D. Miscellaneous Provisions

This zoning classification will contain provisions for green space areas for common benefit of the community to be maintained by a homeowner's association. The zoning district shall be considered through individual rezoning applications where water supply and sewage facilities are available or can be obtained and where there is convenient access to collector streets, major thoroughfares, or state and interstate highways. A complete detailed site plan shall be submitted with each application showing, among other things, open space and recreational amenities. Such application shall also include additional information, such as architectural renderings and restrictive covenant controls to be used by the Planning Commission and the City of Lawrenceville to determine if a proposed project is in the interest of the health, safety, and welfare of the community for which it is proposed.

E. Mandatory Homeowners Association, Minimum Restrictive Covenant Requirements:

As part of the planning process for the development of a subdivision, the developer shall propose at the time of the request for development a Homeowners Association to be attached to the development of the property. The Homeowners Association shall be recorded in the deed records of the Superior Court of Gwinnett County either as written restrictive covenants or on the plat for development of the subdivision.

F. Protective Covenant

The development shall have a mandatory community association(s) to provide maintenance for all common areas (including the maintenance of landscaping within internal rights-of-way and immediately adjacent external rights-of-way) and enforce reasonable and customary property maintenance standards through covenants on all residences within the community. The covenants, conditions, and restrictions that will be recorded with the City prior to the issuance of the first building permit. The covenants will run for 20 years and automatically renew every 20 years unless 51% of the persons owning lots in the subdivision vote to terminate the covenants as governed by O.C.G.A. 44-5-60. Subject to applicable City, local, and federal rules, laws, regulations, and rulings of courts having competent jurisdiction over the subject property, said covenants shall include a restriction that no more than 10% of the one-family units (with an additional 5% hardship) may be leased to third parties by individual owners.

G. Green Space -

Every RS-50 INF one-family residential development consisting of more than six (6) buildable lots shall be required to construct an area of public green space within the confines of the development. The minimum green space required shall be 15% of the total acreage of the project excluding 50% of the 100-year flood plain and wetland areas. The green space shall be designed and constructed pursuant to the following regulations:

1. Contiguous green space is encouraged. Green space that is across a right of way shall not be counted towards the required amount.
2. All green space must be at least thirty (30) feet of width to be considered in the calculations.
3. The green space must be commonly owned by all the residents of the subdivision. The developer shall establish a homeowner's association for the purpose of transferring title to the green space at the time development begins on the subdivision.
4. The green space shall be constructed as part of the first phase of development.
5. The green space shall be passive except for walking trails which may be constructed therein. Active recreation areas, including swimming pools, tennis courts, basketball courts, clubhouses, and other recreational amenities may not be constructed in the green space.
6. All green space shall be undisturbed, until after the final plat has been approved and recorded.

H. Utility Restrictions

All utilities shall be located underground.
