Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information

Name of Action or Project:

Subdivision of 178 Sweazey Road - Cornell Orchards

Project Location (describe, and attach a location map):

178 Sweazey Road, Town of Lansing, Count of Tompkins, New York - Tax Parcel 23.-1-23.2 (see attached survey map)

Brief Description of Proposed Action:

Cornell University is seeking to subdivide tax Parcel 23.-1-23.2, currently a 98.24 acre parcel, into two large parcels. The net result will be the creation of only 1 new tax parcel. Cornell University has been using the parcel for fruit research, however, they are discontinuing a portion of their research at this location. Accordingly, Cornell is seeking to subdivide the tax parcel, retain 28.66 acres for continued research operations, and divest of the remaining 69.58 acres of land.

As shown on the attached survey map, Cornell will retain Parcels B & D (Parcel B = 21.98 ac & Parcel D = 6.68 ac, TOTAL is 28.66 ac), consisting of research plots/fields, forests, barn(s), and shed(s). The newly created tax parcel is shown on the attached survey map as Parcels A & C (Parcel A = 18.72 ac & Parcel C = 50.86 ac, TOTAL is 69.58 ac), consisting of vacant land, open fields, and forests.

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?			
If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			
2. Does the proposed action require a permit, approval or funding from any other government Agency?			
If Yes, list agency(s) name and permit or approval:			
3. a. Total acreage of the site of the proposed action?98.24 acres			
b. Total acreage to be physically disturbed?0acres			
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?	S		
4. Check all land uses that occur on, are adjoining or near the proposed action:			
Urban 🗌 Rural (non-agriculture) 🔲 Industrial 🔲 Commercial 🗹 Reside	ential (suburban)		
Forest Agriculture Aquatic Other(Specify):			
Parkland			

5. Is the proposed action, NO	Y	YES	N/A
a. A permitted use under the zoning regulations?][~	
b. Consistent with the adopted comprehensive plan?] [✓	
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?	N	NO	YES
o. Is the proposed action consistent with the predominant character of the existing built of natural fandscape.			~
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?	N	NO	YES
If Yes, identify:	- [~	
	- N	NO	YES
8. a. Will the proposed action result in a substantial increase in traffic above present levels?	Ī	~	
b. Are public transportation services available at or near the site of the proposed action?			
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?	Ē	~	
9. Does the proposed action meet or exceed the state energy code requirements?	N	NO	YES
If the proposed action will exceed requirements, describe design features and technologies:			
<u>N/A</u>	- [
	-		
10. Will the proposed action connect to an existing public/private water supply?	N	NO	YES
If No, describe method for providing potable water:			
N/A			
	-		
11. Will the proposed action connect to existing wastewater utilities?	N	NO	YES
If No, describe method for providing wastewater treatment:			
	- L		
12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district	N	NO	YES
which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the		~	
State Register of Historic Places?			
	Г	~	
b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?		•	
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?		NO	YES
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?			~
	Ŀ	<u>~</u>	
If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:	-		
	-		
	-		

14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:				
Shoreline Forest Agricultural/grasslands Early mid-successional				
Wetland Urban Suburban				
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?		YES		
16. Is the project site located in the 100-year flood plan?		YES		
	~			
17. Will the proposed action create storm water discharge, either from point or non-point sources? If Yes,		YES		
a. Will storm water discharges flow to adjacent properties?				
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)? If Yes, briefly describe:				
18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?If Yes, explain the purpose and size of the impoundment:		YES		
	NO			
49. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?		YES		
If Yes, describe:		\square		
20.Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or	NO	YES		
completed) for hazardous waste? If Yes, describe:
