## PROPOSAL MURAL PAINTING FOR THE CITY OF LAWRENCEVILLE

### STREET WALL INTERSECTION

Here we have 2 walls intersections close to the Lawrenceville Bloom, to continue in the same spirit I am proposing the above ideas

Pike Street law wall.

Intersection -Jackson &Crogan st-

**Here we go**

Inspiration for that wall:

The wall starts yellow as the sun and ends Blue, like Lawrenceville Bloom, to indicate the direction of the sun, name of the painting: "A new day".

For this wall, it is the continuation right of Lawrenceville Blooms, and that's why I am adding it to it birds flying with flowers, a way to continue the theme. The birds (as the previous mural Lawrenceville Blooms) are from different color that represent multicultural and diversity of the city population; and birds also represent happiness, freedom and hope.

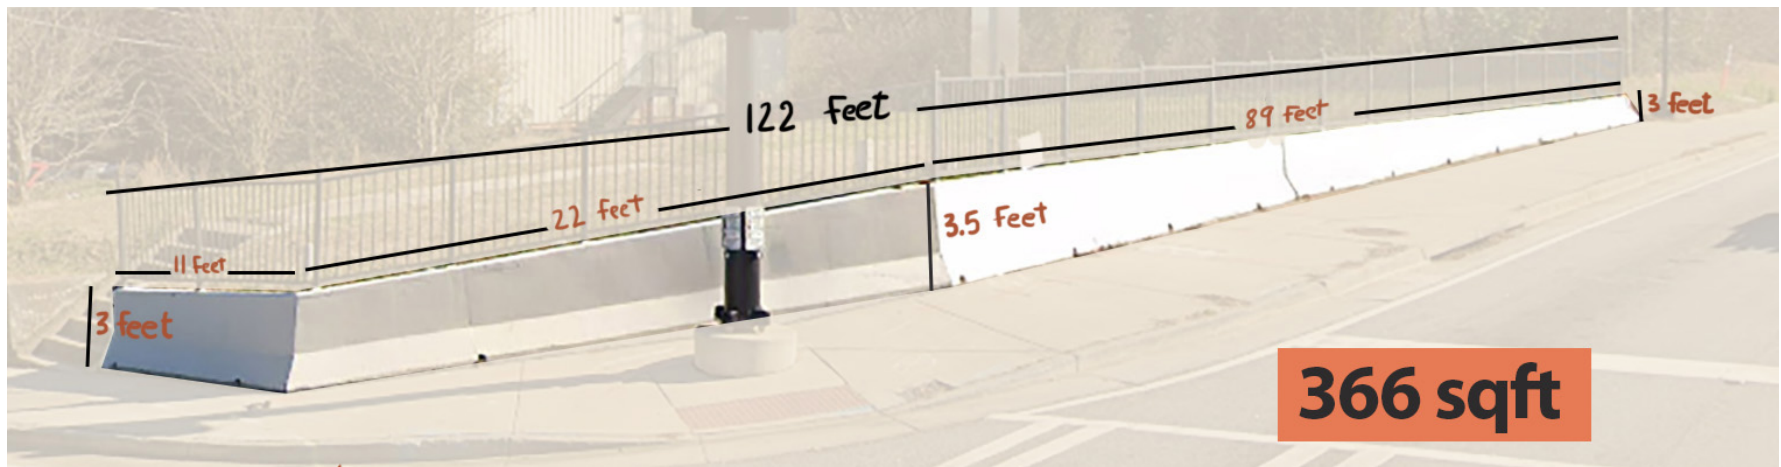

We will have 3 murals in that intersection:

A NEW DAY - LAWRENCEVILLE BLOOMS - IN BETWEEN FEATHERS.

Measurement of the walls:
