Presented By: Madison Smith; City Engineer, Stormwater Coordinator

Action Requested: None

Summary: Hussey Gay Bell (HGB) was contracted to develop a Stormwater Master Plan (SMP). The purpose of the SMP is to develop a blueprint for the City to address current and future stormwater maintenance obligations. Also, the SMP will identify future stormwater investment needs and propose funding options. The SMP will be utilized to actively address repairs and projects, as well as anticipate budgetary expenses. As the SMP was already presented to the Stormwater Utility Authority, this presentation is to provide a summary of the SMP and explain how the City intends to utilize the information provided.
