

What the applicant requested

A Specific Use Permit (SUP) to allow for a new permitted use not currently in existence in our code of ordinances per Sec. 38-303. - Classification of new and unlisted uses being known as botanicals and smoke shop

What our code says:

Sec. 38-303. - Classification of new and unlisted uses.

It is recognized that new or unlisted types of land use will develop and forms of land use not anticipated may seek to locate in the city. In order to provide for such changes and contingencies, a determination as to the appropriate classification of any new or unlisted form of land use shall be made as follows:

(1) The administrative official shall refer the question concerning any new or unlisted use to the planning and zoning commission and city council for review and approval of a specific use permit. (2) The specific use permit application shall be accompanied by a statement of facts, provided by the applicant, listing the nature of the use and whether it involves dwelling activity, sales, processing, type of product, storage and amount and nature thereof, enclosed or open storage, anticipated employment, transportation requirements, the amount of noise, odor, fumes, dust, toxic material, and vibration likely to be generated and the general requirements for public utilities such as water and sanitary sewer.

(3) The planning and zoning commission and city council shall consider the nature and described performance of the proposed use and its compatibility with the uses permitted in the various districts, in determining the zoning district or districts within which such use should be permitted.

(4) It is recognized that the permitted use chart may require amendment, from time to time, to allow for uses that were otherwise not permitted. In the event an amendment to the permitted use chart is required, the procedure for the amendment shall be the same as required for an amendment to the text of the ordinance from which this chapter is derived.

What state law says:

Sec. 443.003. LOCAL REGULATION PROHIBITED.

A municipality, county, or other political subdivision of this state may not enact, adopt, or enforce a rule, ordinance, order, resolution, or other regulation that prohibits the processing of hemp or the manufacturing or sale of a consumable hemp product as authorized by this chapter. Added by Acts 2019, 86th Leg., R.S., Ch. 764 (H.B. 1325), Sec. 7, eff. June 10, 2019. HB 1325 2019 <https://legiscan.com/TX/bill/HB1325/2019>

Notes from Bryce:

After reviewing HB 1325 from the 86th legislative session (2019) and the associated chapters of the Texas Agriculture Code (Ch.122) and Texas Health and Safety Code (Ch.443), the city cannot prohibit the sale of hemp or consumable hemp products. However, the City can regulate the location of this land use within the city limits through the City's zoning authority just like any other commercial enterprise/ land use.

Below, for your information, I have identified the applicable regulations from the Texas Agriculture Code (Ch.122) and Texas Health and Safety Code (Ch.443) for municipalities related to the sale of hemp products (including CBD):

Texas Agriculture Code Chapter 122 Cultivation of Hemp: • Sec. 122.002 LOCAL REGULATION PROHIBITED. A municipality, county, or other political subdivision of this state may not enact, adopt, or enforce a rule, ordinance, order, resolution, or other regulation that prohibits the cultivation, handling, transportation, or sale of hemp as authorized by this chapter. • Sec. 122.001 Definitions - "Hemp" has the meaning assigned by Section 121.001. • Sec. 121.001 Definition. In this chapter, "hemp" means the plant *Cannabis sativa* L. and any part of that plant, including the seeds of the plant and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis. 188 Section 5, Item A.

Texas Health and Safety Code Chapter 443 Manufacture, Distribution, and Sale of Consumable Hemp Products: • Sec. 443.003. LOCAL REGULATION PROHIBITED. A municipality, county, or other political subdivision of this state may not enact, adopt, or enforce a rule, ordinance, order, resolution, or other regulation that prohibits the processing of hemp or the manufacturing or sale of a consumable hemp product as authorized by this chapter. • Sec. 443.001. DEFINITIONS. (1) "Consumable hemp product" means food, a drug, a device, or a cosmetic, as those terms are defined by Section 431.002, that contains hemp or one or more hemp-derived cannabinoids, including cannabidiol. • Sec. 443.001. DEFINITIONS. (5) "Hemp" has the meaning assigned by Section 121.001, Agriculture Code.

I also will note that per Texas Health and Safety Code Sec.443.2025 a retailer of consumable hemp products must be registered with the Department of State Health Services.

ARTICLE VI. - SMOKE SHOPS AND TOBACCO STORES Sec. 19-541. - Purpose.

The regulation of smoke shops and tobacco stores is necessary and in the interests of the public health, safety and general welfare because there is the substantial likelihood of the establishment and operation of smoke shops and tobacco stores in the City of New Boston. The expansion of smoke shops and tobacco stores in the city would result in undesirable impacts to the community. Among these impacts are increased potential for tobacco sales to minors, greater opportunity for the sale of illegal drug paraphernalia that is marketed as tobacco paraphernalia, and heightened risk of negative aesthetic impacts, blight, and loss of property values of residential neighborhoods and businesses in close proximity to such uses. This chapter contains good zoning and planning practices to address such negative impacts of smoke shops and tobacco stores while providing a reasonable number of locations and zones for such shops/stores to locate within the City of New Boston. (Ord. No. 16-O-11, § 1, 9-20-16) 189 Section 5, Item A.

