**COUNCIL COMMUNICATION:**

**TO:** Mayor Garrett and City Council Members

**FROM:** Susan Montenegro, City Administrator

**DATE:** March 6, 2023

**RE:** Communications Plan

A Communications Plan defines the strategy used to disseminate information quickly and establish a clearly defined method that is easy to follow. Mayor Garret has asked to have this added to the agenda going forward until an effective communications plan is developed.

To start the discussion, I've attached an example of a communication strategy chart from the City of Hudsonville. The chart outlines various events, level of urgency, audience, and identifies who is responsible for forwarding those communications. While this is a starting point, it does offer some help in determining the flow of communication.
