Good afternoon,

Writing to share an update on the project design. We wanted to make you aware that the driveway layout has been changed. Please see attached scan, Conceptual Site Layout Plan C-101.

In the attached scan you will see that the new driveway layout is highlighted red. The old layout is highlighted yellow. The change in driveway location lessens potential burden on your property line.

A reminder that Delaware River Solar will be at the next Zoning Board meeting on 9/11/2024. If you have any questions before then please reach out, or if you'd like to talk again after the meeting that is welcome.

Thank you,
Melissa

Good afternoon,

My name is Melissa Melko and last night Mollie Messenger and I were in attendance at the ZBA meeting on behalf of Delaware River Solar. Mollie and I strive for open communication with neighbors and we are grateful you took the time to attend the meeting and share your concerns with us when the meeting ended.

The local knowledge on properties is valuable and we invite you to share any other additional details that should be taken into consideration. Thank you for sharing last night.

Our full submittals can be found in full on the towns website under the Zoning Board of Appeals "Agenda Packets". A reminder the next meeting date will be 9/11/2024.

Thank you,
Melissa
