To: Lansing Town Board

From: C.J. Randall, Director of Planning

Date: October 12, 2022

Business: Rural Agriculture (RA) Zoning District Update

Town Board Meeting Date: October 19, 2022

The Town of Lansing is currently considering amendments to §270 (Zoning) of the Town Code to include the recommended text and map amendments to the existing Rural Agriculture (RA) Zoning District and creation of a new Agriculture (AG) Zoning District, based on the prior work of the Town's Agriculture and Farmland Protection Committee and Planning Board in 2019 and in accordance with the Code Revision Committee's February 3, 2022 memorandum and the Town Board directive M22-07, passed on February 16, 2022.

This Preliminary Draft represents the best professional opinions of the members of the Town's Code Revision Committee for how the Town of Lansing can meet the goals laid out in the 2018 Comprehensive Plan and the 2015 Agriculture and Farmland Plan with amended zoning. The Preliminary Draft was unanimously recommended by the Code Revision Committee on October 6, 2022.
