

DEPARTMENT OF PUBLIC WORKS REPORT

October 2026

NEW DEPARTMENT OF PUBLIC WORKS BUILDING:

- Construction of the new Department of Public Works building continues to move forward and is currently on budget.
- Paving is complete along with line striping in the parking lot.
- Water and gas service have been installed.

ROAD WORK AND MAINTENANCE:

- Crews worked at multiple locations throughout the Town to assess and replace culvert pipes as needed. This work includes identifying failing or undersized pipes, removing existing culverts, installing new piping to improve drainage, and restoring the surrounding areas to ensure proper water flow and roadway stability.
- Crews have performed cold milling and hot patching on various roads throughout the Town.
- The Reach Run Drainage Project is 90% complete.

FLEET:

- Town equipment is routinely serviced and maintained to ensure continued reliable operation.
- Dan Schenck and Patrick Nedrow are working through services and repairs on trucks prior to winter.

MS4:

- Mike Moseley continues to work with the Town of Lansing Codes Department, Tompkins County Soil and Water Conservation District and T.G. Miller on SWPPP applications.

WATER MAIN PROJECT:

- The Brickyard Road and Buck Road water main replacement project is currently being pressure tested, and chlorination of the water main is underway.

SEWER:

- The DPW worked with T.G. Miller and NYSEG on new stand-alone generator for Farrell Road pump station.
- Site work for the generator was completed by the DPW, with NYSEG installing the natural gas service and Panko Electric installing the conduit for the electrical panel.

MONOPOLE:

- The DPW has been working with NYSEG on the monopole located at 10 Town Barn Road, coordinating the installation of roadway access, electrical service, fencing, and structural building reinforcements associated with the project.

OFFICE:

- The Town of Lansing continues to work hand in hand with the Village of Lansing and the Village of Cayuga Heights regarding the Intermunicipal Agreement for Sewer District One.

MEETINGS ATTENDED BY THE HIGHWAY SUPERINTENDENT/DIRECTOR OF PUBLIC WORKS:

- The Highway Superintendent attended the New York State Association of Town Superintendents of Highways: *The New York State Association of Town Superintendents of Highways (NYSAOTSOH) is the largest transportation association in New York, representing over 1,100 local highway officials to support safe and efficient town road operations.*