Sec. 19-542. - Definitions. Ancillary sale means where a grocery store, supermarket, convenience store or similar market uses no more than two (2) percent of its gross floor area, or two hundred (200) square feet, whichever is less, for the display, sale, distribution, delivery, offering, furnishing, or marketing of conventional cigars, cigarettes or tobacco. For any grocery store, convenience market, retail kiosk or similar use consisting of two hundred fifty (250) square feet or less, "ancillary sale" shall mean where no more than five (5) square feet are used for the display, sale, distribution, delivery, offering, and furnishing, or marketing of conventional cigars, cigarettes or tobacco. E-cigarette means any electronically actuated device or inhaler meant to simulate cigarette smoking that uses a heating element to vaporize a liquid solution. Popularly referred to as "juice," and that causes the user to exhale any smoke, vapor, or substance other than that produced by unenhanced human exhalation. The juice used in e-cigarettes typically contains nicotine, and for this reason e-cigarettes and their juice can be classified as both tobacco products and tobacco paraphernalia. Smoke shop and tobacco store mean any premises dedicated to the display, sale, distribution, delivery, offering, furnishing, or marketing of tobacco, tobacco products, or tobacco paraphernalia; provided, however, that any grocery store, supermarket, convenience store or similar retail use that only sells conventional cigars, cigarettes or tobacco as an ancillary sale shall not be defined as a "smoke shop and tobacco store" and shall not be subject to the restrictions in this chapter. Tobacco means any preparation of the nicotine-rich leaves of the tobacco plant, which are cured by a process of drying and fermentation for use in smoking, chewing, absorbing, dissolving, inhaling, sorting, sniffing, or ingesting by any other means into the body. Tobacco paraphernalia means any paraphernalia, equipment, device, or instrument that is primarily designed or manufactured for the smoking, chewing, absorbing, dissolving, inhaling, snorting, sniffing, or ingesting by any other means into the body of tobacco, tobacco products, or other controlled substances as defined in Texas Health and Safety Code. Items or devices classified as tobacco paraphernalia include, but are not limited to, the following: pipes, punctured metal bowls, bongs, water bongs, electric pipes, e-cigarettes. E-cigarette juice, buzz bombs, vaporizers, hookahs, and devices for holding burning material. Lighters and matches shall be excluded from the definition of tobacco paraphernalia. Tobacco product means any product in leaf, flake, plug, liquid, or any other form, containing nicotine derived from the tobacco plant, or otherwise derived, which is

intended to enable human consumption of the tobacco or nicotine in the product, whether smoked, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested 190 Section 5, Item A. by any other means. For the purposes of this chapter, the term "tobacco product" excludes any product that has been specifically approved by the United States Food and Drug Administration (FDA) for sale as a tobacco/smoking cessation product or for other medical purposes, where such product is marketed and sold solely for such an approved purpose. (Ord. No. 16-O-11, § 2, 9-20-16)

Sec. 19-543. - Zoning and land use standards. (a) Zoning and land use standards for smoke shops and tobacco stores shall be as follows: (1) Smoke shops and tobacco stores shall not be located within three hundred (300) feet, measured property line to property line, from a school (public or private), family day care home, child care facility, and youth center, community center, recreational facility, park, church or religious institution, hospital, or other similar uses where children regularly gather. (2) Smoke shops and tobacco stores shall not be located within one thousand (1,000) feet, measured property line to property line, from another smoke shop and tobacco store. (3) It is unlawful for a smoke shop and tobacco store to knowingly allow or permit a minor, not accompanied by his or her parent or legal guardian, to enter or remain within any smoke shop and tobacco store. (4) Smoke shops and tobacco stores shall post clear signage stating that minors may not enter the premises unless accompanied by a parent or legal guardian. At least one (1) such sign shall be placed in a conspicuous location near each public entrance to the smoke shop and tobacco store. It shall be unlawful for a smoke shop and tobacco store to fail to display and maintain, or fail to cause to be displayed or maintained, such signage. (b) 191 Section 5, Item A. Standard conditions of smoke shop and tobacco stores at minimum shall include the following: (1) No smoking shall be permitted on the premises at any time. (2) No sales may be solicited or conducted on the premises by minors. (3) No self-service tobacco, tobacco product, or tobacco paraphernalia displays shall be permitted. Each item displayed shall be deemed as a separate violation. (4) No distribution of free or low-cost tobacco, tobacco products or tobacco paraphernalia, as well as coupons for said items, shall be permitted. (c) Smoke shops and tobacco stores that are legally existing on the effective date of the ordinance codified in this chapter may continue to operate as legal nonconforming uses in accordance with this chapter. However, any change or expansion of the legal nonconforming use may require compliance with this chapter. (Ord. No. 16-O-11, § 3, 9-20-16)

Sec. 19-544. - Penalty. Any violation of this article shall be considered a class C misdemeanor, and is punishable by a fine of not less than one hundred dollars (\$100.00) nor more than five hundred dollars (\$500.00).
