Public Comments

At the last meeting, the mayor repeatedly asked if Lathrup could not issue cannabis business licenses and be protected legally. Can Lathrup please be direct and let us all know if the adopted ordinance changes to allow cannabis businesses are sincere or if this is a complete farce in attempt to derail a ballot initiative to allow the citizens of Lathrup to decide. We don't want to have our time and money wasted on the city or mayor directing the city clerk to not issue licenses approved in your ordinance

Public Comments

As a lifelong resident of Lathrup Village I can't recall a time when City Hall was so distrusted. The decisions that have been made and the direction this city is going is disgraceful. It seems a handful of oligarchs have taken it upon themselves to drive this once peaceful and beautiful bedroom community into their vision of what?! What's the plan? Dispensaries? Liquor Stores? Pawn Shops? These businesses bring with them a reputation. Is this the reputation Lathrup Village wants? No. We'd rather be a community known for healing, not dealing. Whoever thought this was a good idea needs to be fired. This issue needs to be tabled until the residents get their say.

VETTING

Apparently the council did not VET Dawn Medley very thoroughly!

Did they ask about the job she was getting in the State of New York?

Why did they accept her application, then vote to accept her for the position when they knew she was moving to New York?

RESCIND

The Council should immediately rescind her appointment to the position.

How can she effectively represent the residents of Lathrup Village from the State of New York?

I am for having marijuana dispensaries in our town for the benefit of tax revenue. Having a storefront will not be nearly as bad as some may think...and I highly recommend anyone who has not been to a dispensary to visit one to see how professional, organized, friendly and helpful the staff is and how they can help with products that
