

## **270-xx.x - AGRICULTURE (AG) ZONING DISTRICT**

### **270-x.x: Purpose**

The Agriculture (AG) Zoning District is primarily intended to maintain farming and agricultural lands in the Town of Lansing in accordance with Chapter 133: Farming. Farming reinforces the bucolic quality of life enjoyed by residents of the Town, provides the visual benefit of open space and scenic views, and generates both direct and indirect economic benefits and social well-being within the community.

The AG Zoning District prioritizes and preserves viable agriculture in the Town by providing an area where farm operations are the predominant active land use. The AG Zoning District illustrates the Town's commitment to farming uses as preferred uses in this zoning district and intends to protect existing agricultural areas by limiting residential development; encouraging the continuation of farming as a viable economic activity and way of life; reducing land use conflicts; protecting ecological and natural resources; and conserving open space.

Persons and entities not engaged in farming in the Agriculture (AG) Zoning District should be aware that the primary intention of this Zoning District is to permit lawful farming and farming practices which may generate dust, odor, smoke, noise, and vibration; during growing seasons machinery may be operated at other than daylight hours; certain generally acceptable farming operations may involve the proper use and spraying of herbicides or pesticides, or the spread of nutrients; and acceptable practices in keeping animals may involve odors or noises. To the extent buffer areas may be required, the intention of such buffers is to reduce the potential for disruption to lawful farming uses and to minimize perceived density.

The AG Zoning District has been intentionally mapped to limit expansion of public water or sewer to reduce the economic pressures for development. Accordingly, persons acquiring property in the AG Zoning District should not expect such public services to be extended or provided.
