

Magnolias on a Sweet Breeze

A proposal for a Community Mural
near Georgia Gwinnett College by Angela Bortone

A little about me

I'm a Dominican - Italian artist living in Atlanta, making murals, and scenic painting since 2019 with a BFA from Georgia State University.

Local Influences

My design is inspired by the nature and serenity of Alexander Park & some absolutely massive magnolia flowers I saw there, (pictured above with my daughter for scale) while my husband played disc golf.

Artist Statement

My mural, entitled “Magnolias on a Sweet Breeze” is about the calming yet invigorating quality of carefully observing nature and taking in the present moment.

Inspired by the multifunctional appeal of our parks — places designed for movement & meditation where community to come together. In a limited color palette of greens and blues, this design is will add color to the heavily cemented lot near Georgia Gwinnett College.

Approach to Community Painting

- Set up for success, a simple “paint by numbers” format.
- Give people a few options
- This is supposed to be fun, there are no mistakes.

Thank you for your consideration!
