## MEMORANDUM

### *Police Department*

To: City Council  
From: Chief Frank Stevenson  
Subject: September Monthly Report

Date: September 30, 2025

- For September 2025, the Patrol Division had approximately 1,585 calls for service, made 72 arrests, conducted 326 traffic stops, wrote 105 traffic citations and wrote 131 case reports.
- We currently have one opening for a Communications Specialist and one opening for a Police Officer remaining. Panel interviews for the dispatcher position will be conducted this week.
- Detectives Unit staff members were active this month. They were assigned five (5) new cases and were able to close two (2) cases. They conducted extensive follow-up on several involved cases and reviewed 52 incoming referrals from DHS during the past month.
- Community Services staff members Albanese and Johnson, along with members of the patrol teams, continue to conduct extra patrols within our parks system to assist in reducing unwanted activities (ordinance violations and trespassing) and provide outreach. A focus remains in place on all parks, especially Ralston Park, with a zero-tolerance approach in place to help curb unruly behavior. Staff made approximately 63 contacts during the past month for various reasons, mainly addressing city ordinance violations. Staff also supported the mental health/crisis team members, and provided numerous resources to those in need.
- Community Services staff conducted a sweep of the camps at the old mill site behind Walgreens, and several individuals were verbally advised they needed to move along. The team went back this morning and was joined by C.H.A.N.C.E. of Albany, and resources were offered. This past month staff also spent time in River Park, and addressed some complaints regarding the Park Street Bridge.
- Community Services staff put on another successful 9/11 Day. During this past month, they also attended the first Youth Services Team meeting of the year; YST is a multidisciplinary group of professionals from schools, social services, law enforcement, and community organizations that join to provide integrated, coordinated services tailored to each referred student's needs.
- Community Services staff conducted a distracted driving/cell phone class as part of the diversion program for 14 individuals.
- There were zero use-of-force incidents for September.

**INTEGRITY, PROFESSIONALISM & TEAMWORK**

- We had one incident of NARCAN deployment this month. Officers responded to an unconscious male subject who overdosed on an unknown narcotic; three doses of NARCAN were administered. Medics responded and transported the subject to the Lebanon Hospital.

Please do not hesitate to ask if you have any questions with regard to this summarization.
