Summary: The Arts Commission recently convened to evaluate the four finalists for the Community Mural project near Georgia Gwinnett College. While all the artists submitted compelling proposals, the Commission unanimously recommended moving forward with Angela Bortone. Her proposal, "*Magnolias on a Sweet Breeze*," aligns exceptionally well with the Call for Art and her extensive experience in managing community murals. This mural will be placed on the highly textured wall along 316 Highway, managed by the Georgia Department of Transportation.
