SPONSOR(S): None

PURPOSE & BACKGROUND

The purpose of this item is to consider authorizing the City Manager to approve a proposal for design services for the renovation of the Forest oaks Community Swimming Pool facility.

The City Council asked that a design be developed for the renovation of the Forest Oaks Community Swimming Pool facility. Staff met with the City Engineers and Architect at the site and they have proposed a scope and fee for this service. The proposal will include 3 alternative concepts and will provide plans and graphics to support the design options. The options will be presented to the City Council for consideration and possible approval of a final design.

Fiscal Impact

The cost for this service is \$25,323. Funding will come from the existing Park budget, as the pool management contract will be reduced by not opening the Leon Valley Community Swimming Pool facility.
