Subject: 441328-1-54-01/G1G09 - CR347 - Concurrence to Award

Good afternoon!

Please consider this email as **Concurrence to Award** for the widen/resurface exist lanes of CR347(NW 30th Avenue) from US19 to SR500. Below is project specific

information:

SCOP Agreement: **\$1,880,081.76**
Engineer: **North Florida Professional Services**
Contractor: **Anderson Columbia**
CEI: **CHW, Inc.**

Please send me a copy of your contractor's schedule as soon as you have it.

Also, invoices and progress reports need to be submitted at least quarterly to d2.lgp_invoicing@dot.state.fl.us. Please include construction photos when submitting reimbursement requests.

All change orders must be approved by the Department before proceeding with the work. Any project limit changes or change orders will be considered ineligible for reimbursement without appropriate approvals. Change orders should follow your Agency's change order process before sending to FDOT for approval.

Please send documentation of selection of CEI Firm and any subcontractors they plan to use on this project as well as a statement that CCNA was followed.

Prior to the final invoice being submitted, we will need to perform a cursory field review. Our field reviewer will need to go out to inspect once the punch list has been created. Please send me a copy of it along with the CEI contact information so that a field review can be scheduled. Do NOT dismiss Contractor until field review performed by FDOT has been completed and you receive a "Final Project Approval" email from me.

I look forward to seeing this project once it's complete! If you have any questions, please let me know.

Thank you!
