INTRODUCTION

Main Street Oakland County Awards

The Awards

Each community has had impactful people, projects and/or events that have shaped their downtown and given it renewed direction over the last year. Whether it be the individual who continues to lead the charge using the Main Street model as the focus of keeping downtown businesses open; the saving of a historic building that the community rallied behind; an event that grew from 10 attendees to 1,000; or a development that improved the long-term economic outlook of the downtown. Each award in this catalog represents the Four Main Street pillars: Design, Economic Vitality, Promotion, and/or Organization.

Winning a MSOC award brings prestige to your downtown and allows your community to take a bow highlighting the value of the work being done. In every category, winners will receive a custom-made plaque with a handcrafted tile from Pewabic Pottery, plus recognition in Oakland County's post award press release and social media.

- Winning could also mean additional dollars for your budget with the Spirit of Main Street Award sponsored by Genisys Credit Union.
- Each award description and eligibility requirements are detailed on the following pages. MSOC may award more than one winner for each category if it is deemed appropriate by the judging committees.
- MSOC designated districts may apply for only one award per category, for a total of 11 possible awards.

Submissions

All submissions will be made to MSOC via an online awards submittal form available at MainStreetOaklandCounty.com

Please enter one nomination per form. Enter community name, nomination name, etc. using this form. Select the award category from the pulldown menu. Nominations for additional categories can be submitted using the same online form/link.

Deadline

Extensions

There are no extensions to the deadline — no exceptions. Late entries will not be accepted, so please start early.

Award Judging

Award judges are professionals and experts in the field but may be from across the state or even out of state. Therefore, it is important to assume the judges are not familiar with your community and/or project so please be thorough and detailed with your submittals.

Helpful Tips

- Do not assume that the judges know your community or project.
- When reviewing the specific award criteria, think of ways that you can communicate why your nominee qualifies for the award.
- Be specific and provide short descriptions or bullet points highlighting the impact the individual or project has had on your Main Street program or community.
- Pictures are worth a thousand words; so, include high-quality photos where available to offer insight on the impact of your nomination/nominee. Good 'before' and 'after' photos are critical for the judges to make better evaluations — especially for physical project submissions such as façades, streetscapes or placemaking.
- Have a third party who is not familiar with the project, program, or individual read and review the content.
- Scan in (vs. using links) press clippings, letters of support, awards or other items that substantiate the reason you have made the specific nomination.
