**5. Describe the existing system**

Levy County's existing primary E911 system is a Type 4, E911 Intrado Viper call handling equipment with MapFlex mapping display, located in the Levy County Sheriff's Office. This system has been serving Levy County since October 2009. The original system was upgraded in July 2015 and again in December of 2021. Levy County's PSAP consists of 5 positions. The system includes a NICE recorder and Power Metrics is used for MIS.

**6. Describe the scope of work**

Levy County's goal is to ensure our 911 Recorder is covered under 24x7 maintenance contracts for mitigation of failure and software upgrade assurance. The objective includes maintaining the system at the latest revision level for continued operations. Our county 911 coordinator will monitor each deliverable to ensure the tasks performed by the vendor include the following deliverables:

\*Replay Gold Service Includes:

\*24x7 remote tech support from Replay during the annual maintenance period.

- \*On-site Support M-F 8am-5pm
- \*Hardware/replacement parts
- \*Software fixes and in-version upgrades

**7. Justification of the need for the proposed project**

Without these maintenance contracts we would not be able to maintain the E911 system equipment and software in our county. We do not have the technical and maintenance capabilities for the equipment and have to contract these services through vendors with the expertise on maintaining our E911 systems.

**8. Justification of grant funding**

Levy County is requesting the Rural County Grant due to rising costs, reduction of landline phones to collect surcharges on and our small rural population. Levy County's current funding is not sufficient to cover the yearly costs for the CPE equipment and software maintenance. Levy County needs financial assistance to fund this project given that our county's current funding is not sufficient to cover the yearly costs for maintenance.

**9. Project timeline**

**Schedule May 1, 2025- April 30, 2026 Replay support and maintenance, due in May.**

**10. Single or sole source justification, if applicable**

This will be awarded as a non-competitive procurement in compliance with the county's procurement code.
