- \* 62 referrals were received via the ReCAST referral platform, Pokket
- \* 31 residents registered to receive help from BWG
- \* 28 Lawrenceville residents became active program participants and received services like coaching, resume prep, interview practice, career assessment, and connections with both employers and resources.
- \* 28 participants from Lawrenceville reported finding employment by February 2025
- \* Two (2) new organizations started collaborating with GCO due to the grant: Waste Management in October 2024 and Klean Girl with a Bucket in February 2025.

Additionally, Carolina shared two significant stories of participant impact. For more information on the BWG success stories, visit <https://tinyurl.com/3sc7459x>.

### ReCAST General Program Update

Program Manager, Marcus Thorne, provided updates regarding:

- \* Sustainability -- ReCAST grant funding appears stable for the remainder of this grant year (ending in September 2026) and into next year, the fifth and final year of SAMHSA's committed funding. *Note:* SAMHSA stands for the Substance Abuse & Mental Health Services Administration and is a Health & Human Services sub-department.
- \* ReCAST Event Planning & Participation -- Board members offered helpful suggestions to increase training attendance, including broadening outreach to qualifying participants. *Note:* SAMHSA has specified which professions count toward grant deliverables for this training category (WD2); named professions qualify. For more information regarding WD2, view this link <https://tinyurl.com/ywzz7wtx>.
- \* Appointment & Onboarding of New ReCAST Board Members -- New members Lovetta Lewis, Marie Lafalaise, and Teonna Dorsey were welcomed to this first board meeting
- \* Mental Health Question Inclusion -- Marcus shared that sub-recipient partners Georgia Center for Opportunity and Impact46 have begun including a mental health support question in their respective intake applications, increasing collaboration and inter-organizational referrals to behavioral health sub-recipient View Point Health. View Point provided the language for this question; the language promises to reduce and/or remove the stigma related to seeking mental health support.
- \* Continuation Award -- the annual application for continuing grant funding in ReCAST Year 5 was submitted on time.
- \* SAMHSA Visit—Program Director Dr. Edward Valentin and Program Manager Marcus Thorne have been invited, along with key grant personnel from other ReCAST cities, to an in-person meeting in Rockville, MD, in April.
