

MEMORANDUM

To: Council

Department: Administration

Date: June 12, 2025

Subject: Consideration of Youth art in the park

BACKGROUND

Parks and Recreation Commissioners have expressed interest in incorporating youth art into the park.

DISCUSSION

We have explored ways to feature youth art in the park and identified rock gardens as a creative option. This could be an enjoyable and engaging activity for families and children. The designated area would be around the tree where our park gnome lives. Each visit to the park would allow them to find and enjoy their personal contributions. Next Steps Once determined, we will share the information on our website and Facebook page to inform and invite families to participate.
