Re: PETITION OF THE RESIDENTS OF LATHRUP VILLAGE

This petition was put together by a group of residents that believe that something as important as allowing marijuana establishments within our city limits should be put before our community for a vote.

Between July 10th and July 20th, fourteen Lathrup Village residents canvassed 42 streets in Lathrup Village collecting 440 signatures from people that also believe that any proposed ordinance changes to allow for marijuana establishments should be approved or rejected by Lathrup Village voters.

In our canvassing, we found that the majority of residents we spoke with were unaware of the proposed changes. After learning about the proposed changes, the large majority of residents we found at home were against marijuana establishments opening in Lathrup Village. We were able to collect 440 signatures in only 10 days. With more time, we believe our numbers would be much higher.

Based on our many conversations, the majority of Lathrup Village residents are NOT in support of two marijuana dispensaries and other marijuana-related establishments opening in Lathrup Village. It is important that this issue is put on the ballot so that the people that live in Lathrup Village can determine whether or not marijuana-related establishments will contribute to the quality of our lives and our community.

LIST OF CIRCULATORS

The people listed below – all Lathrup Village residents - circulated the "PETITION OF THE RESIDENTS OF LATHRUP VILLAGE" from July 10, 2021, through July 20, 2021. Every circulator signed each petition page that they circulated that states that each signature was signed in their presence. The number of signatures per petition is listed on each page above the circulator's signature and their total is listed below.
