Qualifications for position:

I am a Lansing resident. I coach multiple soccer teams. I have 4 daughters that are active in a few activities in Lansing. I love the kids. I have Food Science Degree and with that I worked for MGP Ingredients making wheat look and taste like meat. Now, I am going to go back to school to be a teacher in the Lansing School District.

Personal Philosophy of Parks and Recreation Activities:

I really would like to see the community of Lansing grow. That means getting more people to move to Lansing or just come to use our facilities. That also means to grow the youth that we have in activities. I want to do this in a safe helpful environment. I am seeing on my teams and in the schools, the youth are struggling with perseverance. Something is just hard, so they quit. I am trying to put a stop to that. They need self-esteem, they need grit. Sports and activities can help with this.

Desired accomplishments as a Board Member.

To be part of a team that reminds people that youth activities are about the youth.

Also, not going to lie. Make sure that the soccer program can grow. I mean come on we ARE the Soccer Capital of the United States. We have at least one World Cup game coming. We are in an area where they are building the FIRST Women's dedicate soccer park in the world. Do you know what that is going and is doing to the girl's confidences? AMAZING.

Willingness to attend board meetings on the 2nd Thursday of every other month.

Yes I am willing to attend board meetings.
