DATE: September 21, 2026
RE: Study Session

Volunteer Request & Approval Program

Edits have been made to this draft program based on the September 14 Study Session. The purpose of this item is to continue the conversation related to this potential program and determine if any other areas should be addressed before formal approval consideration.

Proclamation Procedures

Based on the September 14 Study Session, edits have been made to Sections E & F of the proposed proclamation procedures for your consideration. The purpose of this item is to continue the conversation related to this policy update and address any additional changes before formal approval consideration.

Newsletter Promotion

The Communications & Engagement Committee is currently developing a draft Communications Plan for the City and would like to obtain Council feedback on one specific section to potentially implement that before the rest of the plan is finalized. The Committee is seeking direction on what types of information and events should be eligible for promotion through the City's e-newsletter. The current draft would limit promotion to City-sponsored or City-partnered events, while allowing events hosted by governmental or nongovernmental organizations that are not City partners to be promoted when the event aligns with City objectives and policies. Private or commercial promotions would not be eligible for City promotion, even when a private or commercial event is being held at a City facility.

Regular Meeting Agenda Items

Holding item if time permits and the Council has general questions regarding items on the regular meeting agenda.
