

What is Clean Energy Communities (NYSERDA PON 3982)?

- As part of a statewide effort, CCE Tompkins administers technical assistance contracts for the 8-county Southern Tier.
- Local, dedicated, and knowledgeable Coordinators work with municipalities on local decarbonization and energy efficiency projects such as:
 - Building energy upgrades
 - Streetlight LED conversions
 - EV Charging installation
 - And more!
- Over \$1,000,000 in grant dollars for local projects

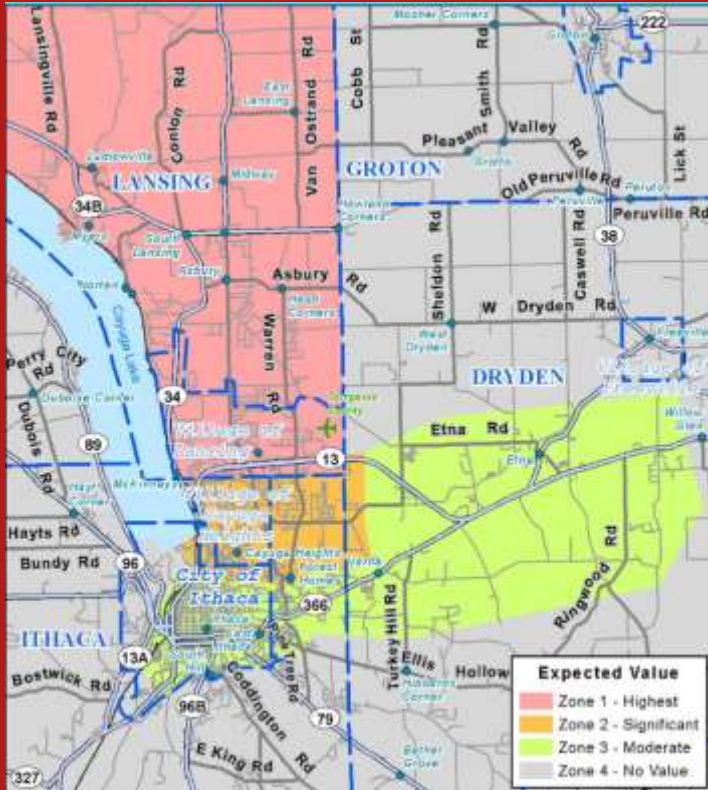

CEC Program Grants

- Lansing Eligible for Points/Grants for Past Actions
 - Between \$20,000-\$85,000
- Important Dates:
 - October 1, 2024 – Grant amounts reduced
 - December 31, 2025 – Last Day to Submit for CEC Points/Grants
