I have been the Build Lebanon Trails, Committee Chairperson since its inception in 2005. I serve as BLT's Board President also.

Explain why you are interested in serving in this capacity (attach additional sheet if needed): I believe I understand the City's Parks Master Plan and the City's Strategic Trails Plan more than most people. The reason for this is I was the lead City Staff person on the latest Parks Master Plan revision and during the creation of the Lebanon Strategic Trails Plan. I have a passion for assisting the City in providing the best Parks in Oregon, within our City boundaries. I love the outdoors and understand the value for everyone and the importance of spending time outside. As our community grows and high density housing becomes the norm, the importance of providing free, close to home, access to green open spaces becomes even more important for the mental and physical wellness of our residents and visitors to our community.
