RESOLUTION AMENDING TOWN CODE CHAPTER 206 APPENDIX A, SEWER RULES AND REGULATIONS SECTION A.(3)(a) – SANITARY WASTE PERMIT FEE

The following Resolution was duly presented for consideration by the Town Board:

WHEREAS, the Town of Lansing Code §206-20 states, “Any application, permit, review, or other fees referenced in this chapter may be determined, amended, and periodically updated by the Town Board by resolution. In addition, fee schedules may be developed and approved by resolution to reimburse the Town for the reasonable and anticipated costs incurred in any review, including for public hearings, publication, mailings, title reviews, inspections, dedications, SEQRA reviews, stormwater reviews, legal and engineering (and other professional) consulting, and other incurred expenses of the Town. All such fees and fee schedules shall be reasonable and properly chargeable to the applicant or other person required to pay the same, and all such fees and fee schedules shall be periodically reviewed by the Town Board to ensure reasonableness and legality;” and

WHEREAS, the Water, Sewer, and Stormwater Committee (WSSC) reviewed the current administrative costs associated with issuing a sanitary waste permit, and determined that \$350 is a reasonable amount to cover the cost of two inspections and the other administrative costs, with an additional \$100 per inspection for any additional inspections required; and

WHEREAS, this action is classified as a Type II SEQRA, such that no environmental review is necessary or required; and
