

# Rate For Seniors

The current rate for seniors is \$21.04 with recycling and \$16.21 without recycling. Without our fee the rate will be \$19.13 with recycling and \$14.74 without recycling.

We have not had any seniors contact us to give up recycling. Should we keep offering this since we are going to change the rates?

We have also emailed Jason again to see if we would be able to move our number up anymore to lessen the loss.

Jason stopped by 10/02/2024 he is willing to work with us on the number of seniors. However, he is afraid that if we offer it to all seniors that we will end up with every household having a senior.

We recommend that the senior must already be the person or the spouse on the account in the system and must provide proof of age to be changed to the senior rate. As for new customers, do we want to offer the rate when they come in to fill out the application or only if they ask for the senior rate at that time?
