## A MESSAGE FROM THE DIRECTOR

In November, we were reminded that we have so much to be thankful for. The Mayor's Christmas Tree went up and so many families requested books for their children and we had the privilege of helping with those requests. So many of our patrons stepped up to help out.

We were also the recipient of your generosity. As part of Giving Tuesday, \$175 was raised to support the Dolly Parton Imagination Library program. We currently have 191 children are currently enrolled and 57 have graduated from the program.
