used to model trip generation for the proposed self-storage facility. **Table 1** displays the proposed trip generation for the site.

Table 1. Proposed Trip Generation

ITE Land Use Code	ITE Land Use Code	Quantity	Units	A.M. Peak Hour			P.M. Peak Hour			Weekday ADT (VPD)
				In	Out	Total	In	Out	Total	
151	Mini-Warehouse	49,814	Sq. Ft. (GFA)	3	1	4	4	3	7	72
Initial Build Subtotal				3	1	4	4	3	7	72
151	Mini-Warehouse	36,250	Sq. Ft. (GFA)	2	1	3	3	2	5	53
Future Build Subtotal				2	1	3	3	2	5	53
Full Build Total				5	2	7	7	5	12	125

As shown in **Table 1**, the full build-out of the proposed self-storage facility is expected to generate 7 A.M. Peak Hour, 12 P.M. Peak Hour, and 125 Daily vehicle-trips.

Conclusion

As requested by the Lansing, this narrative was completed to provide details related to the proposed Lansing Self Storage Facility. Based on the conducted trip generation analysis, the proposed facility is expected to generate a relatively low number of trips across the A.M. Peak Hour, P.M. Peak Hour, and Daily periods. Due to such trip generation estimates, it is expected that the proposed self-storage facility will have minimal impacts on the surrounding roadway networks. Therefore, no traffic improvements to the surrounding roadway network are proposed as a result of the proposed self-storage facility.

Re: Delaware Ridge

Joshua,

Below are comments for the proposed Delaware Ridge in Lansing. There may be additional comments as more information becomes available, or conditions change etc... Feel free to contact me with any questions or provide additional information.

Plan Review Comments:

1. The water district has reviewed the plans provided on January 17th, and is providing comments based on the plans provided. We reserve the right to change and/or add additional comments based on additional information.
2. Future development plans, even if conceptual, would be needed to size water mains accordingly.
3. Depending on future development plans and engineers' review, off-site improvements may be necessary.
4. Fire protection requirements/comments will be needed for water main sizing, for current, and future development.
5. Water mains and appurtenances will be constructed outside the right-of-way, in private or utility easements.
6. Any phasing or timing for the development will be needed for scheduling purposes.
7. Any domestic water service connections will follow water district policies in place at the time of connection.
8. Any on-site fire protection requirements will follow our private fire line policies/practices.
9. The facility shall comply with all federal, state, local, and water district backflow prevention and cross control requirements throughout the entire building. The water district shall be provided access to the facility upon request to conduct a backflow prevention inspection.

Respectfully,

Mike Fulkerson
General Manager

We are committed to providing a reliable quality domestic water supply to our customers.
